Please list active website URLs and active social media accounts (Facebook, Twitter, Instagram, etc.):	bcluge.ca Facebook: BC Luge Association Instagram: BC Luge Association

What are the membership and participation requirements?	<p>The overall programming for the sport is targeted at youth 8-14 years of age.</p> <p>Anyone can try luge recreationally.</p>
Does the organization have any outstanding debts or other means of funding from the RMOW? If yes, please state the amount and reason:	N/A

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<p><i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i></p>
<p>BCLA is again seeking funding to support our Learn to Luge sessions for the 2022/2023 season. These sessions allow youth interested in trying the sport of luge to attend a training session at the Whistler Sliding Centre, run by a dedicated luge coach, and supported by members of the Board of Directors. Learn to Luge sessions are offered to the public with the intention of growing awareness and participation for the sport. The past 2 season we were not able to run these as planned due to Covid protocols however recently this current season we have begun to offer them again. We have lofty goals for the 2022/23 season to run double the usual number of learn to luge sessions so as to create new momentum and continue to recruit new athletes into the sport of luge.</p> <p>BCLA is the Provincial Sport Organization for luge in BC. We do not receive provincial funding to support our activities. We are seeking CEP funding to continue to grow the luge program to its full potential through advertising, promotion, as well as targeting local schools to increase interest in the sport. Funds will assist in offsetting the costs of organizing the program, making it more affordable and attainable for youth to try to sport.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>Learn to Luge is not new to BCLA but we have had the opportunity to continue further refine the program. We are able to increase the number of sessions offered and to include our existing athletes to help encourage new athletes to sign up. We have had volunteers from our Board of Directors come out to speak with our new athletes and their families to help answer any questions and concerns. We would like to build on our current momentum and continue to develop and grow Learn to Luge programs in the 2022/2023 season.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>Learn to Luge for this season had to be reduced due to Covid. Luge in BC has been surprisingly popular however as we are one of the few sports that has been able to keep operating within the provincial guidelines. Because of this, we have 13 new U12 athletes this season. 2006 / 2010 Olympian Peter Iliev relocated from Bulgaria to become our new head coach, assisted by 2002,2006 Olympian Mark Hatton. BCLA alumni Reid Watts, Natalie Corless and Trinity Ellis all competed in the 2022 Olympic Winter Games in Beijing. All 3 of these athletes have benefitted in some way from the RMOW grant in their careers. Having local Olympians as a legacy of 2010 is of huge benefit to the community.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>

## GRANT INFORMATION (CONTINUED):

<b>5. Grant Request Amounts and Financial Breakdown:</b> <i>Please ensure numbers provided in this table coincide with the required financial documents you provide in your application.</i>			
	Annual Operating Budget	Grant Requested	Provide a brief description of the specific amount requested. (Ex: Products, services, staffing roles, advertising, etc.)
Salaries/contracts:			
General operations:	8250		
One-time project / program:	2533	1000	Promotion of Learn to Luge activity and of the BCLA
Physical assets:			
Rent (RMOW facilities):		N/A	
Rent (other facilities):	5640	3000	Track fees for Learn to Luge and sliding sessions
Other:			
<b>Total</b>	16423 \$	4000 \$	<b>24.3%</b> (Grant request ÷ Annual budget amount)
<i>Reminder: The grant amount requested cannot be more than 50% of the annual operating budget of the organization.</i>			

6. Additional Information:	Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.
<p>After the closure of the Calgary track, Whistler now has the only track in Canada. Pre Covid, we hosted more athletes at our BCLA sanctioned races as result of this and this in turn gave our young athletes the chance to test themselves against new competitors.</p> <p>With the 2021 FIL Luge World Championships in Whistler being cancelled due to Covid, we in turn lost a huge opportunity to promote our sport. As soon as is possible, the FIL will re award the FIL World Championships to Whistler and we must be ready to react. Our athletes, volunteers and officials will all play a part, whether competing, officiating or promoting our sport. It is imperative that we take this opportunity with the most high profile luge event to come to Whistler since 2010.</p> <p>Being Olympic year we are expecting an influx of interest and we must be ready to capitalise on this.</p> <p>Our finances have taken a definite hit over the past 2 seasons and the RMOW grant is a huge help with our operations.</p> <p>Thank you.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <a href="#">Community Performance Indicators</a> (CPI):</p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</p> <p>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></p>
<p><i>Example: This grant addresses the priority of "Enriching Community Life" because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<ol style="list-style-type: none"> <li>1) Both athletes and volunteer officials get a huge sense of belonging and purpose from involvement in our sport.</li> <li>2) During a training session there are often spectators from all over the world. This enhances their resort experience, plus - anyone can try luge.</li> <li>3) All athlete and coach timesheets are now 100% paper free</li> <li>4) BC Luge supports local business wherever possible</li> </ol>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>WMSC serves over 160 athletes between 10 and 20 years of age to reach their goals in ski racing. Our mission is to "Develop Champions in Life and in Sports". Our objective is to create and implement a program and strategies to improve our athletes physical activity, their health and nutrition education, support not only their physical but mental and emotional development in times were COVID-19 and social media have overtaking their lives.</p> <ol style="list-style-type: none"> <li>1) Implementing sport strategies that will help athletes build mastery of skills to apply in their life, like: plan for success, how to face challenges and find solutions. We will address the mental aspect of ski racing with the goal of maximizing focus, awareness, mindfulnesses and performance for athletes and coaches.</li> <li>2) Continue with the integration of our young athletes with the WB Ski school to simplify the pathway into and through programs and the sharing of gear and equipment to benefit the young ski community in Whistler outside of WMSC (Fridays and/or Saturdays skiing with WMSC and Whistler Kids Club; days Ski Up days for all keen skiers in the community to tryout ski racing, Nancy Greene Skills Event and Janyk Cup open to WB Ski School)</li> <li>3) Implementing an outdoor multi-sport summer program to complement the strength and endurance required on the off-snow months to keep our athletes and coaches training locally.</li> <li>4) Providing professional development for WMSC coaches and staff, full and part time, to deliver the above. We partner with Whistler Sport Legacies and ViaSport to host a coaching symposium for certification and professional development for alpine ski coaches to fulfill the National Coaching Certification Program</li> </ol> <p>We have seen measurable results in our approach, the skills set we instill into our athletes has taken them to the next level; 2 of BC Alpine Team are WMSC athletes. BC Alpine Coach, Morgan Pridy, is a WMSC Alumni. 8 of the Canadian Alpine team are WMSC alumni and Coaches Mark Tilston, Nick Cooper and Conrad Pridy are from WMSC as well. We have recruited former athletes to Coach the young generations. These same skills are then put into other snow sports: Ski Cross, Down Hill, free style. And more rewarding to what we do, we are one of the few sports in the Resort Municipality of Whistler that produces Olympians!</p> <p>Our proposal requests \$30,000 in funding to increase the level of staff training that we provide our coaches to equip the Whistler Mountain Ski Club with the knowledge to deliver the right skills to our athletes.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
No, it is a continuation of our 2017 Plan   Attraction, development and retention of Ski Coaches.	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>We are still operating under some of the COVID-19 restrictions and being able to retain a strong active membership. We strive on keeping athletes engaged and creating healthy and active lifestyles. Our athletes are representing their schools in the high performance teams and being role models for the rest of the schoolmates. We are the only avenue for your skiers to pursue their ski racing dreams.</p> <p>We have been able to host a few races. U16 Coast Zone Race (75 racers) - U14 Coast Zone Race (135 racers) FIS BC Cup and Parsons Memorial DH (80 racers). These races have given the opportunity to the community to come out and volunteer and watch the future generations of ski racing. We are great ambassadors for our Municipality. These races have brought hundreds of competitors and their families to explore and enjoy Whistler.</p> <p>U12 NGSL Skills and Janyk cup (165 racers) - We organize and open these races to other community groups such as WB RDP and ski school to try out ski racing. We also host a Free Ski Up day open to all children in the municipality age 8-12.</p> <p>We were able to retain 4 of our out of town coaches and recruited 5 more that share our values and vision that now call Whistler home.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>BC Gaming Grant \$31,900          2021 Ski Swap \$30,228          Private Sponsorship \$45,000          Spring Fundraising planned TBD          RMOW FE&amp;A village activation grant for Whistler Cup - however this event has been postponed until 2023.          ViaSport Amateur Fund \$293,470</p> <p>No rejected applications</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>1) Specialized Coach Travel Expenses (ongoing - annual costs) -- (Squamish to Whistler and return) \$6888.90 Morgan Wentworth is a regionally certified coach with Skate Canada. She is an essential asset to the club as she is the only coach in the Sea to Sky region with this certification. Her skills in coaching are needed to bring our athletes from the recreational level to the competitive levels. This is an annual, ongoing expense. (124.8km/day x 3days/week x \$0.46/km x 40weeks/season = \$6888.90/season )</p> <p>2) Guest Trainer Coaches (Curtis Schreiber, Gill Harvey) \$4,600 (Coach fee, travel, meals and hotel expenses). This is an exceptional opportunity for our skaters to learn from a specialised jump trainer and a theatre on ice workshop from Gill.</p> <p>3) Club owned uniforms (team jackets and competition dresses) "on loan to skaters" - \$6225 There are 8 competitions (under normal circumstances) per year, where dress and jackets are mandatory to compete. These items are costly and children outgrow the clothing quickly. ** note: we are still using dresses and uniforms for daily practices, and for our simulations, which are ongoing through Covid. The simulations and the assessments are imperative for the skaters to develop their skills, set and meet goals, and to experience skating performances, even though there are no physical competitions due to Covid.</p> <p>4) Ice Summit Registration \$250/coach. The only opportunity for our coaches to access the most relevant level of information to keep our club up to date in the latest techniques, trends and information. Total cost \$500.</p> <p>5) Coach Certification: NCCP (National Coaching Certification Program \$1700 - Regional Certification \$1,000). The Whistler Skating Club WSC operates under the National mandate of Skate Canada and the club must employ professional coaches to deliver all of its programs. WSC would like funding to improve coaches certification levels. Currently we have two coaches who want to pursue further education. This training and certification is vital to the growth of the club.</p> <p>6) 3) CANSKATE SUPPLIES \$2,500 The CanSkate program annually requires badges and ribbons to reward skaters as they progress through the basics of learning to skate. The program also requires other supplies and on-ice learning props. Ipad for registration and daily admin \$1200, CanSkate badges and ribbons = \$2000 CanSkate interactive tools for on ice teaching + \$500Total cost = \$3,700.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>New opportunities to gain specialized and Olympic level instruction through visiting coaches;</p> <p>1. Skater/athlete Development : we are in a remote area, and need to stay connected to experts in skating performance in order to grow and remain competitive through Covid.</p> <p>2. Sustainability: our coaching team needs access to education, new techniques, and to what is happening with colleagues and other skating clubs.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>During the challenges of Covid we have perservered our club and more than doubled our memeber numbers from las year. We have had 2 simultaion events where skaters performed and were assessed. We also had our Starry Nights performance, it was a full show that was able to be watched by close family members. We are very proud that we have been able to maintain regular training sessions for all of our skaters through Covid, and that the club has bonded together to make it all work, followed protocols and communicated with efficiency to keep everybody safe. In summer 2021 we successfully ran our summer skating school for the second year, following Covid protocols, and we managed to continue our off ice core conditioning program and mental health program.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>We are planning to apply for the following grants:</p> <p>BC Community Gaming Grant. Applied \$25,000 and Received \$19,500 in 2021</p> <p>Real Estate Association of Whistler Grant We did not apply in 2021.</p> <p>Whistler Blackcomb Foundation Grant We did not apply in 2021.</p> <p>We also run a major fundraiser evening (Starry Night Performance) where the skaters do a performance and the club volunteers do fundraising activities such as 50/50, silent auctions, and other fund raising opportunities. We did not run the fundraiser event in 2021.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <i>Community Performance Indicators</i> (CPI):</p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</p> <p>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></p>
<p>Example: This grant addresses the priority of "Enriching Community Life" because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</p>	
<ol style="list-style-type: none"> <li>1. Keeping the lives of children in our community engaged, healthy and in pursuit of personal and athletic development through Covid.</li> <li>2. Adding Figure Skating to the Whistlers Olympic Legacy.</li> <li>3. Making use of all eco-friendly options while developing athletic skill.</li> <li>4. Through fund-raising, and grant applications -- looking to reduce cost to parents, making figure skating a viable option for all kids, regardless of economic status.</li> <li>5. Sharing our success with sport in Whistler. Incorporating the "Best Skating Club" motto, inviting specialised coaches to mentor and shape the development of our skaters.</li> </ol> <p>See: <a href="https://www.piquenewsmagazine.com/local-sports/whistler">https://www.piquenewsmagazine.com/local-sports/whistler</a></p>

Please be as concise as possible using the space below.</i>
<p>1) We are seeking funds to purchase 1 new Optimist Sailboat. Our Optimist Sailboats are used every day in our sailing programs for kids age 5-12 yrs. Our "Wet Feet" program for younger kids aged 5-7 and Optimist level 1 program for age 8-12 are both growing. We are in need of another sailboat to be used in those programs. \$5000</p> <p>2) Racing buoys, anchors and rope. We are seeking funding to purchase some inflatable buoys, rope and anchors to be used for the annual youth Sailing regatta ,Wednesday night racing. This equipment will also be used regularly during our summer sailing camps for setting race courses for the more advanced groups Level 2 to Level 5.</p> <p style="margin-left: 40px;"> Anchors \$300  Anchor Line (rope) \$300  5 inflatable buoys \$1400  Total \$2000 </p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
No	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>- Summer Camps for kids &amp; youth were well attended in 2021 despite the ongoing Covid 19 Pandemic. We sold more summer sailing camps last year than ever before, however we had less activity in the spring and fall.</p> <p>- Whistler Sailing provides affordable sailing options to all community members as well as builds a local sailing community. Alta Lake is an excellent venue to learn how to sail. It is a small body of water with reliable winds which is suitable to build confidence for new sailors.</p> <p>- WSA programs focus on learning, team building and sportsmanship.</p> <p>- WSA supports the community by offering quality programming for young kids. The skills learned at Whistler Sailing last a lifetime.</p> <p>- Use of the "Old Youth Hostel" site, ensuring a clean and family orientated park with water access, for the community to share with us. * WSA works in cooperation with RMOW Summer Camps. Camp Breakout and Camp Action Adventure groups. Those programs were canceled due to capacity restrictions from COVID-19, but we hope to offer those programs again in 2022.</p> <p>- Many youth taking part in our program have started volunteer and transitioned into certified and paid Instructors through mentorship.</p>

<p>So far this year we have applied for the Canada Summer Jobs program to help us fund 3 Sailing Instructor positions.</p> <p>Our annual fundraiser takes place in April at a community night at Creekbread restaurant. We hope to be able to host a silent auction and pizza night event in person this year if Covid guidelines allow us to do so.</p> <p>We will be applying for a Community BC Gaming grant this year in May. We received \$15 000 in funding from Bc gaming in 2021</p> <p>We would like apply to the Whistler Blackcomb Foundation this year but at the present time they have not confirmed if they will be accepting our application this year.</p>

<p>1) Enriching community life: WSA is focused on teaching and learning for ages 5-85. Sailing is like riding a bike; it's for life. Access to learning opportunities and lifelong learning is identified as an important aspect of community life in Whistler. Training for employment: 5 coaches on our staff learned how to sail with us by volunteering and training. They are now paid fully certified instructors. WSA offers accredited courses recognized internationally following the Sail Canada Curriculum.</p> <p>2) Enhancing the Resort Experience: WSA is providing an activity/experience that otherwise may not be available. Locals and visitors are welcome to sail with us, and experience the beauty of our resort town from the water.</p> <p>3) Protecting the Environment: Sailing is a green sport, as wind is a renewable resource. We operate with a very small carbon footprint, and we now have 2 electric outboard motors in our fleet of safety boats.</p> <p>4) Ensuring Economic Viability: WSA operates as a non-profit with a responsibly managed budget. WSA operates on RMOW property with a very low impact to the local taxpayer with a net benefit to local residents.</p> <p>5) Partnering for Success: Whistler Sailing has grown organically through a cooperative approach in the community, including support from the RMOW for access to the site and the CEP grant, local businesses for donations at our annual fundraiser and the Whistler Blackcomb Foundation for some of our capital expenditures just to name a few.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
-----------------------------	--

Around the world communities are working to improve the affordability, availability and long-term security of food systems. The localisation of food production and efforts to connect people with opportunities to grow food have emerged as important drivers in improving food security, reducing food-related waste and adapting to the impacts of climate change. Providing easy access to learning opportunities relating to food production and preservation helps build local knowledge and connection.

This grant request is for support to deliver a 4-part learning series focused on food production and food waste reduction. Sessions will be timed to align with the 2022 growing season and planned/existing community initiatives. The sessions would be focused on 4 key topics:

- 1. GROWING FOOD IN WHISTLER** - sharing knowledge on which veggies do well in Whistler's short growing season as well as shaded areas and small spaces. Covering everything from preparing your growing spaces, to planting, to watering, to plant care and harvesting.  
Session 1 Timing: Early Spring.
- 2. COMPOST! THE SECRET SAUCE FOR GREAT VEGGIES** - delivered as an online talk and the opportunity to tour the Sea-to-Sky Soils composting facility. Covering why compost is vital to food production, how to use it at home and why the diversion of unpreventable food waste is an important part of the circular economy.  
Session 2 Timing: Talk in June. Tour in July/August
- 3. FOOD SAVING 101** - an overview of all the ways food can be kept from going to waste through proper storage, freezing, canning, drying, pickling and more.  
Session 3 Timing: August to align with peak harvest and to add value to the Small Steps for Big Moves initiative AWARE designed for the RMOW (August theme is Love Food Hate Waste). Session videos also promoted through waste reduction week (late Oct.).
- 4. SEED SAVING 101** - a deep dive into how to gather and save seeds from different vegetable and fruit species.  
Session 4 Timing: August/September

Sessions would be offered in partnership with Whistler Community Services Society, Whistler Public Library, Sea to Sky Soils, and funders.

This learning series will also provide the opportunity to add value / connect audiences with existing community initiatives including: Love Food Hate Waste, Small Steps for Big Moves, Bear Smart, Waste Reduction Week, GROW Whistler.

AWARE manages Whistler's 4 community garden / greenhouse sites and the Whistler Public Library Seed Library. These existing programs will ensure learning sessions have a ready made audience but the intent is to reach a much broader audience through partner organisations and advertising to the entire community.

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
This is a new workshop series.	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>The Association of Whistler Area Residents for the Environment (AWARE) works to progress community-scale solutions to some of the biggest challenges of our time. Climate Change. Habitat Fragmentation. Biodiversity Loss. Wildlife. Water. Waste.</p> <p>We work independently and with others to connect people with nature, build more sustainable communities and safeguard habitat, biodiversity and wilderness values.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>There are no other grants applied for / anticipated for this project.<sup>4</sup></p> <p>As a registered charity AWARE relies on grant support for community program delivery and core operations. <p>This project performs against many Community Performance Indicators:</p> <p>-&gt; Enriching Community Life - by encouraging time outside to grow food thus improving physical and mental health status, creating a sense of belonging and connection to the land.</p> <p>-&gt; Protecting the Environment - by encouraging individuals to grow food thereby reducing food-related packaging, reducing food waste, reducing food miles for users, and adopting chemical-free practices.</p> <p>-&gt; Partnering for Success - as with all AWARE programs ongoing success is based on partnership. For this program partners include: Sea to Sky Soils, WCSS, Whistler Public Library, funders and more.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>Please see end of this section for how grant will be spent**. As this is the first-time application for a CEP grant for the Whistler Chamber Music Society, some background information may be helpful:</p> <p>The Whistler Chamber Music Society (WCMS) was formed in 2017 to plan and present 5 to 6 live classical music concerts a year in Whistler, enabling local music lovers opportunities to hear quality live classical music throughout the year without travelling to the city. The WCMS contracts accomplished professional classical musicians, playing in a variety of groups, with different instruments; for instance: guitar, piano, strings, brass, wind or voice ensembles, or combinations thereof, of between 2 and 12 musicians. Musicians are encouraged to play a wide selection of classical music, and to chat about their instruments, the pieces they are playing, and their musical lives, making a connection between listeners and performers that is sometimes lacking in classical music concerts. Concerts are held on Sundays, 5pm-6:15pm with no intermission, to allow audience members to attend after daytime activities, and go out to dine in the village or go home for dinner afterwards. The WCMS has found these concerts to be highly appealing to Whistler audiences, and it is gratifying to see concerts well-attended, with many familiar faces, including many of our older residents, in the crowd. The WCMS successfully presented 20 concerts over four years, 2017-2020.</p> <p>Like all live music organizations, the WCMS concerts came to an abrupt halt in early 2020 because of Covid-19. Our last concert was held in March 2020. Sadly, concerts for April 2020 (featuring Touch of Brass), as well as all booked concerts for October, November, and December 2020 plus March and April 2021, had to be cancelled. The WCMS has been on hiatus ever since, waiting for circumstances to change to allow live music once more to be performed for a sizeable audience, keeping in mind that many of our audience members are older and more cautious due to increased vulnerability.</p> <p>The WCMS has decided that the time has come to once more offer live classical music in Whistler. Performers are very keen to play again for audiences, listeners are looking to once more enjoy live music, and the WCMS is eager to offer these opportunities.</p> <p>The WCMS will hold its first concert on March 20, 2022, featuring the Canadian Guitar Quartet, on tour from Montreal, followed by the Dulu Quintet from Vancouver (piano, clarinet, oboe, bassoon and French horn) on May 15th. The WCMS is currently negotiating with performers for concerts in October and November 2022 (the Koerner Trio and piano duet) and has confirmed a 12-member chamber orchestra for a concert in late 2022.</p> <p>**The WCMS is applying for the CEP grant of \$2,000 to apply to performer fees for 2022. The WCMS hires accomplished professional musicians, and believes that performers should be fairly paid. This guarantees a quality music experience for Whistler audiences. Performers fees are the largest expense for the WCMS.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
No. This a resumption of former programming after a hiatus due to Covid-19.	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>The Whistler Chamber Music Society (WCMS) is presenting 5 live classical music concerts in 2022 after a two-year hiatus due to Covid-19, allowing Whistler music lovers to again gather together to listen to a variety of beautiful live classical music right here at home.</p> <p>The WCMS will present the Canadian Guitar Quartet, a classical guitar ensemble on tour from Montreal in a concert on March 20, 2022. The Dulu Quintet, with players from the Vancouver Symphony Orchestra on piano, clarinet, oboe, bassoon and French horn will be featured in a concert on May 15th. The WCMS is currently negotiating with performers for October and November, 2022 concerts (the Koerner Trio and a piano duet) and has confirmed a 12-member chamber orchestra for a concert in late 2022.</p>

<b>Total</b>	<b>\$14,650.00</b>	<b>\$2,000.00</b>	<b>14</b> % <i>(Grant request ÷ Annual budget amount)</i>
<b>Reminder: The grant amount requested cannot be more than 50% of the annual operating budget of the organization.</b>			

<b>6. Additional Information:</b>	<i>Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.</i>
<p>As already noted, The Whistler Chamber Music Society (WCMS) had to abruptly stop presenting live classical music concerts as of April 2020 due to Covid-19. Since then, the WCMS has been waiting for the right circumstances to resume, and has decided that the time is right to restart this year, 2022. The WCMS will be presenting 5 concerts in 2022.</p> <p>As a result of the hiatus, the WCMS does not have a meaningful financial statement for 2021. On the advice of Laura Dendel, CEP Administrator, the WCMS is submitting a proposed budget for 2022.</p> <p>The WCMS is happy to provide any further financial information if requested.</p> <p>Covid-19 has presented many challenges to both local community organizations and businesses as the Public Health Orders have changed over the past two years. This has acutely affected the WCMS, as with all performing arts presenters, whether it is dance, theatre or live music. The landscape, while improved and hopeful, continues to be somewhat uncertain with possible reduced capacities, but the WCMS is enthusiastic and optimistic that the time has come to once more offer live classical music to the locals and visitors of Whistler in 2022.</p> <p>The WCMS would be extremely grateful for the support of the RMOW through the Community Enrichment Program to help bring back classical music to Whistler in 2022.</p>

<p>This grant addresses the priority of "Enriching Community Life" in the following ways:</p> <p>The WCMS live classical music concerts offer opportunities for local residents to gather together in the company of other local music lovers to listen to beautiful classical music, right here where we live. With so many familiar faces in the audience at concerts held pre-Covid, in particular the older residents of Whistler, these concerts invoke a strong sense of community and belonging.</p> <p>The availability of another cultural offering right here in our community—live classical music-- increases resident satisfaction.</p> <p>Friendly informal chat from the performers at concerts, always interesting and informative, is welcoming and appealing to those less familiar with classical music as it offers an educational opportunity. The WCMS quickly realized that Whistlerites enjoy learning as well as listening.</p> <p>The WCMS offers increased volunteer opportunities as all Directors are volunteers, and casual volunteers are plentiful and eager to help at each concert.</p> <p>The grant addresses the priority of "Enhance the Resort Experience" by:</p> <p>The addition of live classical music concerts throughout the year to the cultural offerings of Whistler enriches the cultural landscape for both locals and visitors, and offers another activity to visitors. The Sunday night 5 to 6:15pm concert times (no intermission) are convenient to locals and visitors alike who are looking for an activity after a day on the slopes or trails, and before they head out for dinner in the village.</p>

# WHISTLER CHAMBER MUSIC SOCIETY

Welcome to our 2019 - 2020 Season!

Our concert series offers a unique opportunity for Whistler audiences to enjoy small ensemble performances by some of British Columbia's top classical musicians. In our third season we are excited to offer a variety of chamber music ensembles from duos to quintets with trios and quartets as well. With brass, strings, woodwinds, piano and guitar, there are sure to be instruments for everyone to enjoy. Our 2019 - 2020 concerts will inspire and uplift you.

Join us to experience the rewards that hearing live performances of great music can bring.

# WHISTLER CHAMBER MUSIC SOCIETY

The mission of the Whistler Chamber Music Society is to promote a greater understanding and appreciation of classical chamber music through regular affordable live performances and educational experiences using the talents of professional and emerging musicians based in BC. By bringing high calibre musicians to Whistler, the WCMS seeks to provide local audiences with the opportunity to experience quality chamber music without having to travel elsewhere.

## 2019 - 2020 Season

Sunday October 6th  
**Cascadia Reed Quintet**

*The Cascadia Reed Quintet is a unique ensemble comprised of instruments that use reeds to create sound including oboe, clarinet, saxophone, bass clarinet & bassoon. This blend of timbres lends itself to a variety of musical styles & genres including popular classics & original compositions for the ensemble. The Cascadia Reed Quintet is made up of top woodwind players from the Vancouver, BC area with a collected background in orchestral music, chamber music, world music & jazz.*

Sunday November 17th  
**Borealis String Quartet**

*One of the most dynamic & exciting world-class ensembles of its generation, the Borealis String Quartet has received international critical acclaim as an ensemble praised for its fiery performances, passionate style & refined, musical interpretation. Founded in Vancouver, BC in 2000 & rapidly establishing a stellar reputation, Borealis has toured extensively internationally, performing to sold out audiences in New York, Washington, DC, Los Angeles, San Francisco, Rome, Mainz, Shanghai, Taipei, Beijing, Toronto, Montreal, Ottawa and, of course, their home town of Vancouver.*

Sunday December 8th  
**McGregor - Verdejo Duo**

*The McGregor - Verdejo Duo is a flute and guitar duo known for its exciting and innovative recitals as well as the performers' effortless musical connection. This duo performs many major classical works for flute and guitar as well as a variety of musical genres. These performers are both masters of their instruments elevating flute and guitar to the highest level of virtuosity and artistry. They regularly perform throughout British Columbia and their live performances are filled with energy and passion.*

Sunday March 8th  
**Jumaralis Trio**

*This trio is a chamber music ensemble made up of one clarinet, one cello and one piano. Similar to the classical piano trio, in this ensemble the violin is replaced by the clarinet. The dramatically contrasting qualities of timbre in these instruments offer many musical possibilities with Beethoven being one of the first composers to make use of the somewhat unusual combination. Many other composers followed suit as upon hearing Brahms' Clarinet Trio op.114, his friend and scholar Eusebius Mandyczewski stated: "It is as though the instruments were in love with each other." Clarinetist Julie Begg is joined by cellist Allison Patterson & pianist Martha Brickman to present a concert to be savoured.*

Sunday April 5th  
**A Touch of Brass**

*A Touch of Brass has thrilled, entertained and educated audiences since its formation in 1976. Expert in virtually every style of music, A Touch of Brass is in demand all over British Columbia for both recitals and educational clinics. Individually, the members of the group have equally distinguished careers as performers and teachers. The five members of this ensemble all perform with the Vancouver Opera Orchestra. As freelance musicians, they play with orchestras & chamber ensembles throughout the Vancouver & the province of BC as well as for many of Vancouver's jazz ensembles. Throughout the years, A Touch of Brass has won the hearts of music lovers and every performance is surely a not-to-be-missed experience!*

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
-----------------------------	--

This grant would help pay the wages of the facilitator of this program. The plan for the year is to offer a 2.5 hour playgroup three times a week (Tuesday, Wednesday, Thursday) for nine months a year and for the warm summer months to offer playgroup outdoors in one of the local parks once a week. This would equate to close to 400 hundred hours of playgroup time for Whistler families with young children.

The Whistler Playgroup is not a new activity but it has changed and developed from what it has been in the past. It is now called the CCRR Whistler Playgroup (formally known as The Whistler Parent-tot Program). CCRR (Child Care Resource and Referral) is a provincial program that The Child Care Resource and Referral Program (CCRR) is here to help all parents/guardians and childcare providers in the Corridor. We are making an effort to have a bigger presence in Whistler to offer our services to families.

For parents, we:

- Organize playgroups – a great way to spend a morning.
- Connect you to childcare providers
- Run a lending library with toys, resource boxes, equipment and books
- Help you access the provincial government's Affordable Child Care Benefit

Provide monthly workshops for parents and educators

For childcare providers, we:

- Help you in your decision to become a Registered License Not Required (RLNR) Care Provider (caring for up to two children other than your own) or a Licensed Family Daycare through Vancouver Coastal Health
- Provide monthly workshops for parents and educators
- Provide bi-monthly network meetings
- Publish a quarterly newsletter

Currently, due to the pandemic we have shifted from a 'drop-in' program to a daily sign-up program. We are using the SignUp app for families to sign up the day of the playgroup and limit the amount of attending families to 12 per day.

<https://www.sscs.ca/child-care/child-care-resource-and-referral/ccrr-playgroups/>

Playgroups provide parents with an opportunity to learn from one another, to improve their parenting skills and knowledge about their children's needs, and to develop a strong social support network that they can draw on for emotional and practical support when needed. It really is the modern day 'village'. Children who attend playgroups during early childhood have significantly better child development when they start school. The benefits of playgroup are seen across all domains of child development: physical, social, emotional, language and cognitive development, and communication. This why these programs are so important. But, very briefly:

Early childhood experiences profoundly affect later health, education, and employment outcomes. There is a "window of opportunity" from 0 to 6 when we can get children on a trajectory towards health, education, and employment.

Adverse experiences, like low income, poverty, neglect, and food insecurity, cause developmental delays in children and lead to poor future outcomes. The biggest determining factors on a child's early experiences are their parents or primary caregivers. Many Canadian parents don't have the skills, resources, or knowledge they need to provide those nurturing early experiences. This is an upstream program that reduces the need for more expensive interventions. The purpose of this grant is to support the operation of a playgroup in Whistler for families of young children.

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
No, this is not new	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
As mention previously, playgroups have tremendous benefits for children, caregivers and community, especially as we continue to transition through this pandemic people really need to find ways to connect and find support.	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>Child Care Resource and Referral (CCRR) programs make it easier for families to find and access responsive and inclusive quality licensed and registered child care by providing information, support, resources and referral services to parents and child care providers across the province.</p> <p>The Ministry of Children and Family Development provides funding to CCRRs, which work in partnership with government to improve the accessibility, affordability, and quality of child care in all B.C. communities.</p> <p>Sea to Sky Community Services holds the contract to operate the CCRR program in the Sea to Sky Corridor and we trying to strengthen our presence in Whistler in order to provide these services to the community. So we have partnered the CCRR program with the Whistler Playgroup in order to achieve this goal and enhance early childhood experiences for Whistler families and care providers.</p>

6. Additional Information:	Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.
<p>Canadian children have increasingly delayed development. One measure of child development is the Early Development Instrument (EDI). The instrument measures five core areas of early child development that are known to be good predictors of adult health, education, and social outcomes. Recent figures estimate that the 28% of Canadian children are vulnerable in one or more areas of development when tested in Kindergarten (CIHI, 2022), up from 26% in 2014 (CIHI, 2014). In BC, rates of vulnerability are higher with 34.6% of children starting school with vulnerabilities in one or more areas that are critical to their health—and that trend is increasing (HEPL, 2016).</p> <p>Many children are also facing adverse childhood events that we know lead to developmental delays and poor health. Nearly one in five Canadian children live in poverty (First Call, 2021), with food bank usage—even before the pandemic—in some parts of the country at its all-time highest with a disproportionate number of users being children (Ghoussoub, 2016). One in three Canadian children experiences physical abuse, sexual abuse, exposure to intimate violence, or a combination of these (Boesveld, 2014). The rates of neglect are likely even higher than that (Trocmé, 2005).</p> <p>Child Care Resource and referral (CCRR) through playgroups responds to these issues and others by supporting the most vulnerable families to provide the best environments for their children. Through role modeling and referrals to other services and resources, these playgroups can create a place that families get the guidance and help they need.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>Better at Home services vary from community to community, designed to fit the unique needs of local seniors. In Whistler our priority has been light housekeeping, valuable to our clients who cannot afford the cleaning costs that are unaffordable to those on a lower income. The cost for them is based on a sliding scale determined by their income.</p> <p>Our cleaning contractor attends several homes to provide this service as well as being an appreciated visitor/connection for those who are not able to get out and about in the community themselves. Especially during the Winter and during the pandemic.</p> <p>Our Coordinator continues to reach out into the Community to those who may be in need of our services as well as finding new volunteers. The pandemic has continued to make programming challenging, offering in person presentations or workshops is part of what we do but up to now has not been available. It is important that we start to build that back into our service. It is a great way to bring our program to the attention of residents as well - for both potential clients and their families and for potential volunteers. With the main office at SSCS in Squamish it is important that we make the journey to Whistler to connect with Service Providers and residents.</p> <p>Funding will also be available to provide both local and Corridor wide transportation to clients who need help from volunteers in attending medical appointments. Transportation in the Corridor as well as a lack of a Handidart bus in Whistler leaves seniors in a difficult situation when it comes to getting out and about.</p> <p>The pandemic has again made Better at Home programming challenging, but we remain optimistic that 2022 will see more growth of our services within the community.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
This is an ongoing program.	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>Fortunately, unlike 2020, we did not see any major disruptions in our light housekeeping service this year, obviously relying on Provincial Health to guide us in all health and safety protocols regarding Covid and more recently the variants. Some clients continue to remain mostly at home, our Better at Home staff connect with all clients regularly by phone for a check in and as a resource. We also have volunteers available as 'friendly visitors'.</p> <p>The regular events that we are usually present for are still not available to us (WCSS Health fair, collaborated events with MAC held at the Library) but this will change.</p> <p>We continue to connect with Whistler service providers, seniors advocates and Whistler MAC on a bi monthly zoom meeting to keep up to date on senior activities/issues in the Corridor.</p> <p>Better at home is an ongoing community benefit that sees itself playing an important role in the lives of an ageing Whistler population. Helping seniors stay socially connected and preventing social isolation, especially among those who are most vulnerable.</p>

<p>As in previous applications we identify with the priority of Enriching Community Life. We contribute towards the development of the relationship that a Whistler senior has with their community. Which in turn can support their overall physical, mental and social health.</p> <p>We collaborate with local agencies such as VCH and WCSS to ensure a response to the local needs of individuals. Enabling seniors to remain in their homes as long as possible will add to the strong social fabric within the community, many have lived in Whistler for a very long time and would prefer to remain where their friends and family and community connections are stable. Better at Home improves that sense of belonging and utilizes wonderful resident volunteers to assist in this.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>Funds granted under this application will be used for:</p> <ol style="list-style-type: none"> <li><b>\$1,000.00 for Junior Coaching Program Expenses</b> We would like to resurrect our Junior Coaching Program, which we had to suspend due to COVID restrictions. This program gives swim club athletes (ages 14-16) the opportunity to learn coaching skills under the close supervision of our two Head Coaches and earn an hourly wage while doing so. The Junior Coaches learn valuable lessons about responsibility, respect and responsiveness, which they will carry into their adult lives. Ultimately, the Junior Coaches will have the opportunity to mentor younger swimmers on their own, and the Club will have a pipeline of experienced candidates from which to recruit Assistant Swim Coaches.</li> <li><b>\$1,000.00 for Swim Meet Apparatus Costs</b> The team is in need of a high-quality, competition-approved False-Start System which will positively augment our ability to host successful swim meets in Whistler. This new system will enable the fast release of a recall line, quickly blocking all pool lanes and making swimmers aware of a false start. Up to this point we have been using what equates to a homemade clothesline and donut-style weight system, and it is no longer sufficient for our competitive needs.</li> <li><b>\$1,000.00 for an On-Deck Training Equipment Storage Unit</b> We are looking to purchase a large and secure waterproof unit to store our teams' kickboards, pull-buoys and swim fins on the pool deck at Meadow Park. It would replace our current dilapidated Rubber Maid cabinet that was donated over 10 years ago. The total cost would be approximately \$4,000.00 (including taxes and delivery), with \$3,000.00 of the purchase price being paid for out of our Swim-A-Thon Fundraiser monies.</li> </ol>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
No.	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>This Fall we were able to resume full-capacity training in the pool, and the Sea-to-Sky residents responded with overwhelming interest. We recorded our highest number of Fall registrations ever, with wait lists in almost every category.</p> <p>The large and ever-growing interest in our sport stems from the fact that the general public has embraced its truly unique benefit: it provides a high level of cardio fitness training in a non-impact environment, making it a true lifelong sport, as well as a lifesaving skill.</p> <p>Every day, we hear from the families in our swimming community about how appreciative and grateful they are that their kids are able to continue participating in a sport they love. Giving kids the opportunity to maintain both their physical and mental health in a structured environment is valuable during the best of times, but our families have told us that it has been particularly important to their kids during the COVID-19 pandemic.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>1. BC Community Gaming Grant General Funding: Applied May 2021, received July 2021. \$16,500.00.</p> <p>2. Whistler Blackcomb Foundation Grant Specific Equipment: Half the amount to purchase five competitive track-style swimming start-block toppers for Meadow Park Pool. Applied October 2021, awaiting disbursement. \$4,410.00.</p> <p>3. Whistler SeaWolves Swim Club Annual Swim-A-Thon: Held in November 2021. Our youth swimmers raised a record \$19,068.00. (This event was canceled in 2020 due to COVID).</p> <p>4. <p>After a year and a half of strict social distancing in the pool and on the pool deck, the kids in our program were thrilled to return to our regular sociable team training environment in Fall 2021. Their enthusiasm resulted in a record-breaking fundraising total for our annual Swim-A-Thon. The kids raised an amazing \$19,000, smashing our previous record from 2019 by over \$10,000. Despite the early start for our younger swimmers (6 am on a cold Saturday in November), we had 62 participants aged from 7 to 16 and they swam 10,952 laps in a two-hour period. Collectively, the kids swam 275 km, with one swimmer covering 8.3 km!</p> <p>It is this enthusiasm that encourages local residents—be it neighbors, friends, teachers, parents and the like—to support our team year after year. The funds raised will be used primarily to maintain our fees at the current rates, as well as for new training supplies, multiple intra-squad meets and social events throughout the year, and a new multi-lane electronic timing scoreboard.</p>

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's Community Performance Indicators (CPI):</p> <ol style="list-style-type: none"> <li>1. <p>Example: This grant addresses the priority of "Enriching Community Life" because it improves <u>personal health status</u>, a <u>sense of belonging</u> and increases <u>resident volunteer rates</u>. Specifically, this is because...</p>	
<p>The mission and purpose of the Whistler SeaWolves is to directly enrich the community life of Whistler residents by providing a safe, structured, and professionally designed competitive swim program for youth and adults alike.</p> <p>Swimming is an extremely valuable life skill, as well as a lifetime sport. It offers intense cardio training, and improves personal health while minimizing any forced impact to the body. It is also a very important rehabilitation activity, as well as being an important part of an amateur or high-performance athlete's cross-training program. To address this latter need in the community, we have developed and continue to support a specific training group called Cardio Edge, which allows multi-sport athletes to train with our club for only two days a week, rather than committing to a full-time five-day-a-week competitive practice schedule—specifically addressing Partnering for Success with many of the other sport clubs throughout Whistler.</p> <p>Furthermore, being an indoor sport in a temperature-controlled environment without weather dependencies, swim training can take place year-round, further enriching community life.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>WVQG brings teachers annually to do workshops to increase the quality of quilts and the joy of making quilts to the community. Last year the guild has had the opportunity to bring the teacher to the guild by zoom. We hope this year to do the same by zoom. This will improve sewing techniques, improve quilt making techniques and keep the guild together as a group to connect, get involved in the community. This brings the quilt community together to contribute to the community quilt program for those in need. These skills also are transferred to other sewing of ice bags for the local clinics as well as masks and scrub caps as needed by the clinics.</p> <p>This year we have a teacher who will be teaching sewing techniques and ideas as well as quilting techniques that will aid in completion of quilts and other items for the community.</p> <p>The request for \$2000 will cover teachers course and needed material for the course.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>This will be a new Program for the members of Whistler Valley Quilters Guild. We aim to target the members that wish to learn a new technique and be able to then transfer this skill to the quilts that will be donated to the community for those in need.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>In this past year we have donated 29 quilts 5 to various committies for silent auctions (Audain Museum, Howe Sound Womens Shelter, Search and Rescue, Alzheimers) we had 7 quilts go to the community of Lytton and the rest we dondated to individuals in the immediate community. We had a outstanding 500+ ice bags donated to the Health Clinics, over 200 masks and over 75 scrub caps.</p>

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>Yes, this program is in its first year. Our goal is to introduce at least 30 more children to the sport of field hockey this year and to get up to 50 adult players actively registered as participants. We have fielded expressions of interest and have a list of over 200 names of local adults who are keenly interested in coming back to the sport or learning it for the first time. We aspire to have friendly matches with teams from the city and also to attend non-competitive tournaments in BC as short term goals.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>In the past year, we introduced 24 children to the sport for the first time and the interest by parents indicated that there is an ongoing commitment to continue. We had about 20 adults participate in outdoor drop-in sessions last summer and currently have 15 adults committed to a 10 week indoor session. The passion for the sport is high as it has been missing from the community for several years. We have the opportunity of adding further options of activities in a healthy social environment in the community.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>This is our first application for grant funding so have do not have any grants or rejections yet. We will also be approaching the Whistler Community Foundation, Whistler Blackcomb Foundation and seeking a private sponsor to assist with our expenses and to provide opportunities for players and volunteers.</p>

Whistler Adaptive is requesting \$10,000 to provide much needed bursaries to low income Whistler Residents aged 3 and up to access our sport, therapeutic and recreational programs. Individuals are able to apply for up to \$1000 per year across our four season programming. The bursary covers between 30-75% of a participants' fees in our community based sessions.

Bursary recipients must pass a financial means test and are vetted by a three person Bursary Committee who vote on the funding recommendations of our Athlete Coordinator. Bursary recipients also write a letter of acknowledgement and thanks to our bursary funders.

The bursary funding will also help Whistler Adaptive reach our new strategic goal and key performance indicator of moving our median number of lessons delivered to unique individuals from five in 2022 to eight in 2025.

Some Whistler Residents use Whistler Adaptive programming well over one hundred times a year, which would supported directly through the RMOW funding of Whistler Resident bursaries.

New this year, bursaries will also break down financial barriers to our full day, week long adaptive sport camps for kids in Whistler. The full day camp format slated for every week this summer will not only provide physical literacy and multi-sport activities for children and youth with disabilities or neurodiversities but also provide full day respite for parents as well as the ability to work full days.

Whistler Adaptive expects to receive up to twenty applications from Whistler Residents totalling \$10,000 in bursary funding to be distributed.

Dear Resort Municipality of Whistler,

I would like to thank you for supporting Whistler Adaptive Sports. With your bursary of \$1,000, I will be able to take part in activities with the friends that I have made over the years here in Whistler. In the past, I have skied, biked, hiked, kayaked, canoed, sailed and taken yoga all with WASP. It is an amazing program.

Sincerely,

---

## ORGANIZATION INFORMATION

How many years has the organization existed?	33 years
How many active members/participants does the organization have in the current year?	We do not have members per se. Our programs are available to all Whistler residents and we support thousands of client visits in the areas of Food Security, Mental/Emotional and Financial health.
How many local members does the organization have in the current year?	The vast majority of clients (as mentioned we do not have members) are Whistler residents or employees.
How many overall does the organization have in the current year?	In 2021, WCSC had a total of 15,063 client visits between outreach (6,128 visits) and food security (8,935 local visits) programming.
How many volunteers/executive/staff are required to administer the organization in the current year?	35 staff and 40 volunteers
Age range of participants in the organization:	All ages from young children to seniors
Please list active website URLs and active social media accounts (Facebook, Twitter, Instagram, etc.):	www.mywcsc.org, facebook.com/whistlercommunityservicesociety instagram.com/whistlercommunityservices

What are the membership and participation requirements?	Majority of WCSS programs subsidize financially restricted individuals and families with the exception of our Activate & Connect (+50 Drop In), Outreach Services, Birth, Baby & Beyond, and Pregnancy and Infant Loss Support Group. To access any other program, community members must meet the financial criteria as well as provide proof of residency or employment in Whistler.
Does the organization have any outstanding debts or other means of funding from the RMOW? If yes, please state the amount and reason:	Yes - \$905,702 outstanding on a loan for our building located at 8000 Nesters Road in Whistler.

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>Our Counseling Assistance Program has been set up to assist financially restricted individuals and couples who could benefit from clinical mental and emotional counseling and to learn skills to better manage their mental health and become more resilient. Residents who meet the financial criteria can access a subsidy up to \$70/hour towards 6 hours of counseling. An Outreach worker will review the list of qualified counselors or psychologists with community members to find the best match.</p> <p>Depending on the client's financial situation, WCSS will subsidize a certain amount. Average visit will cost the client \$35-\$50 after the subsidy. After meeting with an outreach worker and making sure the financial &amp; residential criteria are met, the community member is approved for 6 sessions in that same year.</p> <p>Budgeted costs for this program consist of Clinical Counselors' fees that WCSS subsidizes. With the current and ongoing COVID-19 pandemic, the need for counseling assistance remains at the highest demand we have ever seen. The stress and anxiety of the pandemic, compounded with lack of safe and affordable housing along with insecure financial status due to extreme housing costs in Whistler has left many residents feeling the need to seek professional help, in a time of their lives when extra money is not available to them. Additionally many employers lack solid employee assistance programs to help with counseling services. By removing the financial barrier to accessing counseling, we can continue to support and advocate for a healthy community. Currently Vancouver Coastal Health services are at a 4-6 month wait and with the ongoing pandemic this is not expected to change quickly.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
No, Counselling Assistance has been a program for many years.	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>In the calendar year of 2021, WCSS outreach team met with clients a total of 6,128 times, of which 1,644 were first time visits with new clients. Of those clients, on average 26% self identified with being in a state of crisis. The average age of clients are in their 30's which represented 2,598 people in 2021. The primary reasons for people to access our services were emotional support, then financial aid and mental health challenges. Our number one referral for both emotional and mental health is the Counselling assistance program to allow clients access to clinical Counsellors. A total of 135 applications from clients were processed for Counselling Assistance in 2021. It is expected that 2022 will see slightly elevated demand.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>1) Whistler Community Foundation Community Caring Grant application was recently submitted for up to \$4,500 to help cover costs of Counselling Assistance program. Decision pending as of this application.</p> <p>2) Reminder of funding will come from fundraising initiatives and general donations received from the community. May is mental health month and we will build a campaign around this to raise funds for our outreach programs including Counselling Assistance.</p>

<b>Reminder: The grant amount requested cannot be more than 50% of the annual operating budget of the organization.</b>			

6. Additional Information:	Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.
<p>Outreach Workers work closely with community members who face challenges with mental health, financial insecurity, advocacy, physical health and injury, housing, food insecurity, substance use, employment, family/friend relationships, or violence/conflict in relationships. While our outreach workers are well trained and educated sometimes the challenge a client is facing requires professional assistance beyond what our outreach workers are trained for and thus require the specialized services of a certified clinical counselor. Although we have great resources through Vancouver Coastal Health, the average wait time for a person to see a clinical counselor can currently be anywhere between 4-6 months.</p>

<p>This grant addresses the priority of "Enriching Community Life" because it addresses and aims to improve personal health status, resident affordability, resident satisfaction, and a sense of belonging. Our community vital signs reports indicate that residents in higher income brackets were significantly more likely to say they had better mental and physical health compared to residents in lower income brackets.</p> <p>The Counseling Assistance Program specifically provides support to those who are considered low-income financially restricted individuals, couples and families who would like to see a counselor but could not otherwise afford the cost.</p> <p>This program also can improve "Resident affordability" through freeing up funds that can be used towards basic costs such as housing, food, clothing rather than clinical counselor fees. When people feel like they are meeting their basic needs and the community that they live in has accessible resources and services this leads them to form stronger relationships in their communities. Thus, leading to a better sense of belonging.</p>

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>This program is new to Whistler but we have run many similar programs in Vancouver and the Lower Mainland.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>The Yoga Buggy teaches yoga as a set of mind/body tools which instill mindfulness, self-awareness, and increased self-regulation in children. Despite yoga 's many benefits it is currently unavailable to many of the younger members of our communities. We seek to remedy this situation. The Yoga Buggy democratizes yoga by bringing high-quality, low-cost classes to a wider range of children than usually have access to it. We focus on inclusion, diversity, and increasing accessibility and opportunities for those who struggle with learning disabilities, social-emotional issues and/or financial hardship. Our classes, which are taught in a fun, child-friendly way, can help to build attention span, self-regulation, body positivity, confidence, strength, flexibility, balance, resilience, and social-emotional awareness. Clinical studies suggest that yoga contributes to helping children with many of the challenges that face our communities: anxiety, depression, poor fitness and behavioural struggles. In spite of Covid, our team continues to work hard and with great creativity to continue to bring yoga/mindfulness tools to the community. We are especially motivated since the problems that are increasingly presenting in our communities (decreased physical fitness, mental health stress) are supported by a regular yoga/mindfulness practice. We're proud of the over 12,500 hours of yoga we've shared with kid yogis - (2,500 hours in 2021 alone!) and are excited to double that in coming years.</p>

6. Additional Information:	Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.
<p>The Yoga Buggy teaches yoga as a set of mind/body tools which support mindfulness, self-awareness, and increased self-regulation in children. Despite yoga's many benefits it is currently unavailable to many of the younger members of our communities. We seek to remedy this situation.</p> <p>Our yoga classes, which are taught in a fun, child-friendly way, can help to build attention span, self-regulation, body positivity, confidence, strength, flexibility, balance, resilience, and social-emotional awareness. Research increasingly shows that yoga and mindfulness tools help children with many of the challenges that face our communities: anxiety, depression, poor fitness, and behavioural struggles. We seek to democratize yoga by bringing it to all children including those with learning disabilities, social-emotional issues and/or financial hardship. We are actively inclusive of all children regardless of sexual orientation, gender identity, and gender expression (LGBTQ2S+); sex; age; ability; race; ethnicity; culture; religion; language; education and income. Our classes frequently explore the themes of celebrating diversity, respecting everyone, and body positivity.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <a href="#">Community Performance Indicators (CPI)</a>:</p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</p> <p>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></p>
<p><i>Example: This grant addresses the priority of "Enriching Community Life" because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<p><b>1. Enriching Community Life</b> Yoga Buggy classes and resources are an opportunity for fitness, calm, fun and positive social interaction. Studies show that some of the fastest rising challenges for children today are challenges to cognitive functioning, mood disorders like anxiety and depression, and obesity. Yoga is a holistic activity that can improve symptoms of ADHD, anxiety, depression and obesity and yoga and mindfulness have been shown to have generally positive effects on children, mentally, socially, physically and behaviourally.</p> <p><b>2. Enhancing the Resort Experience</b> Providing Accessible Yoga Programming will be yet another wonderful attraction for Whistler to offer to visitors!</p> <p><b>3. Protecting the Environment</b> The Yoga Buggy has hired local teachers in all our locations to minimize the carbon footprint of travel to and from work. We encourage teachers to take non-carbon emitting vehicles when possible.</p> <p><b>4. Ensuring Economic Viability</b> We provide well-paid, meaningful work to 15+ yoga teachers in our communities!</p> <p><b>5. Partnering for Success</b> Since we are a mobile business, The Yoga Buggy partners with local schools, community spaces and municipalities wherever we teach. Here is a short list of partners from our Vancouver Chapter alone. This list expands each semester. Kiwassa Neighbourhood House, Beehaven Child Care, Unity Yoga &amp; Teahouse, Developmental Disabilities Association, multiple YMCA after-school programs, Canucks Autism Network, South Vancouver Neighbourhood House, Chaffey-Burke Elementary School, Lord Byng Community Schools Team, Quilchena Elementary School, Franklin Elementary School, Hillcrest Community Center, Sunset Community Association, Magnussen School, John Oliver Community schools, Trimble After School Care, Thunderbird Elementary School, West Coast Area Girl Guides, Circus Play Cafe, Mount Pleasant Neighbourhood House, Ray-Cam Cooperative Centre, Yoga Spirit &amp; Wellness, Skeena House, Spare Time Clubhouse, Pacifica Treatment Centre, The Lower Mainland Purpose Society for Youth and Families, Kitsilano Neighbourhood House, Little Mountain Neighbourhood House, Sprouting Chefs, Elizabeth Fry Society, Spare Time Society, Strathcona Community Centre.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>The Whistler Institute a registered non-profit society which gained Charitable status in 2018. The organization is focused on facilitating and creating learning opportunities which enhance the Whistler community. An Executive Director (ED) works to fulfill the goals of the business plan. This grant is to support the salary of the sole *permanent member of staff, the ED, who manages the operations of the organization.</p> <p>The core activities of the Executive Director are to:</p> <ul style="list-style-type: none"> <li>- develop a diverse, year-round program of lifelong learning opportunities for local and visiting learners;</li> <li>- network and partner with the Whistler community and educational institutions;</li> <li>- promote learning as pillar of the Whistler brand;</li> <li>- use a 'concierge service model' to connect teachers and students with service providers in Whistler;</li> <li>- create a virtual campus for teachers and students using Whistler's existing infrastructure.</li> </ul> <p>*The ED is supported throughout the year by project/program based Part-Time (PT) employees and contractors and a casual PT Marketing &amp; Community Development Coordinator.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>The Whistler Institute has been developing lifelong learning opportunities for the benefit of the community since 2015. The goals for 2022 are to select and offer a minimum of 6 accredited courses to meet the community education needs identified in the 2021 Labour Workforce Survey, deliver the Indigenous &amp; Intercultural awareness course that was previously delayed as a result of the pandemic, deliver peer support and life skills programs locally, continue to support and advance an ITA Professional Cook Training Program in the S2S region, grow the Global Perspectives speaker series to make international thought leadership accessible to the Whistler community, continue to raise the profile of all educational offerings in the Whistler area, and deliver a concierge service to Higher Education Institutions wishing to offer post-secondary courses in Whistler.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>The planned activities in 2022 will benefit the community in the following ways: Accredited courses provide professional development for local workforce, increase staff retention, remove travel &amp; time cost barriers to post-secondary education, and provide High School graduates local access to Higher Education. The Indigenous cultural awareness and wellness programs will build stronger relationships between Lil'wat and Whistler communities, improve mental wellness in Indigenous communities, and develop the local workforce that will in-turn alleviate the current labour shortage. A local ITA Professional Cook Training Program will expand the local workforce in an area of demand. The 'Global Perspectives' speaker series brings thought leadership to Whistler to engage and inform residents and visitors on global themes that will impact Whistler. Continued concierge service for educators supports sustainable diversification of the local tourism economy and provides professional development, general interest, and accredited education opportunities to local residents and visitors. Promotion of all local educational opportunities through all marketing channels and events will enhance the local community, support local service providers, and assist individuals to achieve their aspirations.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>The Whistler Institute is a registered charity that is funded through program fees and grants, event ticketing and sponsorship, private donors, and foundations. The Whistler Institute currently has five primary revenue sources:</p> <ol style="list-style-type: none"> <li>self-generated service fees and commissions;</li> <li>sponsorships;</li> <li>donations;</li> <li>grants; and</li> <li>event tickets and registration fees.</li> </ol> <p>In 2022 the Whistler Institute is applying to:</p> <p>The Whistler Community Foundation for \$3,000 (application pending)</p> <p>The RMOW's Community Enrichment Program for \$10,000 (application pending)</p>

**Subject: Notification of registration as a charity  
Whistler Learning Centre Society**

Anders I. Ourom,

We are pleased to inform you that Whistler Learning Centre Society meets the requirements for tax-exempt status as a registered charity under the Income Tax Act.

Along with the privileges of registered status come some obligations. This letter includes important information about how a registered charity is required to operate and what it is obligated to do.

**Please take the time to review this information and keep this letter for future reference.**

You should also give a copy of this letter and any enclosed materials to the person responsible for filling out Whistler Learning Centre Society's annual Form T3010, Registered Charity Information Return.

If you have questions, please call our Client Service Section at **1-800-267-2384**.

Yours sincerely,

<p>This grant addresses the priority of "Enriching Community Life" in a number of areas. It improves Satisfaction and Recreational Opportunities and with the scope and diversity of our programming we cater to a wide range of family needs. We have increased Personal Health Status and with Covid-19, our programming has been incredibly important for the health of our community. We rely heavily on volunteer participation and contribute to Resident Volunteer Rates. Finally, Whistler athletes have competed with pride at many competitions across BC and Canada which contributes to a strong Sense of Belonging for our community.</p>

<p>We have 2 projects this year:</p> <p>1. Coach development \$4200</p> <p>With our huge surge in growth this year we brought on 9 new coaches this year (all 20/21 coaches returned). Of those 9 coaches, 5 are former athletes of the club who have all grown up in Whistler or Pemberton. We require these local home-grown coaches to take additional certification courses to be able to coach trampoline and coach inverts on snow.</p> <p>2. Youth Trampoline Drop-in at Blackcomb Water Ramp Facility \$5440</p> <p>Provide local youth a free of charge drop-in trampoline and swimming spot during July and August 1 night per week. This program will provide trampoline coaching for youth to learn acrobatics as well as all them to cool off in the water ramp pool while they wait to jump on trampolines.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>The Youth Trampoline program will be new for this year. Our goals are to provide local youths with supervised and safe programming options in Whistler during the summer months.</p>

<p>The Youth Trampoline Program will enrich Whistler's Community Life by providing a place for youth to learn new skills on trampoline in a progressive and safe way as well as have a supervised place for them to hang out and enjoy what summer has to offer. By offering this program free of charge 1 night per week, we can improve community member's personal health status. Additionally, this program will be great socially as youths are able to socialize while waiting their friends on trampoline. I believe it will greatly improve the sense of belonging metric for youths.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>Whistler Minor Hockey would like apply for the CEP grant to help support and grow our goalie program within our association. Whistler, like other communities are struggling to recruit young goalies, even before the pandemic , there was a shortage of goalies in the Sea to Sky Corridor. In order for our teams to be sustainable, we need to attract and keep goalies registered in our program.</p> <p>Hockey associations across the lower mainland have been sharing best practices that work to help grow interest in the goaltender position. Some of these practices have been 'Quick-Change Goalie Gear' for younger divisions and offering regular goalie clinics at no additional cost to families. This helps with engaging and educating parents to get their buy-in on supporting their children's interest in this position.</p> <p>With this grant ,we hope to purchase 'Quick-Change Goalie Gear and offer goalie development training to help engage our players and keep them within our organization.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
No this is not a new program.	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>WMHA provides a safe, fun and healthy environment for our young athletes. It provides sport to our local children of Whistler as well as Pemberton and Darcy. It encourages a sense of belonging both as a team and as an individual. We have provided this with integrated teams as well as three female teams. This shows that our association is supporting both males and females on the ice which enriches our community life. The more interest we can create in our association the more families will make Whistler their home.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>We have received a Bank of Nova Scotia grant for \$1,000. We will be applying for the BC Gaming Grant for 2022. We have no fund raising scheduled due to covid restrictions.</p> <p>We have not yet applied for the 2022 BC Community Gaming Grant. However in 2021 we received \$47,000 in frunding from the BC Gaming Grant.</p>

6. Additional Information:	Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.
	<p>"If you build it, they will come." Kids are excited to play hockey and to give goalie a try, however with today's equipment it makes it hard to get the equipment on and off during a practice. For years, wannabe goalies have been restricted by the inherent challenges of dressing for the position. After all, there's a lot of gear to put on, and for younger players, getting properly outfitted takes time and a team effort.</p> <p>It also is a huge investment financially for a family, if a child is just 'trying out' this position. WMHA would like to purchase new goalie equipment for our younger age group. This goalie equipment is specifically designed to make it easy for a coach or parent to convert a skater into a goalie. Within one minute, you can have your skater ready to play between the pipes. It is designed to fit over standard player equipment, which makes it easy for the transition. This means more children will be able to rotate thru this position and see if they want to continue playing net. The more children who experience 'saving pucks', the more goalies Whistler Minor Hockey may attract, and the better the association will be.</p> <p>This new equipment would be in conjunction with goalie development. We would provide goalie training to these young athletes at no additional cost. Which is a win /win for the players and the growth of our association. Our intention is to draw in more goalie players and help develop them as goaltenders so that we have years of goalie engagement.</p>

<p>This grant addressed the priority of 'Enriching Community Life' as it encompasses the following indicators: personal health, sense of belonging, resident satisfaction, satisfaction with recreation opportunities, and satisfaction with access to learning opportunities. Whistler Minor hockey allows an avenue for our individuals to stay healthy and it provides a means for exercise. Being on a team sport gives our athletes a sense of belonging and pride. It provides opportunities to both our mixed and female leagues which provides variety to our membership. The more families and their children who enjoy playing and watching hockey, the more likely they are of staying in the Sea to Sky Corridor. Our organization also is able to offer a range of development and coaching to our athletes. By doing this we help to maintain a sustainable membership within our organization.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>The grant will be used to fund part of the payment for our 2022 Writer in Residence author, Anosh Irani. Irani's fee is \$6,000 (Writers Union Standard fee). We kindly request the Community Enrichment Program to cover \$4,500, a portion of the author/mentor's fee.</p> <p>The Whistler Writing Society will take care of all other costs associated with the program, including the author's travel, administration, accommodation and promotion of the program. The CEP grant is important to our local writers because it makes the program affordable to residents in the Sea to Sky Corridor. If provincial health recommendations advise against in-person learning in September &amp; October, we will transition to an online delivery of the program. In 2021 we successfully pivoted to an online program for the Whistler Writer in Residence, which had 12 participants and one guest author/mentor.</p> <p>This year, we plan to include a scholarship position as one of the 12 writer/participants, which will go to a BIPOC writer. We are seeking funding from the Whistler Community Foundation for this spot.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>The program has been running successfully since 2007.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>A two-month Writer in Residence featuring award-winning author Anosh Irani (The Cripple and his Talismans, The Song of Kahunsha, Dahunu Road, The Parcel) will run through September &amp; October. Mr. Irani will work with 12 fiction, creative non-fiction, young adult/children's, playwriting and poetry writers beginning Sep. 6, 2022. The Whistler Writer in Residence provides three one-on-one feedback sessions as well as three group seminars on different aspects of writing craft, writing life and publishing industry. This type of intensive, craft-focused instruction is not available in Whistler except through this program.</p>

<p>We request participants complete feedback forms, and continue to incorporate this information into our programming thereby making it sustainable, flexible and relevant. The grant enables the quality programming to be maintained, while keeping costs affordable and the program accessible to local participants. Our proposed WIR this year, Anosh Irani, was born and brought up in Bombay and moved to Vancouver in 1998. His work has been translated into eleven languages, and he teaches Creative Writing in the World Literature Program at Simon Fraser University, Vancouver. Anosh's works of fiction have been chosen as a finalist for the CBC Radio's Canada Reads, the Ethel Wilson Fiction Prize, Governor General's Literary Award, the Rogers Writers' Trust Fiction Prize, and longlisted for the 2017 DSC Prize for South Asian Literature, and the 2018 Dublin Literary Award.</p> <p>Comments from participants in the 2021 Writer in Residence:</p> <p>~ Joseph has been extremely generous with his one-on-ones. Long submissions. Complete comments. Excellent discussions. I have really benefited from his perspective.</p> <p>~ Loved being reconnected to other writers and spending time talking together about the craft.</p> <p>~ I can not say enough about this fantastic program! This being my first Writers Workshop/Festival had me engaged and excited for each program and mentor session.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p><i>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <a href="#">Community Performance Indicators</a> (CPI):</i></p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p><i>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</i></p> <p><i>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></i></p>
<p><i>Example: This grant addresses the priority of “Enriching Community Life” because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<p>1. The Writer in Residence (WIR) program provides cultural enrichment and learning opportunities for resident writers in our own community, and increases access for residents to high-level Canadian authors and mentors.</p> <p>2. The high-profile WIR guest author also participates in the Whistler Writers Festival, and they are a draw for visitors to Whistler. Some WIR participants go on to publish their own books, enhancing the cultural experience of Whistler. They also become featured writers at the Whistler Writers Festival, participating in their own book launches, presenting on panels and teaching workshops.</p> <p>3. The WIR program means that local writers don't have to travel to an urban centre to study the writing craft, thereby protecting the environment.</p> <p>4. Economic viability is fostered because this program grows the capacity of local writers, which in turn enables them a greater ability to self-support. The program enriches the writing skills of locals, a benefit to Whistler businesses. The WIR recognizes that Whistler can be used as a retreat and place of further development and education for our own literary artists.</p> <p>5. “Partnering for success” opportunities are created by the proposed initiatives, which connect local groups and the Federal government to provide ongoing development and training to writers in our community. Feedback from participants is incorporated into future decision-making for the program.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>The Whistler Waldorf School respectfully requests \$3439.35 to support the purchase of requisite outdoor education equipment intended to help enhance our Outdoor Education program. The primary goal of the WWS Outdoor Education Program is to provide all students with physically, emotionally and socially challenging wilderness experiences. Students participate in a variety of outdoor ed experiences including hiking, camping, paddling, surfing and climbing. The technical skills developed over the course of high school are extensive: camping on challenging surfaces, cooking varied meals with limited tools, canoeing and water rescue skills, assessment of terrain and avalanche danger, weather awareness, bear safety and map reading. First aid in the backcountry, travelling safely on rocky and steep slopes, and creek crossing skills are also studied and practised. In addition to technical skills, students develop soft skills including responsibility, independence, self-discipline, interpersonal skills, courage and leadership.</p> <p>Outdoor education at Whistler Waldorf integrates its academic curriculum into the outdoors. Outdoor classrooms are created in the field and whether it is a botany, geography, astronomy or First Nations history lesson, it is fully experienced by the students. In all lessons, students are encouraged to engage and actively reflect on their roles as stewards of our environment. The WWS Outdoor Education Program is robust and we believe impactful on the adults our students will later become.</p> <p>At present, we lack enough outdoor ed equipment to accommodate all of our students and often rely on parents to loan the school the required equipment necessary to offer these experiences. Working with families' disparate gear is problematic. It can enable discrepancies in students' experiences and pose challenges to ensuring that all gear used by our students adheres to the same technical and safety standards.</p> <p>Our objective is to own class sets of equipment including tents, stoves, stove accessories, tarps, inReach safety devices, snowshoes, and backpacks. Funds for these projects are currently unavailable in our operating budget. As outlined, much of our operating budget is allocated to faculty salaries as we strive to offer a living salary concurrent with Public School salaries. As well, our extensive Tuition Adjustment program allows for accessibility by all families regardless of socio-economic status which is key to our values and allows our student population to be a true reflection of the community. Over 25% of families at WWS (30% students) are granted adjusted tuition rates.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>WWS is a not-for-profit organization that has been a part of the Whistler community for 22 years. In addition to being an Ministry of Education accredited independent school, we are in good standing with the Ministry of Children and Family Development and currently hold two Group Childcare licenses to offer childminding to children aged 30 months to school age.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>WWS provides the community with a financially accessible, experiential and arts based education. Having school choice in Whistler is something that helps students, families and the school system as a whole. While the public system offers a great option for many families, children are unique and a single system might not be optimal for everyone. School choice underpins pluralism in society and allows families to choose a school to best meet the needs of their child and values within the frame of common social values. 42% of our students scored 4 (extending) on the ministry literacy exam compared to 14% province wide and 14% scored extending on the math exam compared to 5% province wide. 100% of our Grade 12 students graduated with honours distinction on their Dogwood diploma. We were also awarded the 2021 BC Childcare Award of Excellence Honourable Mention.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>We fundraise annually. We raised \$60,000 through our school's Annual Give to help support faculty professional development, facilities upgrades, and diversity, equity and inclusion training for teachers. We were the grateful recipient of a grant from Whistler Blackcomb Foundation in 2021 to be used to purchase science equipment for our middle &amp; high school classes and maker space (moveable) tables.</p> <p>We do have continued need for capital purchases for our licensed childcare program (notably a play structure replacement is required at our Spruce Grove location), but we hope to secure funding for that through the Childcare BC Maintenance Fund.</p>

Please list how your organization may improve Community Performance Indicators:

First, please visit [www.whistler.ca/monitoring](http://www.whistler.ca/monitoring) to learn about the five priority areas of Whistler's Community Performance Indicators (CPI):

1. Enriching Community Life
2. Enhancing the Resort Experience
3. Protecting the Environment
4. Ensuring Economic Viability
5. Partnering for Success

Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.

Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at [www.whistler.ca/monitoring](http://www.whistler.ca/monitoring)

**Example:** This grant addresses the priority of "Enriching Community Life" because it improves personal health status, a sense of belonging and increases resident volunteer rates. Specifically, this is because...

This grant addresses the CPI: Protecting the Environment

WWS presents an integrated and holistic curriculum that fosters a deep connection to and understanding of the natural environment, our place within it, and our influences on it. It is our goal to demonstrate to our students how they can be instrumental in understanding and acting upon locally significant environmental issues by integrating environmental stewardship, reverence, respect and gratitude for the environment and nature, into our intentional curriculum from our childminding to Grade 12. We have always had a deep commitment to environmental responsibility and sustainability. We care about our materials that we use in our programs, where they come from and who crafted them. We choose to use natural products (both furnishings, toys, and educational materials such as the items we use in our art classes) that are long lasting, but also recyclable and 100% compostable at the end of their life-cycle.

This grant addresses the CPI: Enriching Community Life

Having a provincially certified independent school in Whistler greatly enriches community life by providing quality programming and a choice in educational options for the residents of Whistler, allowing more families access to the education they desire within our community. Having different models of education in the resort community broadens learning opportunities for the community and opens doors for families from other communities to consider Whistler as a place to relocate. Annually our school attracts 15+ families (approx. 30 children) to our community. These families are looking for a holistic independent education for their children and willing to move permanently to Whistler based on our ability to provide a quality educational option. Likewise, Whistler families continue to be in need of quality childcare and the Whistler Waldorf School provides care for over 40 children. Our school's vision and mission is to provide young children with a nurturing, safe and homelike environment, to support their growth and well-being. Supporting the Whistler Waldorf School helps ensure that the early learning needs of more children in our community are met. The availability of high-quality childcare strengthens families and contributes to the creation of a strong social fabric.

This grant addresses the CPI: Ensuring Economic Viability

Across Canada and across the income spectrum, families are negatively impacted by the lack of available childcare spaces. Inaccessible and unaffordable childcare keeps parents out of the workforce and prevents families from saving money and planning for the future. The presence of accessible childcare is shown to stimulate economic growth by increasing participation in the workforce and therefore spending and tax revenue.<sup>1</sup> As an organization we have opted in to the Child Care Fee Reduction Initiative (CCFRI) which enhances childcare affordability to families. The Whistler Waldorf School believes childcare is essential for a child's development and are committed to compensating our faculty accordingly – we offer our Early Childhood Educators between \$20-25/hour which is higher than industry standard. In addition, WWS employs 36 faculty and staff, creating and maintaining reasonable, professional jobs that diversify our resort community's economy through the support and ongoing development of a lifelong learning culture in Whistler.

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>The Whistler Lakes Conservation Association (WLCA) is in year 2 of its Volunteer Lake Monitoring Program (VLMP) in five Whistler lakes (Alpha, Nita, Alta, Green and Lost). This year WLCA is expanding its monitoring to a more comprehensive program and is requesting a grant of <b>\$5,420</b> from the Community Enrichment Program (CEP) towards the purchase of 4 dissolved oxygen meters for use on the lakes. Dissolved oxygen is an important indicator of water quality.</p> <p>Increasingly, community concerns are growing about the impact of human activity in and around our lakes. The goal of the program is to improve and share knowledge to understand, protect and sustain Whistler lakes. Each year the VLMP monitoring season starts in early April and runs to mid-October. The program has eleven dedicated volunteers, including one program coordinator and ten lake monitors. Sampling trips on each lake are done weekly and take up to 2-3 hours. The data collected is uploaded to the BC Ministry of Environment's (ENV) provincial data base every year and lake quality trends are reported every 3 years. WLCA reports annually on the program's progress.</p> <p>In 2021, WLCA purchased equipment to measure lake clarity and temperature for all 5 lakes. Also, the program was enhanced on Alta Lake by adding in dissolved oxygen (DO) and temperature profiles with the purchase of one DO meter.</p> <p>From 2022 and onward, the more comprehensive program requires a greater volunteer time commitment on the lakes. Securing dedicated DO meters for each lake will boost monitoring capacity and help volunteers maintain efficient field operations. As part of WLCA's long-term monitoring plan, the purchase of this equipment will improve our understanding of lake chemistry and biology and inform public education, stewardship activities and management actions. With climate warming, it is becoming increasingly important to document dissolved oxygen and temperature profiles for lakes.</p> <p>It's been 9-12 years since all the Whistler lakes have been routinely sampled so those historical records will provide a good baseline to compare to present day water quality. A 3-year period of record is required to build on that baseline and detect changes to facilitate long-term lake management. The VLMP data collected will supplement, not duplicate, the data already collected by the Resort Municipality of Whistler (RMOW) and Ministry of Environment. Government agencies simply do not have the resources to routinely sample every lake in the province and, thus, embrace the value of lake stewardship groups like WLCA and others around the province.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>The WLCA VLMP was established in 2021 and its mission is to develop, with partners, a robust monitoring and reporting program that contributes to the long-term health and enjoyment of Whistler Lakes. Short, medium and long term targets include:</p> <ul style="list-style-type: none"> <li>- Purchase 4 additional DO meters to collect dissolved oxygen and temperature profiles for all 5 Whistler Lakes, starting in 2022;</li> <li>- Report annually on program progress and in 2023 water quality reports for each of the 5 Whistler Lakes;</li> <li>- Conduct ongoing review of data to inform future stewardship and management actions (e.g. habitat restoration, reduced erosion, environmentally sensitive construction in/around lakes and foreshore).</li> <li>- Establish Report Cards for each lake, track performance indicators and take appropriate actions to ensure long term health and sustainability of Whistler lakes.</li> </ul>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p><b>2021 Highlights:</b></p> <ul style="list-style-type: none"> <li>- Implementation of a successful 2021 field season with collection of lake clarity, temperature on all 5 lakes plus dissolved oxygen/temperature profiles on Alta Lake</li> <li>- Public education benefits from weekly volunteer presence on the lakes</li> <li>- VLMP lake monitors audited by BC Lake Stewardship Society ensuring data credibility and QA/QC.</li> <li>- VLMP profiled in BC Lake Stewardship Society's <a href="#">Spotlight on Stewardship</a> in Fall 2021</li> <li>- Purchase of DO meter for Alta Lake (cost-shared with Whistler Blackcomb Foundation Environment Fund)</li> <li>- Distribution and promotion of lake stewardship educational materials, webinars, guest speakers</li> <li>- Liaison with RMOW Stewardship and Parks &amp; Trails staff</li> <li>- Participated in annual lake clean up</li> <li>- Established a relationship with the Squamish Lil' Wat Cultural Centre to gather history about original names for places in the area.</li> </ul>

**6. Additional Information:**

*Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.*

**CEP Grant Request**

The CEP grant request of \$5,420 is for monitoring equipment to be used in WLCA's long term monitoring program to improve our understanding of lake chemistry and biology and inform public education, stewardship activities and management actions. This up-front investment will contribute to the long-term health and enjoyment of Whistler lakes.

**Direct Contribution by WLCA and VLMP Volunteers**

The WLCA will directly contribute 558 to 948 volunteer hours / year to the VLMP program from 2022 and ongoing. The program has eleven dedicated volunteers. This includes one program coordinator and 10 lake monitors. Five lakes are sampled every week from mid-April to mid- October. Each weekly sampling trip under the expanded DO/T program is approximately 2-3 hours.

**Other Partners**

WLCA Volunteer Lake Monitoring Program works in partnership with the [BC Lake Stewardship Society](#) (BCLSS), the [Resort Municipality of Whistler](#) (RMOW) and the [BC Ministry of Environment & Climate Change](#) (ENV). BCLSS provides WLCA with training, limited equipment, technical support, data management, funding for laboratory analyses and Quality Assurance/Quality Control audits. RMOW provides technical advice and has placed buoys in the lakes to mark sampling locations. ENV provides technical advice and data analytical and report writing services.

**Implications of CEP not providing funding**

If this application for 2022 CEP funding is not approved, the full implementation of this season's monitoring program will be deferred. The opportunity to collect dissolved oxygen (DO) data on all lakes will be missed and the 3-year reports in 2023 will not include DO trends. Other opportunities for funding partners will be pursued as application windows open.

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <i>Community Performance Indicators</i> (CPI):</p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</p> <p>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></p>
<p><i>Example: This grant addresses the priority of "Enriching Community Life" because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<p>WLCA's vision, mission and stewardship commitment for Whistler lakes align with many of the guiding principles, goals and performance indicators in RMOW's Official Community Plan (*see WLCA Planning &amp; Priorities for 2021-2023 attached to this application).</p> <p>We can't manage what we don't measure. The work of our Volunteer Lake Monitoring Program (VLMP), its dedicated team of volunteers and the acquisition of monitoring equipment from this CEP grant request present a real opportunity to improve several performance indicators (CPIs) in Whistler's five priority areas in the coming years:</p> <ol style="list-style-type: none"> <li><b>1. Enriching Community Life</b> -The data collected by the Whistler Lakes VLMP supplements and is integrated with water data already collected and reported by RMOW and the Province. This coordinated effort allows us to focus on areas of our lakes that need attention. We want the issues on our lakes to be well understood and effectively managed because not doing so may degrade the local environment, affect the livability of our region, compromise Whistler's economy, and even directly impact our personal health.</li> <li><b>2. Enhancing the Resort Experience</b> – In recent years, residents and visitors have noticed changes in the environment of Whistler Lakes including noise, pollution, shoreline erosion, poor boating practices, improper dock construction, and the dumping of koi and goldfish. These changes also negatively impact the lake experience and visitor satisfaction and numbers. A CEP grant will bolster the VLMP's monitoring capacity, ability to observe trends over time and, with our partners, take appropriate preventative or remedial actions to safeguard our lakes. CPIs related to visitor satisfaction and atmosphere should improve.</li> </ol>	

3. **Protecting the Environment** – WLCA has several outreach activities planned for 2022-23 that will help Whistler attain its goal for “residents to understand the importance of the natural environment” including distributing a *How Healthy is My Shoreline Quiz* and *Waterfront Living – The Benefits of Shoreline Care* to all lakeshore residents. Also, the BC Lake Stewardship Society will deliver its LakeKeepers Workshop in Whistler to help us gain a greater understanding of lake ecology and management and increase our local capacity to take care of Whistler lakes.

Enhanced monitoring of dissolved oxygen (DO) and temperature with the purchase of 4 DO meters will give us more insight into the health of our five lakes and inform us where we need to protect sensitive areas and restore areas in the community that have been negatively affected by human activity. This includes “thinking like a watershed” and knowing that what happens on the land affects our water. With this mindset, we can ensure that new land development proceeds in a manner that minimizes impact to our water resources and environment. Improvements in CPIs related to developed footprint and water quality and use should improve.

4. **Ensuring Economic Viability** – WLCA’s aim, with our partners, is to expand freshwater knowledge in Whistler through coordinated and credible community-based monitoring and reporting. A CEP investment of \$5,420 to WLCA’s monitoring effort can only complement the resort community’s priorities regarding tourism and leading the way in its move toward economic and environmental sustainability.
5. **Partnering for Success** – The weekly presence of VLMP volunteers out on the lakes from April to October stirs curiosity from bystanders. By explaining to people what we are doing and why helps them understand the connections between human activities, lakes and watersheds. This builds a stewardship ethic. Our hope is that our actions inspire more people in the community to connect to nature and take responsibility on a personal level for lake stewardship. When people get passionate, involved and better informed they are more likely to provide input to and have more trust in decision-making.

## WHO WE ARE

[WLCA](#) is a registered not for profit society whose mandate is to promote and practice conservation and environmental protection of Whistler lakes.

## OUR VISION

Whistler lakes are healthy, sustainable and valued by all.

## OUR MISSION

As an advocate and voice for Whistler lakes, we work collaboratively with others and act to ensure the long-term health and sustainability of Whistler lakes.

## INDIGENOUS RECOGNITION

We acknowledge that in Whistler we live, work and play on the shared unceded ancestral lands of the Skwxwú7mesh Úxumixw, the people of the Squamish Nation and the ʔíwə7úl, the people of the Lil'Wat Nation. Under their stewardship, the land and lakes have flourished. We are fortunate to learn from their shared cultures and will carry on with the same respect and stewardship of Whistler lakes.

# Whistler Lakes Conservation Association

## Planning & Priorities 2021-23

November 1, 2021

In the last decade many local lakeside residents have noticed changes in the environment of Whistler lakes. Increasingly, we are concerned about the impact of human activity on, in and around the lakes, including improper land development, dock construction, excessive nutrients from fertilized lawns and poor boating practices. Also, it's been over 10 years since all the Whistler lakes have been routinely monitored so there is insufficient data to fully understand the health of the lakes or track changes over time.

More details on issues needing attention are documented on the [WLCA website](#). Although each lake has its unique challenges, a number of issues are common to all five lakes (i.e. Alpha, Nita, Alta, Green and Lost).

## AREAS OF FOCUS

The WLCA Board of Directors has reviewed the priority issues and concerns that WLCA members have identified and continue to bring forward. In setting priorities for 2021-23 the Board has determined the Association's work over the next two years will focus on the following three areas:

WATER QUALITY  
WATER USE  
WATERSHED HEALTH

Goals and actions in each of these areas are outlined below. These are not arranged by priority and related specific tasks or projects under each action will proceed on a realistic timeline based on available resources.

## GOALS AND ACTIONS

**GOAL 1. WATER QUALITY** – Ensure Whistler lakes are healthy and sustainable.

### Accomplishments to date:

- o Participated in annual lake clean ups.
- o Established and implemented year 1 of a Level 1 Volunteer Lake Monitoring Program on 5 Whistler lakes in partnership with BCLSS, RMOW, ENV, WBFEE (see full names of organizations on pg. 2).
- o Established a relationship with the Squamish Lil' Wat Cultural Centre to gather history about original names for places in the area.

### ACTIONS FOR 2021-23:

- ❖ Monitoring and reporting
  - o Expand VLMP to Level 3, adding water chemistry and dissolved oxygen as important indicators of lake health.
  - o In 2023, report out on water quality findings; determine future stewardship and monitoring actions (e.g. stream water chemistry and riparian area assessments).

- ❖ Local and Traditional knowledge - Learn more about the history of the lakes from Squamish & Lil' Wat First Nations and long-time residents.
- ❖ Invasive Species
  - Work with the Sea to Sky Invasive Species Council (SSISC) to stop the dumping of unwanted koi and goldfish in Whistler lakes.
  - Work with Province and SSISC to prevent spread of aquatic invasives in Whistler lakes (e.g. Clean Drain Dry signage, boat wash cleaning stations).

**GOAL 2. WATER USE** – Reduce noise, environmental and safety impacts due to poor boating practices.

### Accomplishments to date:

- Established a relationship and credibility with RMOW through quarterly meetings with Lake Stewardship and Parks and Trails staff.
- Joined the Federal "Decibel Coalition" advocating for change to the rules limiting noise on lakes from motorboats.
- Supported the proposed Vessel Operations Restriction Regulation for Alta Lake.

### ACTIONS FOR 2021-23:

- ❖ Green Lake
  - Work with government agencies and stakeholders to establish a boat launch reservation system.
  - Work with RMOW and partners to restore shoreline erosion caused by excessive wakes.
- ❖ River of Golden Dreams – Work with partners to restore sensitive aquatic habitat.
- ❖ Barges and overnight vessels – Work with government agencies to address safety, environmental and regulatory issues.
- ❖ Docks - work with RMOW and provincial and federal governments on RMOW's Dock Management Strategy.

**GOAL 3. WATERSHED HEALTH** – Minimize the impact of human activity on shorelines, riparian areas and uplands.

### Accomplishments to date:

- Voiced WLCA position to RMOW Council that the proposed 5298 Alta Lake Road development address all environmental concerns.
- Joined the BC Climate Emergency Campaign, along with a multitude of organizations, requesting political action on the global climate crisis.
- Participated in webinars and started to compile a resources library on the importance of "thinking like a watershed" and knowing that what happens on the land affects our water.

### ACTIONS FOR 2021-23:

- ❖ Outreach and education
  - Distribute and promote "**How Healthy is My Shoreline**" quiz and "Waterfront Living – the benefits of shoreline care" to all lakeshore residents.
  - Offer the [BCLSS LakeKeepers](#) course to gain a greater understanding of lake ecology and management and increase our capacity to take care of Whistler lakes.

### GET INVOLVED AND TOGETHER WE CAN MEET OUR LAKE STEWARDSHIP GOALS!

As a nonprofit organization providing arts and cultural benefits to the community, PARC also receives a discounted rental fee for use of the site.

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
-----------------------------	--

PARC is applying for CEP funding for three areas of its programming in 2022. Sunday Concert Series (\$4000); PARC Grant Writing Program (\$2000); and PARC General Operations (\$2000).

PARC evolved much of its programming in 2021 to accommodate Covid restrictions. One of these programs was the Sunday Concert Series (formerly Sundays at The Point) switching to ticketed events with live music under the lakeside tent for Covid safe outdoor gatherings. The six week series proved successful and PARC will expand to eight weeks in 2022. Funds will be used to pay musicians, audio visual technicians and kitchen staff. (Requesting \$4000)

PARC's grant writing program continues to grow and bear fruit in sourcing funding both within and outside the Whistler community. In 2021 the grant writing program applied to Canada Summer Jobs, BC Arts Council, Whistler Community Foundation, Whistler Blackcomb Foundation, and the RMOW's Community Enrichment Program generating a total of \$37,000. (Requesting \$2000)

Covid restrictions in 2020 led to a severe drop in revenue for PARC due to the inability to host ticketed indoor events. PARC's annual revenue went from \$93,000 in 2019/20 to \$48,000 in 2020/21. With innovations in programming and less restrictions in summer 2021, PARC rebuilt its operating budget in 2021/22 to approximately \$80,000. The total projected budget for 2022/2023 is \$140,000 pending a number of grant applications. With this projected growth, PARC is seeking funding for growing administrative costs for bookkeeping and other office expenses. (Requesting \$2000).

PARC's total request for CEP funding in 2022 is \$8,000.

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>These programs have been in existence for 11 years.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>PARC continued to evolve its programming in 2021 to deliver performances, festivals, camps and artist work space, and to rebuild its financial base. Children's 5 day theatre, music and art camps were well subscribed with capacity pushed up to 10 campers to accommodate demand (6 camps). Pivoting Sundays at the Point to the Sunday Concert Series with ticketed events under the lakeside tent proved a positive new format that is Covid safe, allowed for the anticipation of numbers of attendees in advance and drove greater revenue while hiring more artists. This format will be continued moving forward. Drop in Sunday Artist Sessions provided safe space for artists to work on projects, some of which funnelled into the Sunday Concert Series. The 10th Annual Flag Stop Theatre &amp; Arts Festival was a highlight of the year with three theatre companies participating, including over 20 actors and 40 artists in total. Both evenings of performances were sold out. An additional one time Arts and Culture Resilience Supplement grant from BC Arts Council enabled PARC to get back on its feet financially and to purchase video and live streaming equipment to produce shows regardless of changing Covid restrictions. PARC's operating budget returned to approximately 85 percent of pre-Covid levels.</p>	
<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>As in past years, PARC is applying for funding in 2022 from Canada Summer Jobs (\$5000), BC Arts Council Community Festivals grant (\$5000), Whistler Community Foundation (\$6500) and CEP (\$8000). PARC is again requesting a \$10,000 investment from the RMOW's Cultural Planning Department for its Learning &amp; Education programming, and will be applying to the FE&amp;A Department for \$15,000 to match the Government of BC's BCFE grant for the expanded 11th Annual Flag Stop Theatre &amp; Arts Festival. In addition, PARC has applied this year for BC Arts Council's Arts Impact grant for \$30,000 to assist with Artistic Director fees and other administrative expenses. PARC was awarded \$15,000 from the Government of BC's Fairs Festivals &amp; Events Recovery Fund which will enable it to expand the Flag Stop Festival to five days, making use of other outdoor venues in the valley as well as The Point. PARC received a \$2000 grant from Whistler Blackcomb Foundation in 2021 allowing it to purchase stage lighting with matching funds from BC Arts Council's Resilience grant. The one time resilience grant also enabled PARC to raise the Artistic Director's fee after reducing it in 2020 due to Covid restrictions. A Pivot grant from BC Arts Council for purchasing technical equipment was rejected in 2021, but other grants helped to move forward with purchasing video, live streaming and stage lighting equipment. PARC's annual fundraiser switched to an online Go Fund Me campaign in 2020/21, but plans are underway to return to an in person fundraising event at The Point in May or June 2022.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>The purpose of the grant is to complete the building of a batting cage at Spruce Grove. WSPA caters to players of all ability levels. There are six divisions ranging from A to F. We have many new players every year who have never played slo pitch/softball/baseball before. We also have a large group of competitive players that could use this for training opportunities. We host clinics every year for skill development and a batting cage would enable us to dhost more and train more of our community in less time. The batting cage would allow us to provide more skill development opportunities for all of our players from beginners to elite. Having a batting cage offers more flexibility to use the pitching machine we purchased in 2020. We know that many WSPA players would use it regularly and we also hope to allow community members to use it and get introduced to this social sport. We envision families wanting to use it as well.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>In 2020 we purchased a pitching machine and some accessories which is a great first step towards supporting player development as well as recreational opportunities. The building of the batting cage was meant to start last spring but was put on hold by the RMOW</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>Community Benefits - affordable recreational activity and a great opportunity to get outside, exercise and meet new people.</p> <p>2021 - We were able to get a full season in for all of our teams and players despite having many hurdles throughout the summer. We battled intense heat, frog migration, and the pandemic. We had no covid transmission</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>Our operational budget comes from league fees paid by players on teams, and sponsorships for teams.</p> <p>2020: \$4000 CEP grant for our pitching machine 2021: \$5000 to help start the batting cage construction</p> <p>Fundraising: Our usual fundraisers take place at the fields so we haven't been able to do any the last couple years because of pandemic rules not allowing fans or players to hang out after their games. We hope to do more fundraising this year such as 50/50 sales or bottle drives.</p>

<p>This grant addresses the priority of “ Enriching Community Life ” because it will allow for more recreational opportunities, skill development, introduction to a new sport which can create a sense of belonging for community members, and a fun social and physical activity for anyone in our community. The batting cage specifically will enrich the softball and baseball community, as it allows way more training opportunities for all levels, beginner to elite, and it will also allow to grow the league because we can introduce the sport easier to new players with such easy access to a training facility. Families will also benefit from this being available as it is a fun and active thing to do together. This will allow new members of the community and new players to have a sense of belonging to the league and community.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>The Axemen Rugby Club is a volunteer run club that serves the Sea to Sky corridor rugby community. The club provides the only opportunity to play rugby within the area and attracts players between North Vancouver and as far north as Pemberton.</p> <p>The senior men ' s team was founded in 2014 and has built from 20 participants playing in BC Division 3 to over 60 registered members playing competitive rugby in BC Division 2 as well as frequently fielding a 2nd XV that compete in BC Division 3.</p> <p>The club is composed largely of people that have moved to Whistler or Squamish from different countries or different areas of Canada. It provides a community, a support system and a ' home away from home ' for all its members. The club is inclusive of all abilities and welcomes everyone to join the club.</p> <p>The purpose of this grant is to start a program in which the Axemen club coach will lead rugby sessions for u-16 and u-18 age groups within Whistler.</p> <p>The club currently has only 2 registered players that are originally from Whistler. The club aims to build its number of ' homegrown ' players and introducing coaching at u-16 and u-18 is the key building block in this pathway. A rugby program at this age opens future opportunities for playing university sport, provides key social connections and promotes the world rugby values of discipline, respect, integrity, passion and solidarity.</p> <p>The Axemen Rugby Club are applying for a \$2500 grant to introduce a rugby program at Whistler Secondary School for the fall of 2022. The club would like to run a 6-session program for u-16 boys, u-18 boys and u-16/18 combined girls. The program will conclude with a match against another school.</p> <p>The coaching costs for the program are calculated at \$1,575. Coaching fees are set at \$75 per session/game and 21 separate coaching sessions are being included within the grant (6 coaching sessions + 1 game day for 3 separate age groups).</p> <p>Equipment costs of \$625 will provide the program with 8 rugby balls (four size 4 and four size 5 balls), 2 new tackle shields and 2 new protective tackle suits, as well as, a set of new training bibs. As it is a new program the equipment costs are higher for this first year and would be reduced in following applications.</p> <p>The grant also includes \$300 for additional coaching costs such as police checks, continued coach education and a rugby referee course to help facilitate games at the end of the program.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>The initial target of the program is to have over 12 participants attend the 6 training sessions for each group (u-16 boys, u-18 boys and girls). The program then aims to field teams in a structured 7 or 10 a side match at the end of the program. A long-term goal of the program is to have local home-grown players represent the Axemen Rugby Club senior teams.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>In the 2021-22 season the Axemen club successfully relaunched 2 teams after an 18 month break due to the COVID-19 pandemic. Keeping so many players actively involved and interested in the club was a great challenge, but the pandemic taught us that the strength of building a community team is what members value most!</p> <p>In November of 2021 the club chairman, Blake Mahovic ran a Suicide Prevention Awareness course for members of the club. This event linked with the Men ' s Mental Health initiatives that the club take part in.</p> <p>The Axemen Club are closely linked with Squamish Youth Rugby, and players have taken on volunteer coaching roles with the youth teams. A community touch rugby session has been a huge success, playing drop in touch before home games on Saturdays and every Tuesday evenings.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>This is the first year that the Axemen Rugby Club has applied for funding to promote the club, and the game of rugby, within the community. In January of 2022 we were successfully awarded a \$5000 grant from HSBC Rugby Canada to develop a ' Connect to Club ' program. This funding will allow us to go into schools, youth groups and summer camps throughout the Sea to Sky. The funding allows the club to run ' Introduction to Rugby Sessions ' for up to 500 children between the ages of 7 and 16.</p> <p>The HSBC funding is aimed at increasing awareness and getting people interested in rugby. This current bid will get youth involved in the game, increase their rugby skills and promote future rugby pathways.</p> <p>No bids have been rejected to date.</p>

<p>Enriching Community Life.</p> <p>The Whistler Youth Rugby program will promote the rugby values of discipline, respect, integrity, passion and solidarity. Introducing the game to u-16 and u-18 boys and girls will build valuable attributes within the participants that will transfer into everyday and future life. Offering a group program will also develop teamwork, shared purpose and comradery amongst peers.</p> <p>By connecting with a local club we can offer a pathway immediately after completing the 6 week program, providing opportunities to connect with fellow residents of all ages to play for the same club. This opportunity to integrate into adult sport is a key stepping stone into maturing as an adult.</p>

Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>The PEACE (Prevention, Education, Advocacy, Counselling, and Empowerment) Program offers support and counselling services to children, youth and their families in Whistler and Pemberton who are experiencing conflict through abuse/violence in relationships and/or conflict through separation and divorce. The HSWC receives funding for 17.5 staff hours a week from the Ministry of Public Safety and Solicitor General for both communities. The program has been operating at 31 hours per week which includes 7.5 hours funded by community donations and 6 hours funded by the RMOW. With increased funds from the Community Enrichment Grant, HSWC intend to increase the PEACE counselling hours to 35 hours per week in order to meet increased demand and mitigate the waitlist to effectively meet the growing needs of the children, youth and families within Whistler and Pemberton.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
No this is not a new program.	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>Last year (2021), the PEACE Program in Whistler/Pemberton supported children and youth through 96 hours of individual counselling sessions, 86 hours of support groups, 70 parent/caregiver support hours, and 23 family counselling hours. Through the PEACE program, children and youth learn how to identify hard to handle feelings and how to express them in healthy ways, recognize their strengths, and increase their self-confidence and self-esteem. They learn effective problem solving and coping skills, how to define and protect boundaries, how to keep themselves safe and to identify safe and supportive people in their life, and better understand the concept of healthy relationships. Most importantly, children are provided with a safe, supportive, nurturing environment to deal with traumatic events in their lives and learn that they are not alone and not at fault for the conflict/abuse they have witnessed and experienced. Parents/caregivers are involved in the counselling process by learning skills and tools that will enable them to support their child/ren through difficulties associated with separation, divorce and gender-based violence.</p>

## GRANT INFORMATION (CONTINUED):

<b>5. Grant Request Amounts and Financial Breakdown:</b>			
<i>Please ensure numbers provided in this table coincide with the required financial documents you provide in your application.</i>			
	Annual Operating Budget	Grant Requested	Provide a brief description of the specific amount requested. (Ex: Products, services, staffing roles, advertising, etc.)
Salaries/contracts:	\$64,747.04	\$10,000	
General operations:	\$6,082.94		
One-time project / program:			
Physical assets:			
Rent (RMOW facilities):		N/A	
Rent (other facilities):	\$4,140.92		
Other:			
<b>Total</b>	<b>\$74,970.90</b>	<b>\$ 10,000</b>	<b>13.3</b> % (Grant request ÷ Annual budget amount)
<i>Reminder: The grant amount requested cannot be more than 50% of the annual operating budget of the organization.</i>			

<b>6. Additional Information:</b>	<i>Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.</i>
<p>If successful, HSWC will work towards supporting all children, youth and families who request support through PEACE counselling. We anticipate supporting 40 to 60 children and 10 to 16 parents. If we are not successful in receiving this grant, the PEACE program will have to adapt counselling hours to align with the funding available which may result in not being able to support as many children, youth, and families. Many families seek HSWC services because it is free of charge and they cannot afford other options in the community that charge a fee for service. This means that families will have to wait on a waitlist until they can be seen.</p> <p>Thank you for your continued support and we hope that you will consider supporting our essential community program again this year.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p><i>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <u>Community Performance Indicators</u> (CPI):</i></p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p><i>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</i></p> <p><i>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></i></p>
<p><i>Example: This grant addresses the priority of "Enriching Community Life" because it improves <u>personal health status</u>, a <u>sense of belonging</u> and increases <u>resident volunteer rates</u>. Specifically, this is because...</i></p>	
<p><b>1. Enriching community life</b></p> <p>This program directly improves the physical, mental, spiritual, and social well-being and health of children, youth and their families in Whistler. The program strives to keep children/youth healthy, safe, connected and active in the community. When children and youth have a safe, supportive place to talk about their feelings and learn ways of coping, they are less likely to engage in destructive, harmful, abusive behaviour, including using substances as they get older. We also know that when a child feels safe and supported, they have a better chance at succeeding in school, participating in community life, and striving for a better future for themselves. One day these children will grow up and be positive role models participating in Whistler community life. Parents/caregivers receive parent support around conflict/abuse and learn skills and tools so they can support their child/ren and build a safe connected family.</p> <p><b>2. Ensuring economic viability</b></p> <p>HSWC, through the Whistler Women's Centre, Safe Home, Transition House, Homeless Prevention Program, and PEACE programs offer survivors of gender-based violence and their children safe housing and ongoing support to give them the option to increase their safety and heal from violence and abuse while staying within their home community and maintaining their employment. By offering free, low barrier, non-judgmental, confidential support to all survivors in the community, the HSWC programs and services supports Whistler residents in continuing to engage fully in the economic, social, cultural, and recreational opportunities that make Whistler the vibrant community that it is. HSWC violence prevention efforts also contribute to long-term savings in community safety, crime prevention, and healthcare costs.</p> <p><b>3. Partnering for success</b></p> <p>Working collaboratively in partnership with other agencies, law enforcement, and the justice system is paramount to realizing the HSWC vision of a violence free future. With that in mind, WWC actively participates in cross-sectoral committees and partner relationships focused on ending gender-based violence, including RCMP, Victim Services, Ending Violence Association of BC, BC Society of Transition Houses, Sea to Sky Community Services, Mental Health and Addiction, the Ministry of Children and Family Development, and the Whistler Non-Profit Network. Specifically, within the PEACE program, the counsellors partner with schools and other organizations within Whistler to be able to effectively support more children and youth through support groups.</p>

## STORY OF THE TURTLE

Due to its circular shape, the turtle is a powerful spirit representing inspiration, healing and strength. Turtles are rooted in the most stable of elements, the earth, which sustains us all from the time we are born.

In tribal creation stories, the turtle told the creatures of the earth: "I have a large, strong back. Ask Sky Woman to come and have her children on my back so that they can grow up among the creatures of the earth and learn early the Harmony in which we should live."

# MESSAGE

**FROM THE BOARD PRESIDENT, JO-ANNA GORTON**

Each year the Howe Sound Women's Centre provides safety, support, and programming to thousands of individuals in the Sea-to-Sky Corridor. 2020 brought unprecedented challenges to the communities we serve and with that, increased demand for our services. I couldn't be prouder of the staff at the HSWC who worked tirelessly throughout the year to ensure our safe housing, programs, drop-in centres, and social enterprise could adapt quickly and meet the communities' needs.

This was not only in the context of the pandemic, but also in a transition to a temporary drop-in centre while our Third Avenue property in Squamish undergoes a redevelopment to support our growing organization. A silver lining throughout this pandemic year was the increased profile of the organization, both across the corridor and provincially. With that has come recognition and incredible support

from the community, allowing us to embark on initiatives that have been in the wings for years and the ability to strengthen existing programs simultaneously. A read through this report will give you a sense of the scale and breadth of this impressive organization; we have so much to be proud of and to look forward to as an organization. Thanks again to everyone for their hard work.

# REPORT

## FROM THE EXECUTIVE DIRECTOR, ASHLEY OAKES

I struggle to find the words to paint the picture of this past year. The metaphors are endless — a rollercoaster, a hurricane, a rollercane, a hurricoaster...

the truth is it was like nothing any of us has ever experienced and yet we were all in it together. Different boats; same storm. The world over, Covid-19 dominated our work, the work of communities, provinces, nations, countries, continents, and it would be impossible for me to tell the story of this year without framing it within the lens of the pandemic.

When HSWC's fiscal year started on April 1, 2020, we were facing the unknown. Pearl's Value & Vintage, a source of 40% of the society's operating revenue and location of 25% of the organization's staff, was closed indefinitely. The Squamish and Whistler Drop-In Centres, PEACE Counsellors, and Outreach Support Workers were providing crisis support virtually or outdoors. Finally, Pearl's Place Transit on House and Pearl's Safe Home staff were creating best practices to continue to house survivors and their children fleeing violence in a way that was safe for all. It was a time of incredible uncertainty; however, one thing was absolutely certain — survivors needed us more than ever. It became clear early on that this pandemic was going to create a climate where violence rates would increase. Isolation, economic stress, anxiety, and fear combined with limited access to resources due to closures. HSWC immediately put in place additional methods to reach crisis support staff including adding a text line and crisis email to support those who could not call safely from their homes. Additionally, with the support of BC Housing and Whistler Blackcomb Foundation, we added hotel accommodations to our emergency housing supply that could be used for those experiencing symptoms of Covid 19 as well as for overflow.

When reflecting on this past year the word that continues to come to my mind is resilience. The amount of resilience displayed by survivors of violence is nothing short of awe inspiring. Additionally, resiliency was demonstrated daily by HSWC's staff, volunteers, and board who came together to ensure the needs of survivors were met no matter the circumstances. Not only did the team come together to

support survivors, but also to achieve several incredible goals laid out in HSWC's strategic plan.

This past year, construction began on a massive renovation of HSWC's Squamish Drop-In Centre — home to Squamish-based crisis support services including drop-in support, PEACE counselling, sexual assault response, and multicultural outreach, as well as the HSWC's administrative headquarters. Once the renovation is complete, in August 2021, the Squamish Drop-In Centre will have nearly doubled its capacity to meet the needs of survivors. This project would not have been possible without the incredible support of Whistler Blackcomb Foundation, the Katz Amsterdam Charitable Trust, and hundreds of local donors. We are thrilled to invite you to see the space once it's complete.

As we put 2020/2021 behind us, we set our focus on the coming year. We know that the impact of the pandemic on survivors of violence will be felt for years to come. The rates of family violence, high conflict divorce and separation, and mental health needs following a return to "normal" will remain high. In the coming year HSWC will launch the TRAVERSE — Sexual Assault Response Team program. This initiative will make available trained, crisis support workers 24/7 to respond to survivors of sexual violence and human trafficking. Additionally, we will launch a counselling subsidy program in order to remove the barrier of cost to accessing clinical counselling services for survivors of violence, focus on establishing more affordable housing options for survivors throughout the Sea to Sky Corridor, and begin a rebranding process to ensure our services are inclusive to all survivors of gender-based violence.

To our donors — we would not be here in this capacity without you. The support shown by the community in the past year has been nothing short of incredible. Thank you doesn't feel like it is enough. You are a part of this society; woven in to the work we do; connected to the positive outcomes; a shoulder to lean on and cry; the foundation in our new building; in the pages of books read to children in the PEACE program; in a meal served in the kitchen at the transition house. We raise our hands to you bursting with gratitude for your generosity.

## PEARL'S PLACE TRANSITION HOUSE

The Transition House operates 24 hours a day, seven days a week providing temporary emergency housing and basic necessities, crisis support, advocacy, referrals, and help with form completion and housing searches for women and children fleeing domestic violence or at risk of violence.

To reduce barriers for people fleeing unsafe living conditions, PPTH operates as a medium barrier facility. This means the house accepts individuals who may be living with challenges related to substance use or mental illness and are capable of living safely in a communal environment. PPTH understands many people identify their pets as being members of their family, as such they are allowed to bring their pets with them.

PPTH is grateful to BC Housing and the Sandman Hotel in Squamish for providing temporary expansion space during the Covid-19 pandemic. This has meant, for those individuals who contacted during the days the Transition House was at capacity, there was another option available to allow people fleeing violence to remain within their community.

During the 2020/2021 fiscal year, the Transition House provided phone support to 222 individuals. In that same time period, emergency shelter services were offered through the Transition House or expansion site to 57 adults for a total of 947 bed nights and 23 children for a total of 315 bed nights. Additionally, the Transition House was at capacity for 127 days.

The past year has been a time of unpredictability. During times when people were being advised to stay home to be safe, some people were forced to flee their homes. They took the risk of reaching out and trusting strangers to provide them safety from the dangers within their own homes, and the risks associated with the Covid-19 pandemic. Transition House staff met challenges associated with working through a pandemic head on and stepped forward showing they were worthy of the trust placed in them. In considering the past year, the Transition House staff is honoured to share with you the resiliency, adaptability and courage of both staff and participants of the Transition House program. The following quote eloquently sums up all the work at the Transition House.

**“ We don't even know how strong we are until we are forced to bring that hidden strength forward. In times of tragedy, of war, of necessity, people do amazing things. The human capacity for survival and renewal is awesome. ”**

**—Isabel Allende**

# WHISTLER/PEMBERTON

## 2020/2021 IMPACT REPORT

### DROP IN AND OUTREACH WHISTLER

Whistler Drop-in Centre faced unique challenges this year due to the Covid-19 pandemic.

The team quickly refocused their efforts on an outreach model, meeting individuals where they were in the community as the drop-in space was closed for several months. It also allowed staff to focus more on Pemberton and the northern communities for services and this is something that will be carried forward in the future due to its success.

WWC volunteers stepped up to offer an extra hand which allowed staff to focus solely on clients' needs.

Although in person groups were not able to run, WWC adapted to have the Mama Baby Connection prenatal groups online to keep a much-needed connection for moms to be. Staff hopes to resume in person wellness programs in the near future.

Quote from Mama Bay Connection Group

**“** As a new mom to be and coming from a different country it was a really great chance to meet other moms so I can ask for help when I am in need. After joining this group, I feel closer to being prepared mentally and physically. **”**

—K.

### AFFORDABLE HOUSING

Throughout 2020, the two long term affordable housing units in Pemberton were occupied.

HSWC provided safe, stable, affordable housing for woman and children after leaving an abusive relationship or unsafe living situation. Their stay was for up to one year. HSWC staff look forward to a time when there are more units in each of the communities served.

## 2020/2021 IMPACT REPORT

### PEARL'S SAFE HOME

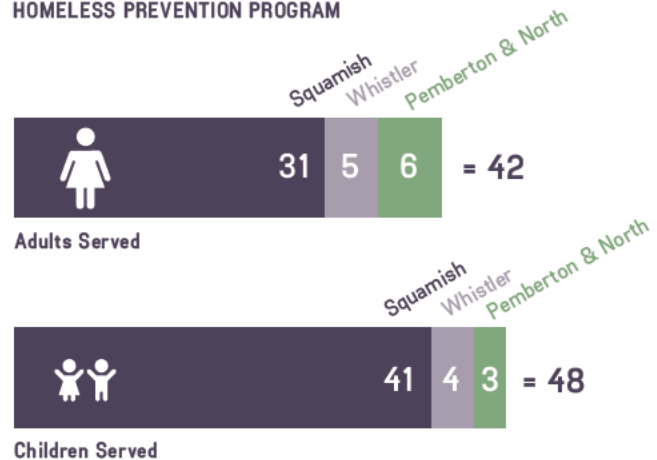

Pearl's Safe Home is a medium barrier, pet friendly facility. In 2020/21, the Safe Home provided residential services for 12 adults for a total of 182 adult bed nights. These stays are generally 10 days in length but have increased substantially during this past year. HSWC has also noticed an increase in single women staying at the Safe Home. This may be due to the uncertainty of stability during the pandemic. Staff has further developed emergency accommodation protocols with a few local hotels and lodges in both Whistler and Pemberton that help with overflow when the Safe Home is full or someone is unable to leave their community due to work, their support system, and children.

#### Quote from Individual utilizing PSH Services

“As soon as I had my first conversation with staff, I instantly had this overwhelming feeling that I wasn't alone for the first time in a very long time. I was provided with contacts, options, support, and resources that I could reach out to day or night. I was blown away with their efforts and more so the reassurance that I would be safe.”

—J.

### HOMELESS PREVENTION PROGRAM

The Homeless Prevention Program helps bridge the gaps that many individuals experience with high housing costs in order to access safe housing for themselves and their children. The most commonly used subsidy was rent for women and children leaving violence. Other subsidies include security deposits for rental units, heat, medical expenses, moving, and food. The need for this subsidy far exceeds the budget HSWC has and speaks to the ongoing housing affordability problem in the region. This year, the Homeless Prevention Program had a one year pilot project of an additional \$1800 monthly which was a huge help. In 2020, HSWC helped 42 women and 48 children in the Sea to Sky Corridor with 188 subsidies dispersed in total. Additionally, the loss of income for many during the pandemic was difficult and many women in lockdown were unable to leave their situations due to the difficulty in finding new accommodation during this time.

## THE PEACE TEAM

The PEACE team is made up of five amazing women who are dedicated to working with children, youth, and families and supporting them through some of their most difficult times in life. Each comes with their own story and wealth of experience. This past year, HSWC was fortunate to have two practicum students, Paige and Sophia. Thank you to both for the energy and knowledge that they brought to the space.

Summer camps offer self-identifying girls ages 9 to 12 in Squamish, Whistler, and Pemberton an opportunity to build self-confidence through self-expression and self-care; build connections through friendships; and connect with community and nature.

HSWC was fortunate to offer Summer Camps this year. Extra precautions were set up to ensure limited risk of exposure to Covid-19 and much of the camps were held outdoors.

### ACCORDING TO STATISTICS

- 50% of all girls wish they were someone else.
- Self-confidence in girls decreases from 36% in grade 6 to 14% in grade 10.

## PROGRAMS

### SQUAMISH 2020 CAMP

The Squamish 2020 Camp was held in July with eight girls between the ages of 9–12.

Daily activities consisted of: nature art, playing games at Nexen Beach, walking through the Squamish Estuary, writing poetry, and re-purposing items from Pearl's and putting on a fashion show. It was an amazing week of laughter, creativity, silliness, and bonding.

### WHISTLER 2020 CAMP

The Whistler 2020 Camp was held in August. Ten girls attended between the ages 9–11.

Each day consisted of community walks, including a hike to the Whistler Train Wreck, and focused on connecting with nature, with each other, and community. Activities included: stencil making and spray painting, painting outdoors on snowboards, nature art, journaling, team building games, improv, and a fashion show using upcycled clothing. Thank you for all the donations that made this possible.

### PEMBERTON 2020 CAMP

The Pemberton 2020 Camp was held in a gorgeous yoga studio in July.

Due to Covid-19, only six girls could participate. Daily activities included: being in community and nature, short hikes, art, painting snowboards, visits to the community garden and One Mile Lake, scavenger hunts and games, and just having loads of fun.

## PROGRAMS

### PEACE PROGRAM

**THE PEACE** (Prevention, Education, Advocacy, Counselling and Empowerment) Program offers specific individual, family, and group counselling for children and youth ages 3–18, and their families that have experienced violence, abuse and/or conflict in the home including families that are going through a difficult separation or divorce.

The PEACE Program is an important part of HSWC's fight to end violence against women and children. In Canada, 80% of women who experience domestic violence report that their children also witness the abuse.

Additionally, children who are exposed to violence in the home suffer emotional trauma, have poor educational outcomes, and are at risk of using violence to solve problems. By helping children and youth deal with traumatic life events, develop coping skills, and better understand the context of healthy relationships, HSWC can help end the intergenerational cycle of violence for those children.

### CHILDREN, YOUTH AND FAMILY PROGRAMS AND COVID-19

March 2020 marked the start of Covid-19 and put a pause on in-person sessions and school presentations. In order to continue to supporting the families connected with HSWC counsellors and meet the needs of the communities, the counselling team made the switch to video sessions. These were challenging at first but with a little bit of practice, the team managed to make the video sessions work and were even able to make them fun! This strange and uncertain time brought lots of new ideas, creativity, and new ways of working with children, youth, and families. Luckily, however, the PEACE team was able to do more in-person sessions beginning in May 2020 and has continued through today. Of course, the option for online or phone sessions have remained in place for families that preferred those methods.

### INDIVIDUAL COUNSELLING PROGRAM

The Individual Counselling Program is provided from a psycho-educational approach which utilizes a variety of counselling techniques and strategies such as art, play, expressive art, nature-inspired art, mindfulness and regulation techniques, and discussion to create an opportunity for children to deal with the traumatic events in their lives in a safe, confidential, and nurturing environment.

Individual counselling sessions happened in a variety of settings including the Whistler Drop-in Centre, Squamish Drop-in Centre, within the school setting, and outdoor spaces, taking advantage of the wilderness environment of the Sea to Sky Corridor. Sessions are set up in a way to make children, youth, and their families feel comfortable and safe and often involve activities like art, games, chatting, having fun, and going for nature walks together.

The PEACE Program has maintained a small wait list and has managed to offer support to families requiring it.

## GROUP COUNSELLING PROGRAM

The Group Counselling Program offers many different types of groups depending on the need in each community. Many of the groups focus on building friendships, empowerment, self-esteem, self-expression, changing family dynamics, hard to handle feelings and healthy ways of coping with them, community, and sharing of stories and experiences. Due to Covid-19, there were not as many support groups available due to challenges with space, interest, and the ability to plan.

## GROUPS HELD IN 2020/2021

### Whistler Secondary School Group

**"GIRLS LUNCH GROUP"** for students in grade 8. The group's aim was to co-create a safe space where girls could connect with each other in an open and meaningful way and dialogue around topics they were interested in, such as healthy relationships, anxiety, body image, and wellness.

### Pemberton Secondary School

**"TEEN GIRLS GROUP"** focusing on exploring topics together they are interested in such as cooking and art. This group ran for the whole school year.

### WORKING WITH THE SCHOOLS

HSWC has been very fortunate to continue to partner with many of the Secondary and Elementary Schools in Squamish, Whistler, and Pemberton so that counsellors can see more children in the school setting. By working with school staff (teachers and counsellors), HSWC PEACE counsellors were able to offer more groups, individual sessions, and presentations to children and youth that may otherwise not access HSWC services or receive the support they need.

Despite the challenges with Covid-19 and having extra people in the schools this past year, HSWC was welcomed back into the school communities to provide much needed support. Thank you very much to the following schools for welcoming HSWC into your spaces.

- Mamquam Elementary
- Brackendale Elementary
- Squamish Elementary
- Garibaldi Highlands Elementary
- Valleycliffe Elementary
- Learning Expeditions (Stawamus)
- Cultural Journeys (Stawamus)
- Myrtle Phillips Elementary
- Whistler Secondary
- Signal Hill Elementary
- Pemberton Secondary

### YOUTH EDUCATION PROGRAM

The Youth Education Program is a school based educational presentation that encourages discussions with children and youth on healthy relationships, boundaries, consent, sexual harassment, sexual violence, sexting, cyberbullying, how to keep safe, and community/online resources.

- **IN THE 2020/21 SCHOOL YEAR**, Believe presentations were delivered to approximately 517 students in 22 classrooms in Squamish, Whistler, and Pemberton from grades 5 to 7.

HSWC believes that continuing to focus on prevention work is important and will make a positive impact on the reduction of violence, abuse, and conflict that a child or youth may experience in their lifetime.

- **11-YEAR OLDS** are the most targeted group by predators online in Canada.
- **YOUNG CANADIANS** are more likely to experience sexual assault. The rate of sexual assault for Canadians age 15 to 24 is 18 times higher than that of Canadians 55 and older.
- **82% OF ALL VICTIMS** of sexual assault under the age of 18 are female identifying.
- **HYPER-MASCULINITY** the notion that masculinity is determined by strength and power — is damaging for men, women, and everyone in between. It promotes violence and entitlement and devalues feelings and emotions.

[Stats](#) provided by Canadian Women's Foundation.

Due to Covid-19, the **YOUTH LED PEER TO PEER PREVENTION EDUCATION PROJECT** looked a little different this past school year. HSWC staff was not able to connect with a student group as easily as previous years. However, HSWC was very fortunate to have Quest student Sarrah interested in learning more about the education project and co-facilitating these presentations.

Thank you to the Squamish Community Foundation for your continued support for this program!

# PEARL'S VALUE & VINTAGE

Pearl's began the fiscal year like no other year in the history of Pearl's Value & Vintage. The realities and requirements of the Public Health Office to manage Covid-19 transmission required a closure on March 16th, 2020 for what was planned to be two weeks; as it turns out it, Pearl's was closed for three months!

During this time, Pearl's staff utilized the opportunity to freshen up and renovate the store. With the store closed and therefore no revenue being generated, it was time to get creative and try to refresh the store without spending much money. Pearl's Value & Vintage Assistant Manager, Val Nagy, applied her creative eye to the project and led an incredible transformation with the help of some additional staff, furloughed due to the closure, who volunteered their time. The transformation included repainting, moving around entire departments, and reusing fixtures. Once complete, the store looked amazing for the grand reopening on June 8, 2020. The store reopened with a plethora of new policies and procedures to keep customers, staff, and volunteers safe including limiting capacity, quarantining donations, and more. With the limitations on how many customers could shop at one time, there were lineups for the first time in the history of Pearl's! It was such a challenging time for the Pearl's team and really showed what this incredible team was capable of achieving together.

It is so important to acknowledge Pearl's customers and the community of Squamish and the Sea to Sky Corridor. The customers rallied around and supported the store by holding onto their donations during the pandemic closure. Then they came back and shopped and continued with their generous donations. They were so happy to see Pearl's back open. Pearl's is a social hub for many people in our community. Staff heard from customers that they really missed the connection and interaction and sense of community they felt when they shopped at Pearl's and were happy to see the store reopen better than ever. Their generosity and loyalty continued with enthusiasm and Pearl's staff is so grateful!

Pearl's is excited for a brighter year ahead with some sense of normalcy and is so grateful for the support of the community and wonderful team of staff and volunteers.

### SQUAMISH DROP-IN CENTRE

The Squamish Drop-in Centre is dedicated to creating a safe, non-judgmental, caring, and healthy community for women and their children to seek support and resources. The Squamish Drop-in Centre is open Monday through Thursday 10 am–4 pm. Drop-in services include: crisis support, information, resources such as clothing vouchers, toiletries, and food, referrals, assisted access with government and non-government forms, systems, and processes, and computer and fax machine use.

This past year has been a year of many changes due to Covid-19 and the renovations of HSWC's 3rd Ave drop-in centre. The Drop-in Centre was closed for a short period of time in March and April while HSWC leadership navigated the changes with restrictions and developed safety protocols to ensure the safety of staff and clients. HSWC staff was happy to open the doors in May to be available for the community. In January 2021, drop-in staff packed up the space and temporarily relocated to a smaller space on 2nd Ave so renovation work could begin with the intention to be back in the newly renovated space in August 2021. Staff looks forward to having more space for staff and clients with two counselling rooms, two support rooms, two bathrooms, and a bigger kitchen with group space as well as more staff offices for the growing team and programming. This past year, the themes have been focused a lot around support with accessing legal advice through RISE Legal Resources which has been an amazing partnership and has provided much needed support to many people. Additionally, there has been a large increase in support phone calls over previous years, as well as many more requests for rental subsidies and support with finding housing.

**SOMETHING PEOPLE MAY NOT KNOW ABOUT THE DROP-IN CENTRE** is that it's a space for all people, youth, children, and families. It is a space to come to when in need, in crisis, when there seems like there is nowhere else to turn to, but also a place to come have a coffee out of the rain, use the computer, or simply sit and read the paper. It's a place where everyone is met with a friendly smile, a knowledgeable and non-judgmental support worker, a place where there aren't always the answers but a place where support workers do their best to support the best possible outcome. A place where you are met with not only friendly faces but many four legged furry friends ready to give kisses.

Thank you to all of the **VOLUNTEERS, WHO PROVIDED 383 HOURS OF THEIR TIME** to support the programs and services of the Drop-in Centre, this work would not have been possible without you. A special thank you to the Quest students, Matilda, Sarrah, and Rio for all your time and energy to support the work of the Drop-in Centre.

### MULTICULTURAL OUTREACH PROGRAM

The Multicultural Outreach Program in Squamish offers one on one support services. Services includes: crisis support, referrals, assisted access, information on community services and resources, help with forms and more. There is support in a variety of languages available by phone. The Multicultural Program supports immigrant, refugee, and non-status women. Despite this past year providing challenges with in-person support, support workers continued to find creative ways to reach women in community that needed support through phone and online formats as well as in-person support with safety measures in place. Community outreach and education has happened through online presentations.

Projects and initiatives of the Multicultural Program in 2020/21:

- **MULTICULTURAL SOUP AND SOCIAL** – online
- **CHAI TIME** – was held outside during nicer weather months
- **ZUMBA CLASSES** – online with thanks to Taeko for volunteering her time
- Virtual celebration of **INTERNATIONAL WOMEN'S DAY** to recognize the achievements and contributions of local immigrant women

- **WORKSHOP FOR NEWCOMERS AND IMMIGRANT WOMEN** on responding to sexual harassment at work places in collaboration with Migrant Worker Centre and ISS of BC
- Increasing coordination with other **LOCAL IMMIGRANT AGENCIES**
- To date, **MULTICULTURAL OUTREACH PROGRAM BROCHURES** have been developed in many languages including Punjabi, Spanish, Japanese, Arabic, Tagalog, and Mandarin. To come is French, Hindi, German, and Portuguese.

### GENDER DIVERSE INCLUSION PROJECT AND OUTREACH

The Gender Diverse Inclusion (GDI) Project and Outreach is a new program that HSWC has had in the works for over a year, though it experienced some stalls because of Covid-19.

HSWC was finally able to get some traction with this project after receiving funding from the Community Foundations of Canada and Women and Gender Equality Canada in December 2020. Previous to receiving the funding, HSWC started connecting with the community to seek out interested individuals to be on the Gender Diverse Inclusion Committee. This committee, made up of three staff members and six community members, meets monthly to focus on moving the HSWC forward in GDI initiatives, policies and procedures, language, and inclusive spaces. The GDI committee is working to develop a set of recommendations for HSWC staff to incorporate into practice. HSWC hired a Gender Diverse Inclusion Outreach worker in Jan 2021.

#### Initiatives of the GDI Project in 2020/21:

- Started incorporating visibly inclusive changes to the drop-in space such as posters, brochures, and inclusive artwork
- Training for GDI Committee with Ravyn Wngz and Felix from WAVAW (change management)
- Staff training with Felix from WAVAW and service delivery with trans folks
- Developed a list of resources with support channels for the LGBTQ2S+ community for staff and clients
- Making HR revisions for job postings – work in progress
- Two GDI social drop-ins were held in May and June.

### OPEN DOOR GROUP/WORKBC PROGRAM

It's been an interesting year for everyone, including everyone at the WorkBC Centre in Squamish. These services unfolded slightly differently than those of the HSWC. Soon after the pandemic hit in Squamish, WorkBC closed offices to the public and transitioned to fully virtual and phone-based supports. Outreach locations similarly closed down. This meant all the workshops, client needs assessments, and form signatures were transferred online in a matter of days! During this period, many of the outreach plans, marketing activities, and stated events were cancelled, as staff directed skills towards learning and teaching WorkBC clients to use the online processes.

Some months later, WorkBC began gradually reopening and is now open fully but still operating with a skeleton crew with some working from home each day. Some clients have been returning but, especially among younger clients, many seem to prefer to meet and sign documents virtually.

A few points about the last year:

- It has been a year of change! WorkBC has three new staff members and have had some shifts in roles for existing staff members as well.
- All of the workshop material has been updated for virtual delivery.
- From July 2020–June 2021, there were six referrals to the HSWC and eight referrals from the HSWC to WorkBC.
- There has been ongoing collaboration with the Squamish Li'l'Wat Cultural Centre and the Indigenous Youth Ambassador program.
- There has been an opening of program accessibility. Previously programs such as the Sechelt Jobs in Demand program and the Sechelt and Vancouver Self-Employment Programs were in-person. Due to virtual delivery they have opened up to Squamish residents.

- The eligibility for the Wage Subsidy program was recently expanded to include all case-managed clients. This means if someone is eligible for case managed services and there is a rationale to do so, WorkBC can pay a portion of their wages for the first six months of employment.
- Many clients, especially those working in industries impacted by Covid-19, have decided to upgrade skills or transition into more stable careers and have accessed WorkBC to do so. Whether it is Short-Term training (up to 30 hours), Short Duration Training (30–180 hours) or Occupational Skills Training (180 hours–2 years) many are seeking jobs that are “pandemic proof”.

WorkBC staff look forward very much to seeing how things shift in the future and remains committed to serving the community.

## PROGRAMMING

### SEXUAL ASSAULT RESPONSE AND PREVENTION PROGRAM (SARP)

While the onset of the new service year was muted by the advent of Covid-19, the HSWC and SARP explored opportunities to collaborate with other agencies, build internal capacity, and increase awareness about the Sexual Assault Programs in the Sea to Sky Corridor.

The temporary cessation of Sexual Assault and Response Committee (SARC) meetings allowed further evaluation on regional strategic directions for responding to sexual violence; inclusive of a renewed focus on youth who experience sexual violence. Examining the potential appeal of the Third Party Reporting Option (TPR) to youth invited passionate participation when the SARC reestablished in September via Zoom, with the goals of creating easy to follow flow-charts for youth experiencing sexual violence, as well as developing internal policy for mature minors. Another area of growth for the SARP has been addressing sexual harassment in the workplace, with Whistler team members developing resources for the hospitality sector, with the hotel industry in particular reaching out to the Whistler Womens Centre for support.

Projects and initiatives of the Sexual Assault Response and Prevention Program in 2020/21:

- At the end of March, 2020, it was announced from the Civil Forfeiture Office that the SARP was awarded \$30,000 towards "Supported Pathways", an outreach pilot project designed to attach survivors of sexual assault to follow-up local resources of their own choosing. Secondly, the project will promote increased awareness of the Third-Party Reporting Option.
- Hired an internal staff member (Suzie Soman) as a Specialized Resource Worker to support the Supportive Pathways Project, her community knowledge and years of experience with Options for Sexual Health made her a standout addition to the SARP team.
- Southern St'l'at'imx Health Society (SSHS) received funding for three years for a new SAR Coordinator/Educator which is very exciting as it provides a dedicated worker in the north providing SA services and supports. Alana Desorsy has expressed appreciation for the support and guidance provided by the HSWC to their brand-new service.
- Developed guidelines and tools for the Third Party Reporting Option, including information on how to determine when a TPR needs to break confidentiality and how to provide the TPR Option within the Covid-19 Pandemic context.
- An internal HSWC staff member (Sam Marra) was trained to take TPR's in Whistler so now HSWC has all communities covered. Additionally, two staff members (Sam and Kelsey Watson) work in Whistler and Pemberton to provide outreach and education around Sexual Assault services, options, and how to incorporate information and policies into the workplace.
- Started a sub-committee of SARC to focus on working with and supporting mature minors. Liaised with many organizations through EVA BC and BCSTH in order to develop flow chart, policies, and procedures.
- Received another grant from the Civil Forfeiture Office for the SARP towards the "Traverse" Project.

# FUND DEVELOPMENT

## REPORT

### COMMUNITY DONATIONS

The past year brought challenges to everyone and the non-profit sector was no different. Pearl's Value and Vintage is one of HSWC's main funding sources for underfunded programs and operating expenses and with the store closed from March 17, 2020 to June 8, 2020, the annual budget had to be significantly amended. Because of how the community came forward with unparalleled generosity and combined with incredible government and foundation support, the society was able to continue to deliver all of the planned programs and services and even expand upon them in order to ensure to meet the needs of survivors. Donations this year increased by 142% from last year with 774 donations from 574 individuals and businesses. In this unprecedented time, the increased support from the community helped HSWC through the pandemic and allowed staff to concentrate on helping those who needed the most support.

### 3RD PARTY FUNDRAISER HIGHLIGHT

On September 26, 2020, Maude Cyr, a Pemberton resident, mother of two, and education assistant at L'École La Vallée De Pemberton, left from HSWC's downtown Squamish Drop-In Centre and ran an astonishing 110 kilometres to Lil'wat Nation territory following the Sea to Sky Trail. She paired this with a third-party fundraising campaign and raised \$6,412.00! Maude's run was to fund HSWC's PEACE (Prevention, Education, Advocacy, Counselling, Empowerment) programs and raise awareness about the importance of free support services for children who have experienced violence or high conflict in their home. Greatest thanks to Maude and everyone who supported HSWC along the way.

### 3RD PARTY FUNDRAISERS

Howe Sound Women's Centre Society continues to receive incredible donations as a result of community-led Third Party Fundraisers. This year we would like to thank Capra Running, Maude Cyr, A Little Something Co., Queen Bee

Boudoir, Whimsy Daisy Designs, The Body Shop, Tapley's Mum's, and many others for your fundraisers! We are entirely grateful for all of hard work and efforts.

### RENO AND MATCHING GIFT PROGRAM

In late 2020, the society started fundraising for a much-needed renovation of the Squamish Drop-In Centre. The first big success of this effort was a \$45,000 grant from the Katz Amsterdam Charitable Trust. Shortly after, HSWC received notification from the Whistler Blackcomb Foundation that they would award a \$70,000 matching grant to help span the last bit remaining of the final fundraising goal of \$450,000. The community stepped up in a huge way to receive the full funding and up to March 2021, donated \$60,465 towards the renovation. The society is on track to receive the full amount and wants to thank Katz Amsterdam Charitable Trust, the Whistler Blackcomb Foundation, and the supportive donor community for making this renovation possible. Through these donations, the Centre's renovation will include the addition of more children's counselling space, crisis support rooms, and a group facilitation area. Additionally, by moving administrative offices to the second floor, HSWC has the capacity to grow the team in the future, ensuring the society is able to provide much needed supportive services to all survivors of gender-based violence for years to come.

### MONTHLY GIVING PROGRAM

Did you know you can sign up on the HSWC website to donate to the Women's Centre with an automatically processed monthly payment? When you become a monthly donor, you help empower more women to escape a life of violence and fear. Last year's monthly donors included Alix Browne-Munz, Ashley Oakes, Clare Wells, Jenna Stoner, Julia McIntyre-Smith, Margaret Fellowes, Sarah Hodges, Stay Wild Natural Health, and Venessa Wallsten. A million thanks to this supportive group of donors making a difference for the community.

## INTERNATIONAL WOMEN'S DAY AUCTION

Due to Covid-19, the annual Raising our Voices through Song fundraiser wasn't possible and the first ever Pearl's On The Runway fashion show was canceled. With auction item donations already collected, staff switched gears to a Covid-friendly online auction in conjunction with International Women's Day held on March 8th, 2021. International Women's Day is a global day celebrating the social, economic, cultural, and political achievements of women. The day also marks a call to action for accelerating gender parity and this year's theme was "Choose to Challenge". This theme invited participants to pledge to challenge and call out gender bias and inequality

by posting photos with their hand raised. Staff created the graphic shown here with the #choosetochallenge and #IWD2021 hashtags, inviting customers at Pearl's and passersby to pledge and post, creating awareness for International Women's Day. At the same time, HSWC promoted the auction through a window display at Pearl's which highlighted all the donated items from women owned or run businesses. The auction kicked off on International Women's Day and ran for two week, featured nearly 100 items, and raised \$10,265. We're so thankful for the community that both donated and purchased items to make this fundraiser a great success!

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>This grant will support Whistler Women's Centre (WWC), a Howe Sound Women's Centre Society program. Grant funds will allow the WWC to operate three days a week of drop-in services and two days a week outreach, as well as additional outreach and meeting with clients outside of office hours. WWC drop-in support outreach services are available at both Whistler &amp; Pemberton libraries. We continue to offer safe, confidential support services to vulnerable women, trans, non-binary, Two-Spirit, and other diverse-gender individuals and children, particularly those experiencing high conflict, violence, or abuse. Grant funds allow for the delivery of existing and new programming to support diversity with various workshops. It will enable us to secure and arrange childcare to support the women participating and help remove barriers. These programs will include: bringing in artists, therapists, and professionals to expand our programming to reach more women in our community. We will offer wellness programming like weekly karma yoga, breathwork, meditation classes, self-defence sessions, healthy eating on a budget, along with creative programs requested by clients.</p> <p>We are developing spring programming to align with the current climate and challenges of the ongoing pandemic with a specific focus to meet the needs of the multifaceted populations we are serving. Our objective includes the delivery of relevant and effective workshops, providing healthy food on-site, support such as childcare onsite or other options, transportation assistance and help with various supports unique to one's situation and barriers.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>The Whistler Women's Centre is an established program of Howe Sound Women's Centre, however, with the increased rates of gender-based violence seen during the Covid-19 Pandemic, the WWC is offering more services than ever before including additional housing using hotels when the Transition and Safe homes are at full capacity. HSWC has also started gender-diverse and inclusion work to better support trans, Two-Spirit, and non-binary survivors of gender-based violence which will increase the population served. We will continue to expand our services to reflect the needs of those who come to us in the community with diverse backgrounds and needs.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>The WWC offers clients confidential, non-judgmental support, community referrals, access to resources, advocacy and systemic guidance from our trauma-informed, safe space. Our programming focuses on:</p> <p>Emergency Transition Housing: In the absence of emergency transition housing in Whistler, the WWC is a direct link to accessing emergency safe housing at Pearl's Place Transition House in Squamish and Pearl's Safe Home in Pemberton, and offers outreach support, advocacy, counselling and referrals to other resources to mitigate the effects of gender-based violence and Intimate Partner Violence.</p> <p>Community Outreach: During the past year the WWC has had very limited community engagement due to the pandemic. However, WWC staff continues to provide individual outreach supports by meeting women in the community with safety measures in place.</p> <p>Sexual Assault Support and Prevention: The WWC offers sexual assault education and prevention as well as front-line support for survivors, and participates in advocacy awareness and education initiatives for the service industry in Whistler in addition to providing Third Party reporting services for sexual assaults in the community.</p> <p>Access to necessities for clients and their children: The WWC provides practical items such as gently used clothing, books, toys, personal care products, food, and other necessities at no cost to anyone in need in the community. In addition, these items are delivered when individuals cannot access the drop-in centre.</p> <p>Homeless Prevention Program (HPP): This program provides rental subsidies for survivors fleeing abusive relationships or at risk of homelessness in the area. WWC staff has seen an increased need for this service.</p> <p>Navigating the Legal System and Family Justice: The WWC can help women, trans, non-binary, Two-Spirit, and other gender-diverse survivors understand their legal rights when facing abuse or separation and provide referrals to legal supports. The WWC offers a safe and private meeting space for survivors to meet with other agencies and law enforcement personnel as well as providing confidential support and referrals for clients who are suffering from physical, emotional, and mental health challenges.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p><i>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <a href="#">Community Performance Indicators (CPI)</a>:</i></p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p><i>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</i></p> <p><i>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></i></p>
<p><i>Example: This grant addresses the priority of “Enriching Community Life” because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<p><b>Enriching Community Life</b></p> <p>The WWC serves the unique and diverse needs of all survivors of gender-based violence, bringing together clients of various cultures and ages, including Multicultural and First Nations communities. HSWC staff knows that this work contributes to the social fabric of the community, the social attachments of its residents, and contributes to the wellbeing of our community and society at large. The WWC drop-in programs give all women, trans, non-binary, Two-Spirit and other gender-diverse individuals in the community the opportunity to build their village of support, gather tools and resources, and prevent isolation; fostering wellness and a sense of community.</p>	
<p><b>Enhancing the Resort Experience</b></p> <p>Whistler is a unique resort-based community that welcomes people and ideas from around the world, while maintaining a rich local mountain culture. When an individual faces unexpected challenges, including but not limited to violence and abuse, they turn to their most trusted support network for guidance. Most Whistler residents and visitors alike are far away from home and in difficult times may feel isolated, lost, or alone. The WWC enhances the resort experience by providing confidential guidance and support to survivors of gender-based violence during these times, mitigating some of the harms of violence.</p>	
<p><b>Protecting the Environment</b></p> <p>Through the community clothing and necessities swap, WWC is able to divert gently used goods from the landfill. WWC is also able to divert any overflow to Pearl's Value and Vintage, the HSWC's social enterprise. Furthermore, offering gender-based violence support services within the Whistler community allows for a reduction in the frequency of trips to Squamish or Vancouver, therefore reducing the environmental impact of Whistler residents accessing such services outside of the community.</p>	
<p><b>Ensuring Economic Viability</b></p> <p>While some survivors fleeing violence and abuse choose to leave their community and relocate for their own safety, the WWC offers safe housing and ongoing support to give survivors the options to increase their safety and heal from violence and abuse while staying within their home community. By offering free, non-judgmental, confidential support to all survivors in the community, the WWC supports Whistler residents in continuing to engage fully in economic, social, cultural, and recreational opportunities that make Whistler the vibrant community that it is. HSWC also offers specialized job skills development and employment services for clients who have experienced violence and abuse, in partnership with the WorkBC program. Empowering survivors to remain in or re-enter the workforce after experiencing trauma and abuse ensures an equal opportunity to develop and maintain financial independence and contribute to the local economy. The WWC Homeless Prevention Program also provides rental subsidies for survivors of gender-based violence and children fleeing violence to support them to find stable and affordable housing.</p>	
<p><b>Partnering for success</b></p> <p>Working collaboratively in partnership with other agencies, law enforcement, and the justice system is paramount to realizing the HSWC vision of a violence free future. With that in mind, WWC actively participates in cross-sectoral committees and partner relationships focused on ending gender-based violence, including RCMP, Victim Services, Ending Violence Association of BC, BC Society of Transition Houses, Sea to Sky Community Services, Mental Health and Addiction, the Ministry of Children and Family Development, and the Whistler Non-Profit Network.</p>

<p>The Whistler "55+" demographic of MAC members and residents form a considerable portion of the community (2016 Census, estimated: 785 = age 50-54 and 2,015 = age 55+ based on total Whistler population of 11,854 The percentage of 50+ Whistler residents is expected to grow significantly, per: Jan. 22, 2019 presentation by Whistler Centre for Sustainability at Whistler Library (Statistics provided by Speaker: Shannon Gordon) Tourism visitors that are 55+ connect on daily basis with the Whistler multifaceted social fabric of many age groups within the Sea to Sky Corridor to enhance their holiday experiences and tourism industry revenues. Many MAC members are providing numerous volunteer hours and financial support to Whistler organizations, charities &amp; events. The 55+ group often live in Whistler as part-time or full-time residents who enjoy many year-round activities and bring economic benefit to the regional businesses and community/government related tax income</p>

# MAC Strategic Plan 2020-2021: (Approved MAC Board – Working Document)

This strategic plan was developed to guide and focus MAC's efforts and resources over the next two years. The priorities and key deliverables will be pursued as resources permit and as opportunities arise, and they will be adjusted as necessary when new information becomes available.

<b>Vision<sup>1</sup></b>	<b>Whistler is an inclusive, supportive community where residents can actively and comfortably age in place.</b>					
<b>Mission<sup>2</sup></b>	<b>We connect, engage and advocate for Whistler seniors.</b>					
<b>Focus Areas<sup>3</sup></b> <b>Goals<sup>4</sup></b>  <b>Priorities</b>  <b>Key Deliverables</b>	<b>Recreation and social participation</b> <i>Recreation, culture, learning and other social events connect and engage seniors.</i>  <b>Continue to coordinate a set of social opportunities that engage seniors.</b> <input type="checkbox"/> Reduce MAC's core social offerings slightly to reallocate some resources to other priorities.  <input type="checkbox"/> Explore options for hosting and/or promoting an online 'meet up' platform enabling seniors to coordinate social activities amongst themselves.	<b>Housing and supported living</b> <i>Seniors can remain in Whistler, enabled by a range of seniors' housing options, as well as home services that extend housing suitability.</i>  <b>Refocus MAC's housing efforts on delivering seniors housing options that extend beyond the WHA inventory.</b> <input type="checkbox"/> Explore and identify alternative seniors housing options that extend beyond WHA options.  <input type="checkbox"/> <i>Next step:</i> Advocate for and promote the delivery of the most suitable and needed seniors housing options.	<b>Transportation and public places</b> <i>Transportation options and public spaces and public buildings are safe, accessible and comfortable for seniors.</i>  <b>Advocate for local and regional transportation solutions that are inclusive of and well suited for seniors.</b> <input type="checkbox"/> Lobby for a regional Handy-Dart or other door-to-door service to transport seniors for medical appointments.  <input type="checkbox"/> Continue to participate on Whistler's Transportation Advisory Group on behalf of seniors.	<b>Health and social services</b> <i>Health care and home health support services meet the needs of seniors and are either accessible locally or by suitable transportation options.</i>  <b>Advocate for timely access to medical services and long-term care services in the Corridor.</b> <input type="checkbox"/> Secure representation on Vancouver Coastal Health Authority board or advisory group.	<b>Respect and inclusion</b> <i>Seniors are valued, treated with respect and included in all aspects of community life <u>and decision-making</u>; they rarely encounter ageism.</i>  <b>Represent the interests and needs of Whistler seniors in community decision-making.</b> <input type="checkbox"/> Secure and maintain representation on key community boards, committees and advisory groups focusing on but not limited to housing, health, transportation and recreation. <input type="checkbox"/> Participate in community planning initiatives as they arise.  <input type="checkbox"/> Encourage the RMOW to apply for UBCM funding to develop an age-friendly action plan in 2020.	<b>Organizational capacity</b> <i>MAC has the capacity<sup>5</sup> to deliver on the goals and our mission and vision.</i>  <b>Increase membership (support), and improve MAC's relevance and recognition in the community.</b> <input type="checkbox"/> Refresh MAC's identity/brand. <input type="checkbox"/> Survey seniors and upcoming seniors to understand needs and barriers to engagement with MAC. <input type="checkbox"/> Establish a communication channel to regularly connect with Whistler seniors. <input type="checkbox"/> Identify and build strategic relationships with Whistler organizations (e.g. Alpine Club, AWARE, WORCA, seniors ski team)  <b>Secure reliable sources of revenue</b> <input type="checkbox"/> Conduct a review of and make recommendations for a new revenue model for MAC, considering membership and fee-based models. <input type="checkbox"/> Inventory local, provincial and national grants for which MAC is eligible, and pursue them as needed.

<sup>1</sup> What we are aiming to achieve in Whistler. <sup>2</sup> How we will achieve our Vision. <sup>3</sup> What we focus on. <sup>4</sup> What we're aiming to achieve in each focus area. Note: More detailed goal statements, as well as indicators and targets can also be developed to provide more guidance. <sup>5</sup> Includes the financial and human resources (incl. board, volunteers and members), partnerships, public relations, communications channels, etc. needed

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>There are three main priorities the Club would like to help fund if this grant application were is successful. The first is to contribute to expanding the Track Attack programs, where there are a growing number of younger skiers who are keen to race and gain experience of high performance Nordic skiing. We would like to support these athletes in travelling to races and providing high performance development programs. The Skills Development Program has been running for the past 19 years and is aligned with the Sport Canada/Nordiq Canada's Long Term Athlete Development Pathway (LTAD). There are around 10 Whistler Nordics Track Attack skiers who are participating in the Teck TA Championships in Kelowna Feb 26-27. This shows there are a number of motivated athletes who are now getting to a stage where they require more intensive training sessions on snow and dryland and more qualified coaches. The Club would like to provide more higher level coaches to support these athletes and we would like to develop a Track Attack Corridor United Program that will attract youth Sea 2 Sky cross country skiers U12-U16 that will train together. The vision is to create a strong cohort to be part of, more higher level coaching, and a clear development pathway within the corridor.</p> <p>The second purpose of this grant is to put towards expanding our extremely successful Masters programs and attracting more coaches in the view to offer more quality programs. This season we have had the amazing opportunity of having both Chris Manhard (BC Provincial Coach for CCBC) and Maria Lundgren (Assistant Coach for CCBC) coach the Masters Program and it has been widely recognized by the community that this program is a huge resource for the community over the years. As the pandemic restrictions are lifted, both Chris and Maria will be travelling with the BC Team more and we are looking to train more coaches under their direct supervision to continue to offer the Masters program and to the expansion of this program in the future.</p> <p>The third purpose is to put this funding towards the Club and office upgrade. Whistler Nordics is looking for a permanent facility to make a legacy for the future of the Club. This would help the Club be a contributing facility to the community and it would also help with Club awareness in the community.</p> <p>All in all, Whistler Nordic Ski Club has seen many of the local youth progress through the Skills Development Program over the past few years and these young skiers are now looking for the next stage of High Performance Programs, which the Club offered a few years ago to our most successful athletes now competing in World events.</p> <p>Our view for the future is to expand our youth and adult programs to promote the sport within the local community, which sees Nordic skiing as way to prove a sense of belonging in the community and keeping a healthy lifestyle for life.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>This is an existing program in which the main goals of the programs are to introduce cross country skiing and a healthy lifestyle associated with organised activity and active play, learn basic cross country ski skills and to instill a life-long interest in the sport, with participants becoming technically competent and healthy active adults. We are in the process of encouraging our youth participants to try racing with the intent of developing a High Development Team this year.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>Overall in the last four years Whistler Nordics has been voted first or second most successful Best Small Club by Nordiq Canada. Due to the pandemic the community saw a huge increase in interest in cross country skiing last season. This year, this interest has continued and our SDP registrations and membership have seen an increase from the pre-pandemic years. Our older Track Attack programs have grown in participation and we would like to see more expansion in our programs to maintain the teenagers in the sport. Whistler Nordics athlete, Joe Davies has been nominated to represent Canada in the World Juniors in Norway. Whistler Nordics Benita Peiffer has been selected to represent Canada in the World Juniors and skied in the World Cup and selected to be an alternate in the Olympic Biathlon. Whistler Nordics Michael Murdoch is currently skiing the US Super tour with extremely successful results. Whistler Nordics is currently going through a transition and there are younger athletes who will hopefully succeed to the same level as these racers.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li>1. <i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li>2. <i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>2021 - RMOW/CEP Grant - \$3,000  2021 - Gaming Grant - \$9,750  2021 - Fall Ski Swap - \$2,100  2021 - CCBC &amp; Kal Tire - \$1,500 (\$150 per TA athlete to attend the Teck TA Championships in Kelowna Feb 26-27)</p> <p>2022 - Winter Silent Auction - ongoing - currently \$2,481</p> <p>2021 Fall - WBF - \$15,287.50 non-approved  Due to the ongoing pandemic WBF awarded the grants to Community Services at this time</p>

<b>6. Additional Information:</b>	<i>Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.</i>
<p>Nordiq Canada has mandatory coaching qualifications for coaches, and specific coach to athlete ratios which limits who we can use to coach our programs. This makes it more expensive to train new coaches and provide higher level training to our ongoing coaches and also to hire more qualified coaches to coach our High Performance programs. The Club continues to struggle to source volunteer coaches so we rely on grants and fundraising to help cover these costs, so that we can continue to offer successful programs and attract experienced coaches. The club has recruited a wide range of coaches from BC Provincial coaches, local athletes with experience in racing, parents with a background in skiing, high school students, local youth and adults looking to help support the community. This results in cultivating coaches with qualifications, leadership skills and part time work. By paying coaches we are supporting youth employment in the community and delivering a higher quality program experience.</p>

<p>Whistler Nordics is very focused on 'Enriching Community Life' because we work to create a sense of belonging, to improve Resident Satisfaction, to improve Satisfaction with Recreation Opportunities, to improve Personal Health Status, and to increase Resident Volunteer Rates. The club works to create a sense of belonging for its members by bringing together people with a similar interest and providing opportunities to socialise and recreate within organised activities. Our membership has seen new members join us over the pandemic years, having relocated to the local area from different parts of Canada and the US. Whether our club members are participating in the Skills Development Programs, the Masters Programs, or the Toonie races, they are all given meaningful opportunities to belong to a larger group with shared interests. By increasing a sense of belonging and participating in organised activities and events, our club increases resident satisfaction.</p> <p>Whistler Nordics improves Satisfaction with Recreation Opportunities by contributing to Nordic ski culture and providing opportunities for physical recreation for residents and second homeowners. Our Saturday programs at Whistler Olympic Park draw people from all areas of the Sea 2 Sky corridor and Vancouver. Whistler Nordics improves Personal Health Status by giving opportunities for physical exercise and instilling a love for cross country skiing and a healthy lifestyle. Active individuals are more likely to feel good about their Health Status. The club provides many opportunities for volunteering and we are continuously providing opportunities for residents to volunteer and in turn improves the Resident Volunteer Rates. Whistler Nordics also helps to 'Enhance Resort Experience' by improving Visitor Satisfaction. We also work to 'Enhance Economic Viability' by contributing to the Total Employed Work Force and have made considerable efforts in supporting local businesses at the grass roots level to host events through sponsorship and promotions.</p>

## #1 Purpose of Grant

The purpose of the grant is to assist WYSC to cover a small amount of costs in order to keep soccer affordable for all its members.

Soccer is one of a very few team sports in our community and keeping it accessible to all is extremely important.

**1/ Technical Director/Wages \$2000** – To assist with off-setting some wages for our Head Coach who provides daily instruction during practices and games to our players and coaches to ensure that BC Soccer standards are upheld, and our players are getting the best experience possible.

**2/ Referee Course Fees \$500** – We encourage and support our youth by offering Referee Clinics annually and invest in their education to enhance their self-esteem when playing the game and enabling them to referee the game. We aim to certify new junior referees each year in the small sided clinic and to offer a refresher clinic for our older referees who are able to referee league games for our U12-U18 Teams.

**3/ Kicking in Schools \$2500** - We have programmed as though we will be able to go ahead with this program in the Spring. This program will operate at both Spring Creek and Myrtle Philip for children in grades kindergarten – Grade 7. The program will run for 2 weeks at each school. Whistler Youth Soccer Club works in partnership with the school to provide the equipment required. This request will assist in offsetting the cost of providing 2 coaches to provide the instructions to the students and teachers.

## #3 Current Year Highlights and Community Benefits: *Detail the specifics of activities and community benefits your organization provides.*

*This past year, the Whistler Youth Soccer Club has been able to offer programming, both indoors and out, that was safe and fun for anyone who wanted to participate.*

*This past year also highlighted the importance that exercise plays in maintaining the mental wellbeing of our youth, furthering the important role youth sport plays in their wellness as a whole person.*

*2022 has started off on a positive note with indoor soccer training that started in January and will finish right before spring break in March. This is currently program is currently operating and is well attended by players ages 6 – 18 years.*

*Our outdoor season will begin in April as soon as the snow clears with tournaments being given the green light.*

Soccer continues to draw our community together and be excited about physical activity and comradery.

It's also a sport that ensures that every child can play, regardless of skill level and/or financial support. The grant money that we receive will help us maintain low pricing, allowing every child that wants to play the opportunity to play.

WYSC continues to strive to develop a passion for soccer (for life) by delivering quality affordable programs which enhance self-esteem and enrich the family community lifestyle which is a vital part of our community.

WYSC continues to see player registration growth and retention of Whistler school students participating, proving our membership and coach involvement continue to be strong.

WYSC will continue to support Pitch in Day by having as many families as possible support the initiative by attending out location in the community to clean up all garbage and debris.

## #6 – Additional Information

### COMMUNITY PERFORMANCE INDICATORS

***First, please visit [www.whistler.ca/monitoring](http://www.whistler.ca/monitoring) to learn about the five areas of Whistler 2020's Community Performance Indicators (CPI):***

- 1.Enriching Community Life***
- 2.Enhancing the Resort Experience***
- 3.Protecting the Environment***
- 4.Ensuring Economic Viability***
- 5.Partnering for Success***

***Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.***

***Note: Each CPI listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at [www.whistler.ca/monitoring](http://www.whistler.ca/monitoring)***

The CPI's that this grant addresses are Enriching Community Life and Partnering for Success.

This is measured by the 3 key success items: Spirit of Co-Operation, Personal Health Status and Resident Affordability.

1/ WYSC has 9 adult volunteer coaches and a pool of Jr coaches who volunteer when they can to support our house program for preschool – U11 girls and boys. These coaches dedicate many hours both on and off the field to our organization, giving them a sense of pride and contributing to and supporting our communities' children.

2/ WYSC provides local youth the opportunity to participate in low-cost, year-round sport that encourages and promotes a healthy life-style through exercise. Team play is a great social learning experience and fosters respect and develops a sense of belonging and self-esteem.

3/ WYSC strives to give back to the community wherever possible. We partner with the primary schools by providing no cost to school, during the school day soccer instruction as an alternative to gym classes (Kicking in Schools), which helps teachers learn new skills to use throughout the year while providing the students with a quality soccer experience without barriers.

4/WYSC continues to provide two \$500 scholarships to Whistler Secondary School each year to 1 male and 1 female graduate who has shown exceptional characteristics whilst being a member of our organization which is used towards post-secondary education. New this year, WYSC is hoping to have the criteria confirmed for a new scholarship in memory of a long time member's son who passed away.

5/ WYSC encourages older members to become qualified referees and supports and mentors them on the field. This helps them become confident in their capacity to referee and provides them with the opportunity to keep active and involved in the community whilst being paid.

6/ WYSC encourages and mentors older members to volunteer on field with younger players enabling them to complete required volunteer hours for school. It's also a great opportunity for all to experience new opportunities and be involved with various age groups within our community.

7/ New this year, our U18 players will be able to join a Friday night game night to encourage training and participating in the off season (Spring).

### **Ways to Improve on CPIs**

WYSC strives to meet the needs of the community as well as accommodate our unique winter sport opportunities. We look for ways to make participating easy by removing barriers: This season we will continue to offer various registration options to our U12 - U18 players to reflect our ski and snowboard season. We are planning our full season teams to being with their team in the Spring this year so that the team can build comradery and plan for the full season from Spring to Fall. Registration options include full season soccer to a training player option to the seasonal one we had playing options for everyone while maintaining our standard providing a place for everyone. We look for ways to develop physical literacy in our participants ensuring our players are well rounded, capable and confident athletes whose love and ability to participate are established for life.

With tournament play being allowed again, we are hoping to offer a one-day tournament at the end of June, that will host U10 girls and boys for one day each to offer a competitive, friendly opportunity for all players. We had intended to offer this last year however, with Covid continuing to be prevalent and limiting we postponed the even. We look forward to trying again this year!

Finally, we are able to offer Kicking in Schools to both Myrtle Philip and Spring Creek Elementary School this year. Offering this program in both schools, will include more of our community's youth as well as their teachers the opportunity to enhance their school day experience. We believe that meeting kids at their school takes away barriers to participation while developing the teacher's competence to coach soccer.

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>In 2022-23, the funds we are requesting from the RMOW would enable WMS Resilience Whistler to continue the program initiated in 2021. It will fund continued activities to</p> <ol style="list-style-type: none"> <li>1. establish awareness, understanding and value of diversity and to build cultural competency in the community: including community dialogues/discussions, gathering and dissemination of local diversity stories and contributions, and documentation of those for local archives and historical records.</li> <li>2. build/expand engagement of the IBPOC community in program development by consolidating a local IBPOC advisory group, carrying out a survey/research to identify and quantify instances of racism, hate, discrimination and bias locally and to document those</li> <li>3. Provide support to community members and other stakeholders working to eliminate racism and hate crimes in Whistler by circulating regular information and updates, resources, videos, and information on workshops and other training opportunities and linking Whistler residents to anti-racism work/initiatives in other communities.</li> </ol> <p>For full details of the 2022-23 Resilience Whistler plan, please see attached Outcome Measurement Framework.</p> <p>Specifically, funding is requested to support:</p> <ul style="list-style-type: none"> <li>- additional salary for Resilience IBPOC Outreach Worker</li> <li>- materials and honoraria for community dialogues/discussions and the IBPOC advisory group</li> <li>- marketing costs</li> </ul>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>No, this will be the second year of the program. 2021-22, however, was a year of learning and our objectives for 2022-23 are firmly based in those outcomes. The role and objectives of this program have emerged clearly to provide facilitation and a forum for the community to explore our local diversity and its value, opportunities to have meaningful dialogue amongst all members of the community, and to support IBPOC locals in planning and driving initiatives to create greater equality, and acceptance and celebration of diversity.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>Whistler Multicultural Society (WMS) works towards building a more inclusive community. We works in community with immigrants and newcomers to deliver settlement information and orientation services, programing to develop connections to the community, training and education, volunteering and cultural sharing opportunities, and peer to peer support. WMS also engages with wider community members, organizations, and services to bridge the gap between newcomers and the community, with an emphasis on developing greater equity and inclusion. Through information sessions and workshops, peer and community leadership programing, and through cultural sharing activities, we seek to build capacity within minority groups to more fully participate in our local community. Through information dissemination, provision of anti-racism learning resources and connections, gathering of research and feedback from disadvantaged and racialized groups, we aim to create an ongoing and positive dialogue to involve all community members in building a more inclusive community.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>Resilience BC: \$7795 received</p> <p>No other outstanding grants or funding in place. During the coming year, funding applications will be submitted where opportunities for grants for incorporated societies are identified. Any funding from RMOW CEP will support the work towards sourcing additional funding.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <a href="#">Community Performance Indicators</a> (CPI):</p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</p> <p>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></p>
<p><i>Example: This grant addresses the priority of "Enriching Community Life" because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<p>This project addresses the Enriching Community Life and Partnering for Success CPIs.</p> <p>Resilience Whistler aims to raise awareness of the rich cultural diversity and all it brings to our community, and to create greater understanding and connections between our diverse local communities. A key component of the project is its leadership by local IBPOC and racialized individuals and the involvement/partnership of local community leaders, organizations and service providers. By offering local community members the tools to grow their understanding of, and commitment to, diversity and equity, Resilience Whistler enhances the community's Sense of Belonging.</p>

## **The Whistler Multicultural Society**

The Whistler Multicultural Society (WMS) supports immigrants and newcomers to grow social capital, skills, knowledge, and experience to ensure their success and participation in our community while fostering intercultural awareness, understanding, and interactions in the wider community of Whistler. Our programs build cross-cultural interaction and connections, develop awareness and understanding of our local diversity, and seek to grow equity and inclusion. We aim to build the voice and profile of newcomers and immigrants in our local community, and to develop community inclusion initiatives.

The Whistler Multicultural Society formed out of the Welcome Sea to Sky project, funded by the SMART Fund, Vancouver Coastal Health, focused on building social connectedness and reducing social isolation; developing community-driven programs to help reduce barriers to participation and grow the leadership capability of newcomers and immigrants. It incorporated as a non-profit society in early 2020 and is now funded in its own right to take on leadership of the Welcome Sea to Sky project across the corridor (Squamish, Whistler, Pemberton).

The WMS is a key partner in the Whistler Welcome Centre, hosted by the Whistler Public Library, and is contracted by Capilano University as a service provider partner in the delivery of federally- and provincially-funded immigrant settlement services. Whistler Multicultural Society also works as a local spoke in the provincial Resilience BC Anti-Racism Network. It is increasingly undertaking initiatives locally, and across the Sea to Sky, aimed at building inclusive communities.

*Whistler Multicultural Society is a registered society (S0072648) (business number 74928 9534 BC0001).*

In 2022-23, we plan to continue building on the core multicultural community kitchen program with:</p> <ul style="list-style-type: none"> <li>- the addition of a number of more family-focused activities including a family-focused multicultural community kitchen, a pilot after school multicultural camp, and expansion of the multicultural summer day camp to a full week this summer.</li> <li>- delivery of a healthy eating digital badge supporting immigrants, newcomers and other community members interested in exploring local foods and resources more</li> </ul> <p>In particular, we are requesting:</p> <ol style="list-style-type: none"> <li>1) additional salary for the Multicultural Outreach Worker for program development</li> <li>2) contribution to salary for multicultural summer and after school camp facilitators &amp; helpers</li> <li>2) honoraria for immigrant cooking session facilitators and speakers for Healthy Eating digital badge/workshops</li> <li>3) contribution to camp supplies, food, and marketing/promotion costs</li> <li>4) contribution to space costs for community kitchens, after school camp pilot, and healthy eating digital badge</li> </ol> <p>Please see detailed plan and budget for the year attached.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>No, this will be the 7th year of the program and development/expansion continues. In 2022-23, the core program bringing immigrants and locals together through food to build community and belonging will continue. Additions to the annual plan include a healthy eating digital badge program for immigrants and newcomers, and expansion to include more youth and family-focused programming, especially of the multicultural camps from 2 to 5 days this, a pilot after school program, and family-focused version of a multicultural community kitchen.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>Whistler Multicultural Society (WMS) works towards building a more inclusive community. We work in community with immigrants and newcomers to deliver settlement information and orientation services, programming to develop connections to the community, training and education, volunteering and cultural sharing opportunities, and peer to peer support. WMS also engages with wider community members, organizations, and services to bridge the gap between newcomers and the community, with an emphasis on developing greater equity and inclusion. Through information sessions and workshops, peer and community leadership programming, and through cultural sharing activities, we seek to build capacity within minority groups to more fully participate in our local community. Through information dissemination, provision of anti-racism learning resources and connections, gathering of research and feedback from disadvantaged and racialized groups, we aim to create an ongoing and positive dialogue to involve all community members in building a more inclusive community.</p>

<p>This project addresses the Enriching Community Life and Partnering for Success CPIs. It builds awareness and understanding of local diversity and brings members of the community together to discover and value each other's skills, knowledge and values. We are not only creating greater connections between newcomers and community, and a sense of belonging for participants and especially volunteers, we are also working closely with local partners to deliver more viable, versatile and successful programs that reach a much wider audience and increase newcomer participation and belonging. Through new activities piloted in 2021/22, this program is now expanding these connections to involve youth and their families.</p>

## Multicultural Community Kitchen program 2022-23

The Multicultural Community Kitchen program focuses around cultural food sessions bringing immigrants and newcomers and all community members together in order to build community connections and intercultural awareness and understanding. Through this program, we seek to promote a greater sense of belonging to the community for newcomers and immigrants, and to create a more inclusive community environment through food.

In 2022-2023, we plan to extend this program to add a nutrition digital badge for local immigrants/newcomers, expand opportunities for family and youth cultural interaction and learning through: a family-focused community kitchen, the delivery of a week-long culture camp for children aged 7 to 12, and the pilot of an after school culture camp. Using our experience of the last two years, we will continue to deliver in a mix of in-person and remote modes – dependent on public health orders in effect. We continue to work wherever we can in partnership with local businesses and organizations, such as the HWSC, local grocery stores and the Whistler and Pemberton foodbanks.

Activities	Planned outputs	Short-term Outcomes	Intermediate Outcomes	Long-term Outcomes
<b>Build knowledge of food and cooking in immigrants and their families</b> Support development of financial skills, nutritional and environmental awareness & knowledge	<ul style="list-style-type: none"> <li>1 healthy eating digital badge: multicultural cooking program covering nutritional info, food safe, grocery shopping &amp; budgeting</li> <li>6 sessions; 4 information, 2 practical cooking</li> <li>6-9 participants</li> </ul>	Immigrants have increased knowledge of nutrition, healthy eating, shopping on a budget and how food choices and environment are linked.	Immigrants and their families in Whistler are collaborating to learn, and to teach Whistler community members, about multicultural food and other cultural items	Better mental and physical health in, and greater participation by, the immigrant communities in Whistler
<b>Build skills for work/life:</b> <ul style="list-style-type: none"> <li>Provide opportunities to practice and grow communications skills</li> <li>Develop and promote volunteer opportunity(s)</li> </ul>	<ul style="list-style-type: none"> <li>8 immigrant chefs share cultural cooking and host a cooking/cultural share session</li> <li>1 MCK volunteer assistant</li> <li>8 recipes and stories on the WWC website</li> </ul>	Immigrants have increased life and workplace skills and know better how to support their families/children  Immigrants have increased confidence and skills to interact in the wider community		
<b>Provide regular opportunities for immigrants and community members to interact:</b> <ul style="list-style-type: none"> <li>Regular cultural cooking sessions led by immigrant cooks</li> <li>Provide opportunities for local youth to learn about diversity through food</li> <li>Partner with other organizations in town for activities</li> </ul>	<ul style="list-style-type: none"> <li>8 multicultural community kitchens</li> <li>1 cultural sharing youth camp led by local immigrants (5 days)</li> <li>1 pilot multicultural after school program (4 x weeks)</li> <li>1 family-focused MCK</li> <li>Deliver 2 MCKs and summer camp in partnership with 3 local organizations</li> </ul>	Immigrants are more connected to, and participate more, in the community  Immigrants and community members know more about each other's' cultures and values and interact more often.		

## **The Whistler Multicultural Society**

The Whistler Multicultural Society (WMS) supports immigrants and newcomers to grow social capital, skills, knowledge, and experience to ensure their success and participation in our community while fostering intercultural awareness, understanding, and interactions in the wider community of Whistler. Our programs build cross-cultural interaction and connections, develop awareness and understanding of our local diversity, and seek to grow equity and inclusion. We aim to build the voice and profile of newcomers and immigrants in our local community, and to develop community inclusion initiatives.

The Whistler Multicultural Society formed out of the Welcome Sea to Sky project, funded by the SMART Fund, Vancouver Coastal Health, focused on building social connectedness and reducing social isolation; developing community-driven programs to help reduce barriers to participation and grow the leadership capability of newcomers and immigrants. It incorporated as a non-profit society in early 2020 and is now funded in its own right to take on leadership of the Welcome Sea to Sky project across the corridor (Squamish, Whistler, Pemberton).

The WMS is a key partner in the Whistler Welcome Centre, hosted by the Whistler Public Library, and is contracted by Capilano University as a service provider partner in the delivery of federally- and provincially-funded immigrant settlement services. Whistler Multicultural Society also works as a local spoke in the provincial Resilience BC Anti-Racism Network. It is increasingly undertaking initiatives locally, and across the Sea to Sky, aimed at building inclusive communities.

*Whistler Multicultural Society is a registered society (S0072648) (business number 74928 9534 BC0001).*

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>The Community Enrichment Program grant will be spent on supporting Neighbourhood Small Grants (NSG) in Whistler. NSG uses an asset-based community development approach to draw upon existing strengths and build strong communities.</p> <p>NSG principles believe that Small is Powerful and informal group-led projects with budgets of \$500 or below are granted that start and sustain local traditions, build sense of place and community leadership, connect people, create new resources and have community working towards common goals in their geographic area.</p> <p>Neighbourhoods use and showcase local resources—time, physical spaces, knowledge including cultural and traditional, experiences, skills, local businesses, non-profits, informal and formal groups in the community when planning their events.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
No	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>The Whistler Community Foundation provides grants to improve quality of life in Whistler. In 2021 90 grants and scholarships were distributed to support community.</p> <p>Specific to this year's request for Neighbourhood Small Grants, the funds provided by the CEP will further this mission. From an asset-based community development perspective, local community members are experts in the opportunities and priorities in their neighbourhoods and have a unique ability to gain trust and foster participation amongst their neighbours.</p> <p>The NSG is committed to facilitating accessibility and inclusion so that all neighbours feel welcome to contribute to NSG leadership, initiate projects, and participate in community events. When all voices are heard, and all ideas considered, we can create visions for our neighbourhoods' future that are powerfully supported by the community. We can also increase neighbours' sense of belonging and create opportunities for people to form connections across differences.</p> <p>The NSG program believes that short term successes and tangible results can spark neighbours' motivation, sense of capacity, and desire to collaborate with others and give back to their community. Small projects might inspire further initiatives and provide credibility so that they can be scaled up over time with other partnerships and larger funding applications.</p> <p>In 2021 16 successful Responsive NSG events were held in Whistler. The project goals were to connect people socially or involve sharing skills or talents with each other.</p> <p>Tapleys Farm Halloween in Whistler Brio Halloween Neighbourhood Celebration Rainbow Book Swap, Sell and Sip Creekside Little Library New Moms Yoga in the Park Chiyakmesh Library Camera Obscura Westside Cheskanus Books LIT Hub Rid the Vid- Clean Up Emerald</p>

6. Additional Information:	Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.
<p>The Neighbourhood Small Grants program is a grassroots way of supporting community members to build capacity and increase their sense of belonging. The impacts of COVID has proved very difficult for many people and being able to safely connect would be very beneficial both for the NSG leader, and those that take part in the activity. The ideas are usually very simple, but effective in sharing skills and growing connections.</p> <p>The support of the RMOW would be greatly appreciate in continuing this program. Please read an excerpt from a first time Neighbourhood Small Grant leader:</p> <p>"As a new mom in Whistler, I was feeling a lack of in person connection with other new moms in town and, after speaking with a few other new mom friends, I applied for a grant to host a "Mom and Baby Yoga" event outside and, most importantly, in person! The intent of the event was to connect and welcome new moms who had babies during the pandemic. The grant that we received from the from the Whistler Community Foundation was very much appreciated. We used the grant to purchase supplies to do a breakfast and coffee station, pay for the yoga instructor and equipment/supplies. On the day of the event, we had a great turnout with approximately 30 local moms in attendance. The mom and baby yoga was a lot of fun and there was a such great sense of connection and community. It was very rewarding to see the event come together."</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <b>Community Performance Indicators (CPI)</b>:</p> <ol style="list-style-type: none"> <li>1. Enriching Community Life</li> <li>2. Enhancing the Resort Experience</li> <li>3. Protecting the Environment</li> <li>4. Ensuring Economic Viability</li> <li>5. Partnering for Success</li> </ol> <p>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</p> <p>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></p>
<p><i>Example: This grant addresses the priority of "Enriching Community Life" because it improves <u>personal health status</u>, a <u>sense of belonging</u> and increases <u>resident volunteer rates</u>. Specifically, this is because...</i></p>	
<p>The Neighbourhood Small grants program addresses the following indicators 1, 3 and 5:</p> <p>1. Enriching Community Life- Sense of Belonging/Resident Satisfaction/Reducing Unlawful Incidents Connections with neighbours directly develop social fabric of community. The more people we know in our community, the more we feel responsible to help out and the more we feel invested. People are more likely to vote, read the newspaper and volunteer. Neighbours getting to know each other will also help keep neighbourhoods safe. The degree to which neighbours know one another and how often people are out in their yards and on the street are major contributors to the safety within a neighbourhood. The more eyes on the street, the less crime. The more people are watching out for each other, the safer they are. Children are safer when they know which neighbours they can ask for help if a parent isn't near. We are all safer when we have the ability to provide mutual support in emergencies such as earthquakes or storms. The NSG will also increase resident volunteer rates, as it requires people to volunteer in committees, at events and in leadership organizing roles.</p> <p>3. Protecting the Environment- NSG activities have included invasive species education and removal and Firesmart yard assessment and clean ups help work towards the vision that residents "understand the importance of the natural environment to the resort and to the health of current and future generations". These activities also contribute to providing informal Life Long Learning opportunities.</p> <p>5. Partnering for Success- Community Trust/Input into Decision-Making NSG require a high level of spirit of cooperation from residents, business owners and other stakeholders to make their events successful. When strangers living in close proximity become trusting neighbours, then trust can 'jump the fence' and spread to the larger community. Care and compassion can grow when people trust one another. People can set aside their differences and work together to solve small, local problems like cleaning up a park, or large, complex problems like poverty and homelessness. Trusting the people around us also increases our sense of belonging. RMOW leaders, council members and mayor are all living in Whistler neighbourhoods and can use these opportunities to connect and engage citizens in a grassroots way.</p>

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>We are requesting \$15,000 to support the current and upcoming alumni of our Work 2 Live program, who have found a home in our community and continue to work, live, and explore in the Sea to Sky Corridor. Over 100 participants have graduated from Work 2 Live since 1998. We are currently actively supporting 5-6 graduates at any one time (approximately 11 total per year), and we have 7 more set to graduate in 2022.</p> <p>Work 2 Live is a thriving supportive employment and housing program for our province's most vulnerable young people—those who are experiencing poverty, mental health issues, and/or homelessness. Many have aged out of government care and/or are Indigenous or LGBTQ2S+ and come to Whistler to find stability and family in the mountains.</p> <p>Unlike some other programs that serve youth, we do not allow our participants to age out; rather, we continue to support them with the same unconditional care we give to current participants in the program while we help them transition into stable, healthy independence. Throughout the program, we become a part of their safety net, many of whom have no close, reliable family ties.</p> <p>2021 offered many challenges for our alumni, primarily the ongoing COVID-19 pandemic and the resulting mental health challenges, unstable housing, lack of affordability, increased isolation, unstable employment, and a more difficult time accessing other support programs and healthcare. We are experiencing more emergency calls for help with buying groceries, making rent payments, or help navigating complex challenges.</p> <p>The funds will be used to cover staff wages for our Co-Executive Directors and to cover one-on-one support for alumni (formerly: graduates) of our Work 2 Live program. This will look like:</p> <ul style="list-style-type: none"> <li>-mental health support (trauma-informed, low-barrier counseling provided through Vancouver Coastal Health and other community partners, and referrals to community programs)</li> <li>-emergency funding (groceries, bills, healthcare)</li> <li>-housing support (help finding, securing, and maintaining healthy housing)</li> <li>-employment support (help finding, securing, and maintaining employment)</li> <li>-life skills education &amp; training (RentSmart Certificate, budgeting, soft skills, etc.)</li> <li>-practical and emotional support (through individual check-ins)</li> <li>-providing direct support to alumni</li> <li>-providing direct support to the Programming Team, who are also support alumni (in addition to 9 current Work 2 Live participants)</li> </ul>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>No. This program has been funded by the RMOW's CEP grant since 2017. Our 2021 application also covered Co-Executive Director wages and one-on-one support.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>In 2022, we will:</p> <ul style="list-style-type: none"> <li>-transition 3 alumni out of Work 2 Live in May, and 4 in October</li> <li>-support up to 18 alumni and 9 current participants with supportive employment, affordable/supportive housing, access to mental health care and healthcare, life skills education, land-based programming, and 24/7/365 staff support</li> <li>-continue to advocate for equity, affordability and access to supports in our community</li> <li>-release the first year's findings in a multi-year research study with RRU that considers the impact of Work 2 Live on both the young people in the program and our supportive employer partners</li> <li>-employ 20 community members (including 3 alumni)</li> </ul>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>Ministry of Social Development and Poverty Reduction - \$26,457 (confirmed)  Ministry of Advanced Education, Skills &amp; Training - \$208,133 (confirmed)  Reaching Home - \$81,458 (confirmed)  Nesters Market &amp; Pharmacy - \$5,000 (confirmed - in-kind donation)  Whistler Blackcomb Foundation - \$50,000 (confirmed)  evo - \$20,000 (confirmed)</p> <p>Whistler Health Care Foundation - \$10,000 (unconfirmed)  The Co-Operators CED Fund - \$30,000 (unconfirmed)  TELUS Friendly Futures Foundation - \$50,000 (planned)  Bell Let's Talk Foundation - \$25,000 (planned)  Hockey Helps the Homeless - \$12,000 (planned)  Whistler Community Foundation - \$6,000 (planned)  Scotiabank ScotiaRISE fund - \$20,000 (planned)</p> <p>Zero Ceiling fundraising events - \$66,000 (planned)  Zero Ceiling other fundraising activities - \$32,500 (planned)</p>	

## GRANT INFORMATION (CONTINUED):

<b>5. Grant Request Amounts and Financial Breakdown:</b> <i>Please ensure numbers provided in this table coincide with the required financial documents you provide in your application.</i>			
	Annual Operating Budget	Grant Requested	Provide a brief description of the specific amount requested. (Ex: Products, services, staffing roles, advertising, etc.)
Salaries/contracts:	234,711	12,000	Co-Executive Director wages: frontline support for alumni and program staff
General operations:	87,254		
One-time project / program:	295,963		
Physical assets:			
Rent (RMOW facilities):	10	N/A	1519 Spring Creek Dr. building
Rent (other facilities):			
Other:	24,610	3,000	One-on-one support: mental health, emergency funds, housing, employment, life skills, employment training, etc.
<b>Total</b>	\$ 642,548	\$ 15,000	<b>2.3</b> % (Grant request ÷ Annual budget amount)
<b>Reminder: The grant amount requested cannot be more than 50% of the annual operating budget of the organization.</b>			

6. Additional Information:	Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.
<p>We sincerely appreciate the council's belief in our alumni support program, formerly the "Work 2 Live Graduate Outreach Program".</p> <p>Without your continued support since 2017, we would not be in such a strong position to seamlessly support up to 18 alumni per year, in addition to the 9 current participants. The impact of your legacy continues to grow, and we are hopeful it will continue in 2022 and beyond.</p> <p>As with last year, we are requesting funding to cover the wages of our Co-Executive Directors who provide one-on-one support for graduates, as well as oversee the rest of the programming team. There is no product or service we can purchase that will meet our goals and effectively support these young adults. To be successful in our work, we must build trust, create strong, lasting relationships, and support our clients unconditionally. This requires a team of highly skilled, experienced Case Workers and Support Workers to support and empower our program participants, and a strong Co-Executive team to lead them.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <a href="#">Community Performance Indicators</a> (CPI):</p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</p> <p>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></p>
<p><i>Example: This grant addresses the priority of "Enriching Community Life" because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<p>This grant addresses the priority of "Enriching Community Life" because it creates a sense of belonging, improves physical and mental health and wellbeing, and creates accessible outdoor recreation opportunities. Specifically, it does this by supporting youth working, living, and taking part in the Whistler and Sea to Sky communities. It also helps us:</p> <ul style="list-style-type: none"> <li>-ensure graduates remain healthy, active, and able to contribute to their wider community</li> <li>-connect graduates with a healthy network of peers, mentors, and trusted adults in a community where they are comfortable</li> <li>-provide opportunities for graduates to volunteer and mentor other young people in Work 2 Live</li> <li>-provide support and skills development opportunities, so they can remain in the community</li> <li>-provide land-based learning and outdoor recreational opportunities with weekly Ride Days</li> <li>-provide access to outreach support, such as counselling, healthcare, addictions support, legal aid, etc.</li> </ul> <p>This grant also addresses the priority of "Ensuring Economic Viability" because graduates who wish to stay in Whistler will get the chance to, rather than be forced on to other communities. This will also allows us to:</p> <ul style="list-style-type: none"> <li>-connect local businesses with a trained, dedicated, diverse, and supported workforce</li> <li>-advocate for supportive employers in Whistler, so that employees with barriers (such as our participants and graduates) receive better pay, better career opportunities, and can remain in fulfilling employment in the community</li> </ul>

Director  
The Zero Ceiling Society of Canada –  
La Société sans limites du Canada  
PO Box 61  
Whistler BC V0N 1B0

**3017178**

November 27, 2002

Dear Ms. Joanna Woods:

## **NOTIFICATION OF REGISTRATION**

### **The Zero Ceiling Society of Canada – La Société sans limites du Canada**

We are pleased to inform you that, based on the information supplied, and assuming that the activities will be as stated in the application, we have determined that the organization qualifies for tax-exempt status as a registered charity under paragraph 149(1)(f) of the *Income Tax Act* (the Act).

#### **REGISTRATION INFORMATION**

- the charity's **Business Number** is **89751 8916 RR0001**;
- the charity is **registered effective July 26, 2002**;
- the charity is **designated** as a **Charitable Organization**;
- the charity will have to **file** its first **annual return** on or before **November 30, 2003**.

The following paragraphs and the documents attached to this letter will further explain the operational requirements the charity must meet, its filing requirements, the issuance of receipts, etc. Please take a few minutes to look over this information, and refer to this letter for any questions relating to the charity's status.

#### **General Information**

Enclosed is a copy of a document entitled *Registered Charities and the Income Tax Act* that will assist you in complying with the operational and filing requirements that must be satisfied in order to maintain the organization's registered charity status. If you have any questions or require further assistance, please do not hesitate to contact our Client Assistance Group, either by phone at

These types of changes might affect the charity's designation and the operational requirements it has to meet under the Act.

### **Issuing Receipts Acknowledging Gifts to the Charity**

In order for donors to benefit from the tax incentives associated with gifting to a charity, they must submit an official receipt issued by a registered charity with their income tax return. Official receipts are those issued by a registered charity that meet the requirements set out under Regulation 3501 of the *Income Tax Regulations*. Please refer to page 6 of the document entitled *Registered Charities and the Income Tax Act* in this regard. **Official receipts can only be issued to acknowledge gifts** to the charity. *Interpretation Bulletin IT-110R3* defines a gift as a voluntary transfer of property without valuable consideration. For more information on what constitutes a gift in charity law, please refer to the aforementioned Interpretation Bulletin and the enclosed pamphlet entitled *Tax Advantages of Donating to Charity*.

### **Fund-raising**

Many charities engage in fund-raising activities such as bingo, dinners, golf tournaments, etc. Certain payments made in the context of fund-raising activities (such as a ticket for a lottery draw, an admission fee, etc.) are not eligible for an official receipt, since the transfer of funds within the fund-raising activity does not meet the legal definition of a gift. Please refer to the aforementioned pamphlet *Tax Advantages of Donating to Charity* for assistance. If you are unsure whether a fund-raising activity would be acceptable for a registered charity, you should contact our Client Assistance Group at (613) 954-0410 or toll-free 1-800-267-2384 before undertaking it.

### **Filing the Charity's Annual Return**

Every year each registered charity must file a *Registered Charity Information Return* (form T3010 - the "Return") and a financial statement within six months following its fiscal year end. **As you have indicated that the charity's fiscal year end is May 31, its first return should be filed on or before November 30, 2003 for the fiscal period ending May 31, 2003.** The information required on the Return may differ substantially from that available in your current books and records. Here are some of the items of information you will have to provide on the Return:

- a breakdown of gifts including those for which **official tax receipts** were issued and those from other registered charities;
- disbursements, including amounts spent on fund-raising, administrative expenditures, political activities, and those spent specifically on charitable programs; and,
- a breakdown of remuneration to directors, executive officers, to employees engaged in charitable activities and to employees engaged in other activities.

### Revocation of Charitable Status

In the event that the charity loses its charitable status, either on a voluntary basis or for cause, it would lose its tax-exempt status as well as its authority to issue official receipts for income tax purposes. Further, it would be subject to a tax equal to the value of any remaining assets not disposed of in a prescribed manner. Please refer to the section entitled *Revocation of a charity's registration* at page 13 of the document entitled *Registered Charities and the Income Tax Act*.

**Because this letter could help resolve any questions about the charity's charitable status, you should keep it in your permanent records.**

Yours truly,

# Why These 10 People Support Zero Ceiling in Building a Brighter Future

by Jill | Dec 27, 2021 | Uncategorized

## Why These 10 People Support Zero Ceiling in Building a Brighter Future

We love our partners, staff, and volunteers so much because we can't do what we do without them. We trust them to share our story and champion our mission, and we thank every person who has given to us this year as we head into our 25th year.

We are still running our end of year campaign to raise \$100,000. I know times are tough, but if you can, we hope you will [choose to donate to Zero Ceiling](#). **The first \$20,000 will be matched by some more extremely generous local supporters, meaning every penny will be doubled.**

## Here are 10 people's reasons for supporting Zero Ceiling, whether it's

# through donating time, expertise, gear, or funds:

## Nicola Bentley, Board Member and Non-Profit Advocate

We are incredibly fortunate to have an engaged, supportive, and strong volunteer Board of Directors to help us navigate this tricky world. Nicola Bentley is a member of our Board of Directors, and all-around amazing person. Here is why she chooses to support us with her time and expertise, and why she believes that we can build a better future for our community:

"I am so fortunate to live in Whistler. Being connected to the outdoors and nature is fundamental to why I live in this community.

Nature is energizing and restorative. Being active outdoors is good not just for our physical and mental health – it's good for the spirit.

The work that Zero Ceiling does to provide young people with new opportunities and the supports to explore new paths truly changes lives.

I am proud to work alongside such a dedicated team and other volunteers at Zero Ceiling and with our generous community to create the change I want to see in the world."

## Justin, evo Whistler

Our super generous friends at @evowhistler evo support us with gear, funding, and prizes throughout the year. And we are hoping that our partnership lasts for many years. The quote above is why they have chosen to support us, and why they trust us to build a brighter future in our community.

"Zero Ceilings has an outstanding commitment to their program in Whistler that help end youth homelessness in BC. evo has been a proud partner with Zero Ceilings for the past three years as \*we believe there is no greater investment than to the

success of our youth\*. With the support of Zero Ceiling's Work 2 Live program, candidates are geared for success in the workplace while being able to enjoy the wonderful lifestyle Whistler has to offer.

Being a grant funder of Zero Ceilings, evo has seen numerous benefits. Zero Ceilings has assisted our staff members in attending Mental Health First Aid training, which allows evo to welcome participants as employees into our

team. evo also offers discounted rentals and equipment for Zero Ceilings Adventure Sessions and we have enjoyed many fund-raising events organized by Zero Ceilings. With the values that are shared by Zero Ceilings and evo, we hope to be a partner for many years to come."

## Bridgit, Youth Case Worker at Zero Ceiling

This is what Bridgit, our incredible Youth Case Worker has to tell you about building a brighter future with us:

"In my short experience working as a Youth Case Worker with Zero Ceiling, I have seen first hand how our organization not only works to create a different future for youth facing homelessness by being there, showing up, caring, engaging, teaching and most importantly listening, to not only the youth we service but to the needs of youth in the Sea to Sky corridor/Greater Vancouver.

Zero Ceiling and the people behind the organization want to be the change they want to see in the world. ZC works hard at supporting youth who haven't had the

support so many of us take for granted. The programming that they offer give youth an opportunity to see that there is a different way and that they DO MATTER.

ZC questions stats quo, holds broken systems accountable, and speaks for those who's voices are often silenced. By investing in ZC vision for "Building a Brighter Future", you are investing in a new tomorrow for not only marginalized youth but for EVERYONE."

## Kyle Horvath – Youth Outreach Counsellor, Sea to Sky Community Services

We work with some amazing social service organizations who provide not only support to youth in our Work 2 Live program, but also our team with your incredible strength, wisdom, and courage to advocate for the change we need to see in our community.

"Being part of Zero Ceiling has given the youth we work with experiences they

will cherish for a lifetime. It is one thing to live in the Sea to Sky Corridor, but it is another thing to explore what it has to offer.

Zero Ceiling provides more than just access to housing and recreational activities like ziplining, mountain biking, and hiking in Whistler. \*The program helps people find a place to call home\*. The community I am proud to be a part of, thanks to Zero Ceiling, has an appreciation for where and how we live together in this community."

## Emma, Ride Day & Adventure Sessions Volunteer

"Zero Ceiling enriches our community in so many ways. The obvious benefits of helping at-risk youth learn and grow and become valuable members of our community is just the tip of the iceberg. As a volunteer in the Work2Live and Adventure Sessions programs I've seen first-hand how ZC makes Whistler a more diverse, connected and interesting place. I wear my ZC vollie tee with pride!"

## Jo Axe, Kathleen Manion, Elizabeth Childs – Royal Roads University Faculty

“It has been amazing to walk alongside Zero Ceiling over the last several years. As researchers, we have had the privilege of hearing the perspectives of the participants and others that support or are supported by the work they do. We have heard many stories of the positive impact the program has had on program participants, graduates, employers, staff, and the community. It has been an honour to work with an organization that has willingly and fully taken on board recommendations emerging from the research and has worked hard to implement change.”

## Harriet, The Brew Creek Centre

Photo: Lawrence Crossman-Emms

“It’s been an absolute pleasure donating vegetables for zero ceilings family dinners. Knowing that the whole team is getting together each week, learning how to cook and experiment with different recipes is very humbling. Having access to organic fresh food is so important to leading a healthy lifestyle. Being able to share food, knowing it is appreciated and is having a positive impact on people in my community is amazing! I’m so proud to be part of your programme. Keep up your

incredible work of educating and empowering youths to eat well whilst gaining valuable life skills.”

## W. & S., Donors

"[O]ur appreciation for the imagination and individuality your programs develop for youth in Whistler is what makes us proud to be supporters. We believe the development of family values and lifestyle in your students and graduates fits our hopes for the future and is very worthy of our financial support."

## Russ, Board Member

"Zero Ceiling is amazing in my opinion because not only does it support a group of in need individuals, it also supports a true business need for our community. We all know what a challenge staffing can be in a resort town, so to be able to combine helping those in need and creating a valuable staff member is a match made in heaven!"

## Karen and Kori, Owners/Operators of Escape! Whistler

"Since opening our doors in 2015, we have been stoked to raise awareness and fundraise for Zero Ceiling! We are proud to be involved with this amazing organization and we want to support their continued pursuit of ending youth homelessness. During the shoulder seasons in spring and fall, Escape! Whistler has run a locals deal which allows us to raise money for their program, as well as offer a heavily discounted locals rate for the escape rooms we've built. It's a win win!"

# “Why do I Choose to Celebrate Pride?” | A letter from a graduate

by Jill | Jun 22, 2021 | Graduate Stories

*Fern is a superbly talented, gorgeous artist, nature-enthusiast, thinker, transgender woman, and [Work 2 Live](#) graduate. In this post, she shares her story of finding her happiness and living her truth. Don't forget to [read the post she wrote last year: What Does it Mean to Celebrate Pride in 2020?](#)*

**Trigger warnings** in this post for: homophobia, uses of homophobic slurs, suicidal thoughts, suicidal ideation, suicide attempts, intense shame (some based in religion), PTSD, child abuse, threats of violence by a parent, mention of murder by a family member, mention of stays on a psychiatric ward, mentions self harm, and mentions of grief.

# Why Do I Choose to Celebrate Pride? | A letter from a graduate

I am a young, 23 year old woman, and I am also transgender. I always knew I was one of the girls, and different from all the other boys. I just knew, simple as that. There was a girl inside of me, yet all anyone could see was boy. I just couldn't understand it! However I knew who I was, and that was enough. Reading books, swimming in the sea pretending to be a mermaid, and adventuring in the forest like a fairy became my safe spaces to express myself, the me inside that no one could see.

When I lived at home with my religious parents, I was taught to feel shame. To love who I wanted to love was a sin, and to express my spirit was an abomination.

I was taught that the Devil was whispering in my ear with every thought of "temptation" that passed through my mind. I was told the only way to eternal happiness was to marry of the opposite sex, have children, and go to church. I know now my parents thought they were trying to protect me from a life they saw as dangerous and sinful. I disagree, but I understand their perspective.

I still remember my mum saying something to me one day "if I ever catch you wearing your sister's clothing, I'll castrate you myself." Little did she know I had been doing that for years, since I was 4 years old. I told her about this one day, and she said she didn't remember saying it at all. But I did. I remember every time I was called a fag, faggot, ponce, fairy, pervert, and abomination. I remember all the heated arguments we had, the times I had to run away from my dad as he chased me down the street. I remember fearing my family murdering me, I had nightmares for years of being hunted down and killed by my dad.

Photo by [Cecilie Johnsen](#) on [Unsplash](#)

I remember wanting to kill myself so bad. It was self-consuming. I thought I could never achieve happiness, that I was destined to rot in the ground before my 20<sup>th</sup> birthday, and that it would be by my own hand. The shame, the self hatred, the rage, the sadness...it was overpowering.

The choice to me was clear: I either stay in the small rural town that

didn't tolerate people like me, and die within the year...or move out to the city and take a risk.

So at 17, I packed up my bags, and left. I was homeless for the first 5 months. I was in a psych ward indefinitely, seeking treatment after attempting suicide for the last time. It was not easy. It was very very difficult. I had so many lessons I had to unlearn, things I had told myself again and again. I had to overcome my fear of the Devil being inside of me. I had to grieve the loss of my family. I struggled with poverty and discrimination, and I struggled against a system that made it hard to become who I am.

I was a child in exile, a self-made orphan, yet I was also a young woman coming into my own.

## **“I had to heal the hurt and trauma that accompanied my coming out”**

It was only through the support of organizations in the city that I was able to survive. I entered into the foster care system, found housing, and began to find my feet. I graduated high school, I went to college and studied languages for a while, and learned to love myself along the way. Thanks to organizations like Zero Ceiling, I was able to get a foot up in life, and find ways to live a life that I loved!

It took me many years to come to a point where I can celebrate who I am, I had to heal the hurt and trauma that accompanied my coming out. Years of therapy, hiking, and healing had to occur before I could even begin to feel some kind of sense of pride.

Now I am a happy, healthy young woman living on a beautiful island in the pacific ocean. I love to hike in the forest and up into the alpine. Identifying trees is a passion of mine, as is picking edible berries and plants. I still love to swim in the ocean and pretend to be a mermaid, and my friends call me a forest nymph often. I have always known who I was and now I am living my best life being who I am! I have grown into an intelligent young lady, with an ever expanding knowledge of the natural world. I have conquered my fear of heights, and can snowboard with confidence. I have healed my relationship with my mother, after years apart. She now calls me Fern, and it means the world to me. Happiness is possible...you have to follow your bliss.

## **Why do I choose to celebrate pride?**

Photo by David Brooke Martin on Unsplash

I celebrate pride because it symbolizes the freedom to express my true and authentic self. Who we are is sacred. We should not feel shame for our complexity and beauty! I thank the pioneers who have come thousands of years before us for paving the path for us. Let us remember our trans and gender nonconforming ancestors that are a part of the beautiful tapestry of humanity.

I choose to celebrate pride for all the young people like me who were

taught they could never find happiness. You can find happiness, I am the happiest person I know! I celebrate this month because you can still be murdered for being gay. For loving another human. Any time I walk out the door is an act of resistance, and anytime I love another is a blessing for this earth. I celebrate this month because I am one of many colours in the rainbow that make life so beautiful, and so are you. Be you, be free, be happy 😊

Wishing you a happy solstice season, and a flamboyant pride,

Fern

What are the membership and participation requirements?	An interest in nature. We have two membership options: a) join the WNS mailing list for free b) join the WNS under the umbrella of BC Nature and additionally receive the BC Nature quarterly newsletter (\$20 individual/year; \$30 family/year).
Does the organization have any outstanding debts or other means of funding from the RMOW? If yes, please state the amount and reason:	No

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
-----------------------------	--

The mission of our completely volunteer run group is to increase local knowledge of and appreciation for the natural world in the Whistler area. All our events and programs have both a public education and research component that complement each other.

The Natural Environment chapter in the RMOW OCP is about “Protecting, monitoring and restoring the natural environment in Whistler”. We feel our events and programs work towards all these outcomes because:

- 1) Nature education leads to appreciation, which leads to stewardship. From all the great feedback we've gotten from the public, students and teachers alike, we know our events have helped community members on their journey towards stewardship/restoring the natural environment in Whistler.
- 2) Without species inventories, we wouldn't be able to share with the community what species call Whistler home. Also, with more data about the species that live in Whistler, better management decisions can be made to support biodiversity. Although this is fundamentally true, information alone is not enough. Without political will (fostered by increased stewardship in point #1), biodiversity conservation can get ignored.
- 3) Finally, our events and programs have been uncovering new species every single year. At a time when most news is about the decline of biodiversity, new species discoveries are hopeful news to celebrate as a community.

For 2022, we are asking the RMOW to support the following ongoing events and programs:

- Whistler BioBlitz – This year marks the 16th year of our annual event that promotes biodiversity research, education and stewardship. We will continue to build on two main components with: (a) an in person or virtual school program that reaches as many possible classes in Whistler schools as possible; and (b) surveys from valley bottom to the alpine that further increase our understanding of which species are in Whistler and where they're found.
- Fungus Among Us – This popular annual event is now in its 20th year. Over that time, hundreds of residents have been introduced to and learned about mushrooms and other fungi in our forests. Fungus Among Us also includes a strong school program as well as the public programs during the event itself.
- Bird Studies – Our bird studies actually predate the Whistler Naturalists which gives an indication of the amount and quality of the information produced over that long time. Our current programs and events include monthly bird counts, the Breeding Bird Survey and Christmas Bird Count.

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>

<i>Reminder: The grant amount requested cannot be more than 50% of the annual operating budget of the organization.</i>			

<b>6. Additional Information:</b>	<i>Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.</i>
<p>The RMOW and other jurisdictions have realized the threats posed by climate change and redirected much of their efforts and budget towards reducing those impacts. Unfortunately, that redirection has sometimes meant that the protection of wildlife habitat and biodiversity is forgotten or, at best, reduced. One of the best ways to reduce the effects of climate change is to protect habitats and the birds and other species that require them. We believe that the activities and events we've described in this application provide important contributions to the protection of wildlife habitats and biodiversity.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <a href="#">Community Performance Indicators (CPI)</a>:</p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</p> <p>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></p>
<p><i>Example: This grant addresses the priority of "Enriching Community Life" because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<p>Protecting the Environment:</p> <p>1) Because people only care FOR what they first care ABOUT. Through nature educating we help people care ABOUT the environment and in turn those people are much more likely to become stewards.</p> <p>2) Because to make environmental management planning decisions that protect the environment, you need good data. All our programs have a research component where leading scientists in BC contribute. This unbiased data is invaluable when making environmental management planning decisions, e.g., (i) the protection of the Fitzsimmons Creek Fan; (ii) CCF logging plans and (iii) it has been incorporated conservation reports for the RMOW such as the bi-annual update of local Species and Ecosystems at Risk.</p> <p>Enriching Community Life:</p> <p>1) Our programs and online resources we give the community access to learning opportunities. For example, our school program gives students an opportunity to learn from some of BC's best biologists. In past events we have organized presentations for almost 500 students each year.</p> <p>2) Since we are completely volunteer run, we have diverse volunteer opportunities where volunteers feel a sense of belonging with likeminded people who love nature.</p> <p>Enhancing the Resort Experience:</p> <p>1) Our programs and online information give visitors the opportunity to participate in community events and/or explore on their own with a much deeper appreciation of the natural world in Whistler.</p> <p>2) This promotes a positive atmosphere for the visitor who will feel more connected to the community after participating.</p> <p>Ensuring Economic Viability:</p> <p>The more the community learns about the natural environment in Whistler, the more we can collectively act as curators of this wonderful place to visitors that come here primarily for a natural experience.</p> <p>We know that people come and stay in Whistler to attend our annual Fungus Among Us Festival, which drives room nights. As natural history cultural opportunities increase, it will only have a positive effect on room nights and visitor satisfaction. Knowledge gained from our events can also contribute to ecotourism businesses that can improve their programming as a result.</p> <p>We have just been asked by Tourism Whistler to provide information to help create a Sea to Sky Bird Trail that includes Whistler and would be part of the BC Bird Trail (<a href="http://bcbirdtrail.ca">bcbirdtrail.ca</a>). This is through an eco-tourism marketing co-op with TW's partners down in Squamish and at Destination BC. Our 30+ years of birding experience makes it possible for us to contribute.</p>

### 3. Current year highlights and community benefits:

Providing opportunities to learn about Whistler's natural world strengthens the connection people feel to nature. We all moved to Whistler to be able to call this spectacular landscape home, but in our busy lives or fast sports, the connection piece is often missing.

When you have more people connected to nature, you have more people who are inspired to become natural stewards and take care of this beautiful place for the benefit of all. Through education, connection; through connection, stewardship.

#### Whistler BioBlitz

This money will be used to support our 16th annual BioBlitz and Canada's longest running event. BioBlitz showcases Whistler's amazing biodiversity through education and the collection of species data.

Education focuses on our school program which has been growing due to the phenomenal response from teachers and their students. We have built strong connections with the local schools and keep working to improve and expand students' exposure to all aspects of local biology and biodiversity delivered by some of BC's best biologists. BioBlitz biologists will again present to local classes (either in-person or virtually), including a wide range of grades from 1 through 12. A big priority for us this year is to finally achieve our goal of presenting at Xit'olacw School in Mt. Currie, assuming the Covid situation allows.

After taking two years off because of Covid, we hope to again offer student internships to experience a day in the life of a field biologist. We also offer public talks about Whistler's amazing biodiversity.

Collection of species data involves scientists scouring different ecosystems to increase our knowledge about the diversity of species in our area. In total, volunteer contributions for BioBlitz exceed 1,000 hours each weekend. In just 14 weekends of BioBlitz spanning back to 2007, BioBlitz findings now represent more than one-third of all records on the Whistler Biodiversity Project (WBP) master list ([www.whistlerbiodiversity.ca](http://www.whistlerbiodiversity.ca)). Results from the 2021 BioBlitz brings the total number of species documented in our area to:

- 4,602 for Whistler;
- 1,948 for Pemberton Valley; and
- 5,428 distinct species in total.

Finally, BioBlitz has been uncovering new species every single year (including two rare dragonfly species in the past two events). At a time when most news is about the *decline* of biodiversity, new species discovered during BioBlitz is some hopeful news to celebrate as a community.

#### Fungus Among Us

This money will be used to support our 20th annual event, which showcases Whistler's amazing fungal diversity through education and the collection of hard science. We expect to again attract BC's top mushroom experts to one of the BC's biggest mushroom events. The event includes school presentations, a photo contest, talks with gurus, walks with gurus, a cooking demo, a mushroom display and possibly additional workshops.

This event is a highlight of many residents fall since mushroom hunting has become so popular. The great feedback we get each year from participants and gurus alike is the main reason we run the festival.

Results from the event are collated by the Whistler Biodiversity Project which now tallies up to 991 species of fungus, the majority of which are from Fungus Among Us.

We have been making steps towards increasing the scientific value of fungi collected during the event. Recent genetic work has shown that many of the species thought to be the same as those in Europe (and from where most experts came) are actually distinct North American species. The UBC Beatty Biodiversity Museum will again partner with us to collect and voucher specimens from the event. This effort will increase the reliability of identifications and contribute to the knowledge of BC's fungal species. This initiative is mostly covered by our volunteer efforts and will incur minor additional costs to store specimens and have them properly labelled for future identification.

Data collected during our events in the past 20 years have resulted in one of Canada's most comprehensive fungal inventories. This information is an important resource for the BC Conservation Data Centre, currently conducting its first assessment of fungi (several of the scientists doing that assessment are regular participants at our events). Once complete, this assessment will result in the first list of rare fungi in BC (i.e., those that are Red- and Blue-listed).

#### Bird Studies

Our Annual Bird Studies includes monthly bird counts, the Breeding Bird Survey and Christmas Bird Count. Most costs are related to: (i) travel expenses for the five out-of-town birders who have conducted the Breeding Bird Survey since the 1970s; and (ii) ancillary costs of the Christmas Bird Count.

We have just been asked by Tourism Whistler to provide information to help create a Sea to Sky Bird Trail that includes Whistler and would be part of the BC Bird Trail ([bcbirdtrail.ca](http://bcbirdtrail.ca)). This is through an eco-tourism marketing co-op with TW's partners down in Squamish and at Destination BC. Our 30+ years of birding experience makes it possible for us to contribute.

## GENERAL INFORMATION

Name of Organization Requesting Grant: <i>(Please list parent/sponsor organizations in parenthesis)</i>	Pathways Serious Mental Illness Society (Pathways SMIS)
Name of the program (if applicable):	Family to Family Course and Peer Support Services
Society Registration Number:	894226935RR0001
Organization Mailing Address:	1865 Marine Drive, Suite 205, West Vancouver, BC V7V 1J7
Contact Name & Title:	Emma Chapman, Executive Director
Organization Phone Number:	604-926-0856
Organization Email Address:	executivedirector@pathwayssmi.org
Organization Purpose or Mandate: (Please provide this answer in one sentence.)	Family support, education and community awareness for people living with serious mental illness.
Organization Category (choose between Environment, Social Service, Community Service, Recreation and Sports, Arts and Culture)	Community Service

## ORGANIZATION INFORMATION

How many years has the organization existed?	27 years
How many active members/participants does the organization have in the current year?	195
How many local members does the organization have in the current year?	120
How many overall does the organization have in the current year?	195
How many volunteers/executive/staff are required to administer the organization in the current year?	165
Age range of participants in the organization:	Diverse age group of volunteers, but mainly families in their 30's and up.
Please list active website URLs and active social media accounts (Facebook, Twitter, Instagram, etc.):	www.pathwayssmi.org www.facebook.com/pathwayssmi www.twitter.com/pathwayssmi

What are the membership and participation requirements?	Anyone can join the organisation, although the programs themselves and services are provided for families who have a loved one with a serious mental illness. We have many volunteers who participate and help our society in diverse ways since it's a volunteer based organisation with all our programs delivered by volunteers. All programs and volunteers are coordinated and managed by staff.
Does the organization have any outstanding debts or other means of funding from the RMOW? If yes, please state the amount and reason:	Pathways has a \$60,000 covid-19 loan from the government in reserves. We have not budgeted to use this loan but it is there if we it due to the impact that covid-19 might continue to have on our income. We do not foresee us needing to use the loan and will pay it back in full when needed. In normal circumstances and previous year, Pathways usually maintains a balanced budget and we plan to do so in 2022. We do not expect to have to use this load as we have made plans to bridge the gap in our income by not being able to host our annual fundraiser.

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>The purpose of the grant is to aid Pathways SMIS to provide family members/caregivers of those who suffer from a serious mental illness with peer support, in-depth education, advocacy, programs and services at no cost to the community.</p> <p>This grant will also help Pathways SMIS address some of the related issues that local businesses and employers of Whistler face regarding mental health, such as employees suffering from depression and anxiety, especially in the context of the ongoing global COVID-19 pandemic. Community education in mental health leads to awareness, which in turn leads to a better understanding, which promotes compassion and the proper support for those suffering from mental illness and their families. In other words, stigma is erased.</p> <p>In 2020 and 2021, we adapted the course and all programs to be delivered online via Zoom. By moving our programs online, we increased accessibility for all service users, and particularly, for the safety of our staff and volunteers, and those most at risk due to Covid-19. This has meant we have recruited more volunteers and dedicated more staff time to supporting our service users in a technical capacity.</p> <p>The funds will be spent on helping Pathways SMIS deliver the above programs and towards salaries of staff working on delivering these programs.</p> <p>In order for the aforementioned to occur, Pathways SMIS would be working in partnership with service providers, medical support services, and the RCMP through building a volunteer base of local family support and peer mentors. Programs supported would include online public lectures, information sharing, online lectures by mental health experts, employer/employee education, online local family support groups, online community outreach such as support groups and online one-to-one support. As the adage goes: "It takes a village to raise a child"; we at Pathways SMIS believe it takes a COMMUNITY to support families who have a loved one with a mental illness, or others, such as an employer who has an employee struggling with a mental illness.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>No, it is an existing program but we have made adaptations to the program to enable us to deliver them online due to Covid-19. Moving to delivering our program Online has made them more accessible to the community up in Whistler and Sea-to-Sky. We have seen an increase in the uptake of our programs and services in the area. We would like to continue building on this success, make improvements with the new changes we have made and work to expand the program given the increase in demand. Furthermore, we are responding to this demand by offering educational workshops on top of the family-to-family course we provide. These will be more frequent, a shorter time commitment and will provide additional, more in-depth education on topics covered in our 8-week course. We hope this will help families in a more timely manner and will help us address the increased demand of our services,</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>Pathways adapted the Family-to-Family course to be delivered online via Zoom due to the COVID-19 pandemic. We saw an increase in demand for this course; from 97 people who graduated in 2020 to 121 people who graduated in 2021. By moving our programs online, we increased accessibility for all service users, especially people living in more remote regions. We also offered technical support and guidance to people who needed help accessing our programs since they moved online.</p> <p>Our Awareness and Early Intervention program reduce stigma and discrimination experienced by those struggling with a family member living with a mental illness. The program facilitates their acceptance by the community which in turn has a positive effect on mental health. Our centre provides support through: one-to-one support (our Family Navigator helps connect people to the information and services they need), one-to-one peer-support and support group sessions facilitated by family member volunteers who deliver the peer-to-peer sessions online.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p><i>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <a href="#">Community Performance Indicators</a> (CPI):</i></p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p><i>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</i></p> <p><i>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></i></p>
<p><i>Example: This grant addresses the priority of "Enriching Community Life" because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<p>Upon receiving this grant, Pathways SMIS would continue to provide education and support for families who have a loved one with a serious mental illness as well as the business community in Whistler and the surrounding area. Destigmatizing mental illness occurs through education via courses, workshops, informative presentations and support groups. In doing so, the whole community benefits; in fact, it brings the community closer together. Early intervention and increased awareness reduces the strain on the medical and policing system. Through learning about the signs and symptoms mental illness, crises are averted, which means less trauma all round for those in crisis, the families of those in crisis and the first responders responding to the crisis. Furthermore, increased mental health awareness in the workplace and addressing wellbeing at work is closely correlated with greater levels of productivity and business success. This grant will address the priority of 'Enriching Community Life' because everyone in the community wins with education and support around mental health.</p>

# A LETTER FROM THE PRESIDENT

After this extraordinary and trying year, I hope this letter finds you and your loved ones safe and well. I write this annual report sharing some of the activities and successes of Pathways' past season.

We are excited to welcome the Honourable Sheila Malcolmson, our key speaker at Pathways' 2021 AGM. Sheila Malcolmson has recently been appointed as the Minister of Mental Health and Addictions of British Columbia and is also the Vice-Chair of the Cabinet Working Group on Mental Health, Addictions and Homelessness and a member of the Cabinet Committee on Social Initiatives.

Firstly, I'd like to say a special thanks to those who have renewed their membership and continued to support us during a year that has been difficult for us all. The COVID-19 pandemic and the resulting economic recession have had a profound and negative effect on many people's mental health and has created new barriers for people already suffering from mental illness. Your generosity has been of paramount importance in uplifting those struggling with a loved one with mental illness at a time when they have needed it most. Not surprisingly, the pandemic has also negatively impacted both our membership and donations; your continued support has meant a great deal to us. Thank you.

It goes without saying that the dedication of our volunteers and staff has never been more apparent than this year. I extend my deepest gratitude and sincere thanks to all of those who have pulled out all the stops and gone the extra mile to learn new ways of doing things to ensure that our programs and services continue despite the significant restrictions in place due to COVID-19. Pathways' peer-to-peer model is only possible with our volunteers continued support of helping us deliver our programs.

Thanks in particular to our staff: Pounesh Jula, Valeska Gauthier, and Kaitlin Bustos for their work in organizing and delivering Pathways' programs and fundraising. I would also like to thank Nancy Ford for stepping back into her previous role of Executive Director and supporting Pathways through a very challenging period in 2020. In addition, I would like to thank Pathways' Board of Directors who have given their unlimited time and leadership in helping Pathways achieve its goals.

I am pleased to welcome Emma Chapman as Pathways' new Executive Director, who joined us in the fall of 2020. I am also pleased to welcome Amy Collis, Pathways' Project & Communications Coordinator who has just joined us this past February.

Pathways has seen another successful year of program delivery, development and advocating for families affected by serious mental illness. We met the unprecedented demand for our services amid COVID-19 by broadening and adapting our programs and services.

Your donations give your communities the following services:

**1. Peer Support:** This gives one-on-one peer support to family members, significant others and friends of a loved one dealing with a mental illness, often in crisis situations with information and support in accessing one-on-one essential treatment for their loved one.

**2. Family-to-Family Program:** This is an eight-week evidence-based mental health course that covers all aspects of mental illness. It is taught by trained peer instructors primarily in North & West Vancouver, Vancouver, Tri Cities, Sunshine Coast, Squamish and Whistler. Due to increased demand and the shift to an online format, the course is now available to those who need it across B.C.

**3. Advocacy:** We advocate for care, compassion and respect for those suffering from mental illness. We advocate on behalf of individuals with mental illness and their families, and especially those who have been lost in the system.

**4. Education:** We organize in person presentations delivered by a person living with an illness and their family member. These presentations are to schools, workplaces, police departments, professionals, service clubs and those who work with the public. We aim to break down the barriers, myths and fears that surround mental illness, and encourage those who see someone showing symptoms to act quickly.

We are, and will remain, a volunteer-led society with a mission of families helping families - those who are coping with ALL serious mental illnesses suffered by loved ones. I cannot thank the membership, volunteers, sponsors, and individual donors enough, for all your continued dedication, monetary support, and generosity during this extraordinary year. Your support transforms the lives of those who care for a loved one living with mental illness, restores their hope and paves their way to a brighter future.

Sincerely,

**Don Pavlovich**

# ABOUT US

Established in 1983 as a branch of the BC Schizophrenia Society, **Pathways Serious Mental Illness Society** (SMIS) provides programs and services to families with loved ones living with serious mental illnesses. Pathways serves all communities with a larger focus on the North Shore, Vancouver, the Tri-Cities and Sea-to-Sky area.

We are on a **mission** to **alleviate the suffering** caused by serious mental illnesses including anxiety disorders, bipolar disorder, borderline personality disorder, concurrent disorders, depression and schizophrenia.

Our **vision** is to be a vibrant, innovative centre of **support, education, awareness** and **advocacy** for families and others affected by serious mental illness.

# PROGRAMS & SERVICES

**Education, support** and **advocacy** are the three important pillars at Pathways SMIS. The pillars work together to facilitate learning, understanding and empathy while addressing the important topics and discussions surrounding serious mental illness.

## Family-To-Family

In 2020, **11 volunteer teachers** and **5 producers** dedicated a cumulative total of **1855 hours** to the Family-to-Family course provided **online** in **four regions**: North Shore, Tri-Cities, Vancouver and Sunshine Coast. A total number of **97** individuals participated in the mental health course.

**38 students**  
**25 students**  
**15 students**

**Vancouver**

**The Family-to-Family 8-week education** course is offered **twice** a year to families, significant others, friends and relatives of a loved one living with mental illness. Two family-member volunteers trained by **National Alliance on Mental Illness** (NAMI), who are graduates of the course, use a team approach to teach the program.

The **free** course covers a range of topics including serious mental illness and its treatment, practical skills such as problem solving, effective communication and guidance on supporting a loved one with mental illness.

The course was developed by the NAMI in the United States and is licensed and adapted for use in British Columbia.

Due to COVID-19 we had to pivot and adapt our classes to an online format in the middle of offering our course.

Although this was a challenging learning experience, it allowed Pathways to serve families in need from areas, that under normal circumstances, would not be able to attend our classes. In turn, targeting a larger audience makes our impact that much greater.

To the delight of many, the online format felt just as intimate and supportive as if the classes were taught in person.

NAMI changed their regular 12-week Family to Family course to an 8-week course, and our dedicated volunteers Canadianized the content to ensure the relevance to all. The updated material includes the newest information on mental illness, strategies to cope and communicate and much more.

## School Presentations: First Hand Stories

School presentations, also known as First-Hand Stories, tells the **story of mental illness** in a moving and direct way. It is one of the Society's **most important** educational programs. By educating the students about mental illness, we are hoping that it will decrease the stigma and increase the compassion for others.

First-Hand Stories consists of a **panel** of two guest speakers – a person with a psychiatric diagnosis and a family member. The guests are presented as a team and each describes his or her own **personal experience with mental illness along with a PowerPoint presentation educating the students about mental illness.**

First-Hand Stories is a **unique** and **powerful** storytelling model which helps students and people in the community **understand the nature and prevalence** of serious mental illness.

Following the Covid-19 outbreak School Presentations were postponed.

## Workshops & Public Education Lecture Series

The Workshops and Public Education Lecture Series gives families, significant others, friends and relatives of a loved one living with mental illness. Professionals as well as the general public, an opportunity to ask questions and receive answers directly from experts and service providers.

In 2020, a total of **289 attendees** attended **two workshops** and **four online lectures**.

### SEPTEMBER 2020 | WHAT TO EXPECT WHEN YOU DIAL 911 FOR A MENTAL HEALTH CRISIS

**71 attendees** 

Cpl. Neil Jones, Mental Health Liaison with the North Vancouver RCMP, spoke on his experiences and insights related to his role in supporting individuals and families who are in mental health crises in our community.

### JANUARY & DECEMBER 2020 | WILLS AND ESTATE PLANNING WORKSHOP

**141 attendees** 

Financial Advisors, Bill Murdock and Ania Ferensowicz helped you prepare the future of adult children living with serious mental illness. Covering topics such as life insurance, hidden tax systems, investing for trusts, RDSP's and more.

# SUPPORT

At Pathways, **600** families, significant others, friends and relatives of a loved one living with mental illness accessed **monthly peer-support groups** and **one-on-one peer-support**. The programs offer our communities an opportunity to express and share their experiences in a confidential, secure and supportive space.

## Monthly Support Group

In 2020, a cumulative total of **103 hours** was dedicated to running **40** support group sessions.

Family members gathered from **4 locations** online to provide support and share experiences with each other.

## Who do we support?

# ADVOCACY

As an **advocacy centre** for communities affected by serious mental illness, Pathways SMIS helps families **overcome obstacles** that are thrown in their way. The Society's four pillars of advocacy include: **Proactive Treatment, Family involvement, Information Sharing**, and **Legislation & Government**.

## Proactive Treatment

Pathways advocates for timely treatment of those with serious mental illness. We help families overcome obstacles that are thrown in their way. We particularly fight for involuntary committal where appropriate, so that a person suffering from psychosis, with no insight into his or her own condition and hence spurning treatment, will nevertheless get the help that they need and be freed from the grip of their illness.

## Family Involvement

Families can play a crucial role in the treatment process and in helping their ill relatives get better and stay better, although this isn't always recognized by professionals. Pathways advocates for family involvement and explains to family members how to ensure that their participation will be accepted.

## Information Sharing

Pathways encourages professionals to share information with family members and also instructs family members on what the law and "best practices" are on the matter. We explain to family members the importance of insisting they be kept fully in the picture by professionals and give them support to follow through when necessary

## Whose Rights are Right?

*Bonnie Sauder is a member of Pathways SMIS Advocacy Committee. Here is her story:*

My son was 17-years-old when he attempted suicide. Someone phoned me that day to tell me. A friend of his? A police officer? Someone from the hospital? You would think I'd have that seared into my mind, but I don't. What I do remember was that feeling I think mothers everywhere would understand. My heart seemed to leap into my throat and started pounding in my ears. I was instantly cold and sweaty at the same time. I tried to make sense of what I'd just heard from the voice on the other end of the line but only picked out, "He's okay...safe...hospital."

I don't remember the drive there, but I do recall the surrealness of paying for my parking and trying to figure out which part of the hospital that I needed to go to. I'd forgotten to ask. I suddenly found myself moving through the sliding doors of the Emergency Room. Once inside, I saw a few people in uniforms, probably paramedics, standing around chatting to one another. None of them seemed to notice me. I didn't know where to go so I walked straight ahead and waited in front of a person seated at a computer behind some glass.

When she looked up she said, "Have you seen the triage nurse?"

Triage? I didn't know what that meant. I shook my head and said, "I got a call that my son is here. Can you tell me where I can find him?"

"Who called you?" she asked.

"I'm not sure." I lowered my voice and moved closer to the window, "He was found on the bridge and brought in."

# COMMUNITY FUNDRAISING

Due to Covid-19, sadly, but responsibly, out of concern for the health of our community, **in-person fundraising events** were **unable to occur** in 2020. This includes Pathways largest annual public fundraiser, **Circle of Strength**.

Being Pathways' main fundraiser for approximately 15 years, COS usually raises \$35,000 to \$50,000 each year. These funds make possible the provision of our essential programs and peer-support groups offered without charge to Pathways' members.

Previously, this event has been **transformational** for us and our clients, as we continue to raise awareness and much needed funds to expand our services. As Pathways' navigates these fundraising challenges, we rely on **critical** and **generous donations** more than ever, to continue to provide support without charge to families.

## Elevate Pathways: Online Auction

Pathways partnered with **local companies and individuals** to provide our auction with a wide range of different products and experiences to bid on. We were able to raise a total of **\$1,222** to help grow our most sought-after education program, our Family-To-Family course.

**Thank You to our community for their in-kind donations!**

## **Dundarave Festival of Lights**

In the true spirit of the holiday season, Pathways Serious Mental Illness Society sponsored a tree at the **Dundarave Festival of Lights**.

Pathways is so grateful to all of our supporters for their **continued involvement** in helping us deliver our programs and services. As a **thank you**, we invited you and your families to come down to see the beautifully decorated tree and help **raise awareness about mental health**.

# TRIBUTES TO CHERYL ZIPPER

This page is dedicated to the loving memory of one of our heroes, the late Cheryl Zipper, a past president and tirelessly devoted advocate of mental health, who passed away on December 12th, 2020. To see the tributes in full, please click [here](#).

“

Those who knew Cheryl will recall her courage, empathy and determination to share her story with others. Cheryl helped guide families across BC to advocate effectively for their loved ones with a serious mental illness, helping families find their voice and their way through the labyrinth of mental health services.

”

Don Pavlovich

“

With support from her family, she put in an extraordinary amount of volunteer time to the Board, school projects, the Family-to-Family education program and much more. She was my go to person for anything Pathways. But more than that she was the person I would pick up the phone to share my life stories with.

”

Lisa Stringle

“

Cheryl was one of those remarkable family leaders, determined to help others through education, leadership and collaboration. A remarkable light touched by so many.

”

Nancy Ford

“

Cheryl was the kind of person that inspired and led with grace. The kind of person that you might just follow to the end of the earth if she asked. But then, she would probably do the same for you too.

”

Janice Lilley

“

We have lost a great friend, a leader, an initiator and a visionary. For me Cheryl was my guiding light.

May her light continue to burn brightly in all of us.

”

Connie Cheung

“

She was a great shining light in the struggles against stigma and for justice and fair treatment of persons with serious mental illness. She has left a legacy of hope and understanding. We'd all do well to remember her message to just be kind.

”

Cindy Beatch

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>Any funding received from the CEP granting program would go to</p> <ol style="list-style-type: none"> <li>Honorariums for the music director and accompanist. Our music director devotes much time and effort to improving the choir. Membership dropped during covid but we have rebounded to 41 members this year and anticipate more people joining post-pandemic.</li> <li>The choir would benefit from new choral risers for performances. Our risers are over 30 years old and while they have served us well they are tired, rusty, and pose a fall risk to members as there is no back rail on the highest riser. A quote from Canadell Staging, the only Canadian supplier of choral risers, is included in the supporting documents. The quote includes a back rail that would keep members safe on the top platform while performing. Whistler Singers Choir was fortunate to receive a grant in the spring of 2021 from the Real Estate Association of Whistler (REAW) to purchase 2 risers with backrails, however the choir needs an additional 2 risers to fit 40+ members for performances.</li> </ol>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>1. Honorariums are not a new activity</p> <p>2. Choral risers are a new expense and would allow the choir to look professional, and to perform safely. The Whistler Singers goal is to purchase 2 risers with back rails this year.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>The Whistler Singers participated in the Remembrance Day Ceremony for locals and visitors where several hundred people were in attendance. The choir performed in concert for the first time in 2 years on Dec 12, 2021. The choir also sang carols through the main village and Creekside village 5 times during the Christmas season to bring holiday cheer to all within earshot. The 39th Christmas Eve and Carol Service was pre-recorded and streamed online for a second year due to covid restrictions. We look forward to performing a spring concert April 24, 2022</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>1. The Whistler Singers Choir has limited ways to raise funds. We charge our members annual dues of \$60 for half year membership and \$100 full year. We keep the membership fee low so that all who want to participate can do so. Many members return yearly, but we have new members, often seasonal workers, who join the choir to get a sense of belonging to the community. This year we have new members who have moved from Australia, England, Germany and Chile. As a small grass-roots organization we aim to keep our expenses as low as possible, while compensating the music director and accompanist for their considerable efforts that prepare us to perform.</p> <p>The choir normally gets revenue in the form of cash donations at our concerts, but we have been unable to hold 3 of 4 scheduled concerts over the last 2 years due to covid19. The choir normally has opportunities to participate in other activities to receive honorariums (like the Con Brio Music Festival &amp; Bizarre Bazaar Holiday Market) but these events have also been cancelled due to covid restrictions.</p> <p>We did receive remuneration from Tourism Whistler for caroling during this past Christmas season.</p> <p>2. We have not been rejected for any other sources of funding.</p>	

## GRANT INFORMATION (CONTINUED):

<b>5. Grant Request Amounts and Financial Breakdown:</b> <i>Please ensure numbers provided in this table coincide with the required financial documents you provide in your application.</i>			
	Annual Operating Budget	Grant Requested	Provide a brief description of the specific amount requested. (Ex: Products, services, staffing roles, advertising, etc.)
Salaries/contracts:	3600	1500	Honorariums for music director & accompanist
General operations:	1045		
One-time project / program:	3293.85	3293..85	2 Canadell choral risers with railings
Physical assets:			
Rent (RMOW facilities):	2500	N/A	Practice space MPCS rental fee
Rent (other facilities):	410		Concert venue rental
Other:			
<b>Total</b>	10848.85 \$	4793.85 \$	44 _____% (Grant request ÷ Annual budget amount)
<i>Reminder: The grant amount requested cannot be more than 50% of the annual operating budget of the organization.</i>			

<b>6. Additional Information:</b>	<i>Please list any additional information, details or explanations regarding your grant request that you would like to be considered by Council.</i>
<p>Covid19 is still affecting the ability of the choir to raise funds. Most of our performance activities were cancelled during the last 2 years, putting the choir in a downward financial position. When restrictions are lifted, the Whistler Singers will be ready to sing for the community once more. Grant monies would ensure the choir can plan for future performances where all members would standing comfortably and safely. Two additional choral risers would provide enough space for 40+ members and they would be used for many years to come.</p> <p>Due to covid19 restrictions the choir must wear singing masks and social distance during our indoor weekly practices. Special medical grade singing masks are an added expense of about \$325 this year, and renting a larger space at MPCS has cost us an extra \$1100 as well this year. While rent for RMOW facilities is not to be included in grant monies, we respectfully ask that you consider our increased costs and grant the Whistler Singers Community Choir as much funds as possible.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <a href="#">Community Performance Indicators</a> (CPI):</p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</p> <p>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></p>
<p><i>Example: This grant addresses the priority of "Enriching Community Life" because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<p>1. Enriching Community Life: Members of the Whistler Singers Community Choir have a strong sense of belonging to the community. Most members live and work in Whistler and also volunteer locally in other capacities (Mountain host, Village host programs, WAG volunteers etc..). Whistler Singers Choir is part of the social fabric of this community and has been an important support for its members during the stress of covid19. Singing during the pandemic has helped our members maintain their mental and social health.</p> <p>2. Enhancing the Resort Experience: The Whistler Singers Community Choir sang at this past Remembrance Day Ceremony and we were so happy to be able to sing in person again! Hundreds of local residents and also visitors attended the ceremony to pay their respects to veterans. Having the choir perform adds a sense of professionalism to the overall ceremony. Additionally, for over 36 years, the choir has sung carols on Christmas Eve for both locals and visitors. Held at the Westin Hotel there have been well over 1000 people in attendance enjoying the special songs and readings on that night.</p>

Standing Capacity includes one row of performers standing on the floor. The first number represents the number of high school aged performers standing shoulder to shoulder. The second number represents the same performers facing center with shoulders overlapping. Adult groups should adjust accordingly.					

No other collapsible, folding choral riser is this easy to set up! One person is all it takes. Students can, and often do, help set up Staging Canadell Risers. Try that with a spring loaded riser!

*Set up and take down is as easy as 1 2 3!*

Staging Canadell Choral Risers are available in a variety of configurations. Our convenient Fourth Step Addition allows you to accommodate more performers in a smaller space. Add security to your performance with optional back railing.

#### CHORAL RISER SET UP:

- 1 Roll riser to desired location
- 2 Unfold legs of top tier, lock into place and unfold top tier
- 3 Unfold legs of bottom tier, lock into place and unfold bottom tier

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>Our goal for this grant money is to increase our field bookings so that we can have more participation and subsidize player fees and equipment purchases to remove barriers for members of the community that might be interested in joining.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>Rugby League is a fairly new sport to Whistler and our goal is to grow the sport within the community and the Sea to Sky.</p>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>Firstly, I would like to thank everyone who supported the Whistler Wolves Rugby League Club during our first competitive year. It was an intense start - going from a COVID lockdown to having to find players and field a team within 5 weeks. No matter how big or small the contribution was, it was hugely appreciated.</p> <p><b>Registration</b> Knowing it was our real first year, while still being under the pressure of a global pandemic, my main goal for the club was not to forfeit a game due to lack of players. With this in mind, I aimed for 20 registered players. I am pleased to say we had 32 registered players for the season and never had to forfeit a game.</p> <p><b>On Field</b> With just 5 weeks of training under our belt, we played in the RLBC 9's successfully going through the Round Robin with merely one loss. We advanced into the Semi Final, which we won. Our players, support staff, and opponents agreed to not play the Final due to safety concerns relating to the hot weather.</p> <p>We finished the season proper with 2 wins, 2 losses and a draw, overall earning 3rd place in the competition. With the shorter season due to COVID, only 1st and 2nd place teams participated in the Finals.</p> <p>Our two home games were a great success with the largest support crowd in the league.</p> <p><b>Off Field</b> This is where I believe the Wolves have done our best work. We also consistently great turn out to social events and after training/game day get-togethers. This is evidence of the welcoming nature of the club, regardless of skill or involvement level. Creating a community was always the first priority of the club.</p> <p><b>Future Plans</b> I believe that the Whistler Wolves will have a challenging year recruiting new players while we still face the external pressure of COVID and international border regulations. However, my goal is to continue to push for 30 registered players. I would love to plan a preseason game in Whistler with another club to help get as many games in town as possible. I would also be looking to run a Tag Rugby League night in Whistler to help grow the game with new players trying this non-contact version of the game. And lastly, I would like to start putting out some flyers to see if there is a want for a women's team. This could start off as just a social fitness type training with rugby involved.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p><i>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <a href="#">Community Performance Indicators</a> (CPI):</i></p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p><i>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</i></p> <p><i>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></i></p>
<p><i>Example: This grant addresses the priority of “Enriching Community Life” because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<p>The Whistler Wolves Enriches Community Life by providing a sense of belonging as participating members of a team. The club is absolutely inclusive and non-biased in respect of race, religion, gender, politics, sexual orientation, and physical or mental ability.</p> <p>The club Enhances the Resort Experience by limiting recreational injuries. Even though rugby is a contact sport, through learning the game properly, players are able to avoid injuries.</p> <p>The team proudly Protects the Environment by ride sharing for away games, ensuring practices are near bus stations, making sure that we have appropriate facilities for recycling for home games.</p> <p>When we have home games, the visiting team often stay in Whistler, supporting community restaurants, hotels, and other businesses which is a value of Ensuring Economic Viability.</p> <p>In order to partner for success, the Wolves are sponsored by local businesses and has local restaurants host team events.</p>

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
No, Active After School club started in 2017 and the CEP has been supporting this program since 2019	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>Greatest highlight from this program and community benefit is receiving this testimonial from a parent with a child in this program:</p> <p>"I spoke with Sophia's physio yesterday and she said that Sophia has above average strength tests and co-ordination on tasks like dribbling a basketball. Which was a huge concern to the school physiotherapists last year due to eye tracking and retained reflexes. She has heaps of enthusiasm for trying something new and moving her body in difficult ways. I think her progress in this area is a direct reflection of her participation in the Active After School program. It's building her confidence in being physically active, and increasing her endurance."</p> <p>This is one of many comments from parents and teachers noticing the difference of fundamental movement skill development in their children or students.</p>

<p>RMOW and WSL has had an ongoing partnership to provide after school care for those who attend Spring Creek and Ecole La Passerelle. By providing this Active After School Club program is in hopes that all community members needing after school care can get into a program. Over the years WSL has listened to the community and made changes to the program for example extending the program till 5:30pm. With the support of the CEP, Whistler Sport Legacies can offer the program to the community at a subsidized rate in return reduces barriers for participation.</p>

<p>1-Ninja program-Equipment for our programs is very expensive. We have increased the age range for participants in our Ninja classes. We have been continually growing this newer(2yrs) program at our club. It is very popular with the younger males and it is great way to improve physical literacy in a different approach to the traditional gymnastics classes. We are looking to purchase Ninja Slanted Steps \$1040 (includes \$200 in shipping).</p> <p>2-Update Active Start/special needs equipment. Currently, we have over 100 preschool aged children in our programs. We have a lot of small equipment supplies that are getting very old and in need of replacement or upgrade. We would like to replace the equipment with easy to clean and sanitize items from Flaghouse supplier. \$1500 (includes shipping).</p> <p>3-Up to date technology. Our front desk computer and coaches' office laptop are in definite need of upgrading. They are very slow and can not meet the needs of current online systems and speeds. both would be approximately \$1200.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>The Ninja program is current program, yet new to an expanded age group. Promote gymnastics movement and physical development in different method which is usually more popular with boys.</p>

## GRANT INFORMATION

<b>1. Purpose of Grant:</b>	<i>Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at <a href="http://www.whistler.ca/cep">www.whistler.ca/cep</a> for funding criteria and eligibility. Please be as concise as possible using the space below.</i>
<p>The purpose of this grant funding is to improve our organisation's impact in two key areas: 1) reduce the organisations environmental footprint; and 2) support the arts and culture sector in Whistler.</p> <p>Specifically, the organisation is requesting funding for the following activities:</p> <p>1. Partner with AWARE Whistler to bring their Zero Waste Hero's program to the Whistler Farmers Markets. AWARE hosts a station at the market location where customer waste is directed into the correct stream (e.g. landfill, compostable, recyclable etc.) and disposed of appropriately. There is an educational component where the community can engage with AWARE staff. AWARE also work with our members/vendors to educate them and help them make environmentally friendly choices for packaging. The cost to the Whistler Farmers' Market for this function is \$2,000 annually. This is a subsidised rate with existing support from the RMOW.</p> <p>2. Implement an entertainment program for the season, allowing Whistler's entertainers the opportunity to perform on market days and be reimbursed for their talent and time. The Whistler Farmers' Market is known as a place where community and guests can not only access essential items such as produce and other food items, but also connect with community and vendors in a welcoming and vibrant environment. Covid-19 forced on-site entertainment at the market to cease, as a result of both gathering restrictions and a lack of budget to implement an entertainment/animation program. In 2022, the organisation wishes to revive entertainment at the market, hosting two entertainers per market, across 25 market dates. This program will prioritise working with Whistler performers, allowing them the opportunity for exposure and income, while strengthening Whistler's arts and culture scene. This will also enrich the customer experience at the market, and encourage customers to spend more time at the market connecting with others and supporting vendors. Program budget: \$10,000 (breakdown - \$200 per performer, two performers per market, total of 25 markets).</p> <p>Note that the global pandemic forced the market to relocate in 2020 and 2021 which resulted in a significant reduction in space and vendor revenues. While we are working on securing our 2022 location, the working budget for 2022 does not currently allow for the above activities to take place.</p>	

<b>2. Is This a New Program or Activity?</b>	<i>If yes, what are your targets and goals for this program/activity?</i>
<p>Partnering with AWARE and local entertainers is not a new activity for the Whistler Farmers' Market, however the financial challenges associated with the global pandemic have not allowed these items to be a priority in 2020 and 2021. For 2022, these are two items we believe are necessary as we look to strengthen and grow our organisation back to pre-pandemic levels.</p> <p>Goal: Have AWARE Whistler attend every market in the 2022 season to:</p> <ul style="list-style-type: none"> <li>- Minimise environmental footprint of the Whistler Farmers' Market</li> <li>- Educate vendors and customers to reduce their personal waste</li> </ul> <p>Goal: Host a schedule of 50 performances by local entertainers in the 2022 season to:</p> <ul style="list-style-type: none"> <li>- Support and showcase Whistler's art and culture scene</li> <li>- Increase animation at the market to in turn increase customer attendance and satisfaction</li> </ul>	

<b>3. Current Year Highlights and Community Benefits:</b>	<i>Detail the specifics of activities and community benefits your organization provides.</i>
<p>- The WFM hosts markets from May to October, allowing access for the community and visitors to essential items such as produce and food, while also creating a vibrant space for enjoyment. Just as importantly, the market serves as a space for local farmers, producers and creatives to sell their items and make an income. It is estimated that the WFM will be able to work with up to 100 vendors in the 2022 season and host up to 60 vendors weekly. 2021 data shows average customer attendance of 2,400 people weekly (not including infants and small kids).</p> <p>- WFM works closely with the Whistler Community Services Society and the BC Association of Farmers' Markets (BCAFM) to support food security. An average of \$11K (annually) worth of fresh produce reaches community members in need via the BCAFMs Farmers Market Nutrition Coupon Program. WFM also contributes with \$2K worth of coupons to this program. Additionally, the Whistler Food Bank collects and distributes produce weekly.</p> <p>- WFM provides employment opportunities via: participation in the Canada Summer Jobs Program providing employment opportunities for youth, hiring 1-2 additional employees during market season and welcoming volunteers into the organisation.</p>	

<b>4. Existing Funding and Grant Applications:</b>	<ol style="list-style-type: none"> <li><i>List the specific grants, funding and fundraising planned, approved or pending for the existing year, and</i></li> <li><i>Please also list rejected or non-approved funding (with reasons).</i></li> </ol>
<p>Grant applications have been submitted for the following programs in 2022 and WFM is awaiting the results of these applications:</p> <p>1. Canada Summer Jobs Program - to hire 1 full time employee (30-40 hours weekly) from May to September</p> <p>2. BC Farmers' Market Expansion Program - this is a one-time grant opportunity funded by the Canadian Agricultural Partnership, a federal-provincial-territorial initiative. The grant is designed to support and strengthen farmers' markets across BC and funding is provided for operational items such as equipment (e.g. tents, trailers). WFM requested \$10,000 of funding, primarily to put towards obtaining a cargo trailer for storing and transporting market equipment.</p>

## COMMUNITY PERFORMANCE INDICATORS

<p><b>Please list how your organization may improve Community Performance Indicators:</b></p>	<p>First, please visit <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a> to learn about the five priority areas of Whistler's <a href="#">Community Performance Indicators (CPI)</a>:</p> <ol style="list-style-type: none"> <li>1. <i>Enriching Community Life</i></li> <li>2. <i>Enhancing the Resort Experience</i></li> <li>3. <i>Protecting the Environment</i></li> <li>4. <i>Ensuring Economic Viability</i></li> <li>5. <i>Partnering for Success</i></li> </ol> <p>Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.</p> <p>Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at <a href="http://www.whistler.ca/monitoring">www.whistler.ca/monitoring</a></p>
<p><i>Example: This grant addresses the priority of “Enriching Community Life” because it improves <a href="#">personal health status</a>, a <a href="#">sense of belonging</a> and increases <a href="#">resident volunteer rates</a>. Specifically, this is because...</i></p>	
<p>This grant particularly contributes to the Community Performance Indicators (CPI) of Enriching Community Life, Enhancing the Resort Experience and Protecting the Environment.</p> <p>1. Enriching Community Life This grant addresses the priority of “ Enriching Community Life ” because it improves a sense of belonging, personal health status, and Resident Satisfaction. Specifically, this is because the Whistler Farmers ’ Market:</p> <ul style="list-style-type: none"> <li>- Is a key part of the community fabric, providing a weekly opportunity for the community to connect with their food producers and peers, in a safe, welcoming and enjoyable environment.</li> <li>- Supports the physical health of the community by providing access to fresh and healthy foods, including working with the Whistler Community Services Society to improve food security in Whistler. WFM also supports mental and social health by providing an open outdoor space for the community to connect in a vibrant environment</li> <li>- Contributes to the overall satisfaction of living in Whistler. Over 2,500 people visit the Whistler Farmers ’ market weekly, a mix of approximately 50% locals and 50% visitors</li> </ul> <p>2. Enhancing the Resort Experience This grant addresses the priority of “ Enhancing the Resort Experience ” because it improves the Whistler atmosphere and visitor satisfaction. Specifically, this is because the Whistler Farmers ’ Market operates 25 markets from spring to fall, providing an opportunity for visitors to connect with locals, where they can take home a piece of Whistler in the form of locally produced goods. Many regular visitors have formed a connection to the Whistler Farmers Market and it ’ s vendors over the years and it is a regular stop on their Whistler itinerary. Creating a vibrant atmosphere at the market via music and entertainment is an important element of enhancing the resort experience.</p> <p>3. Protecting the Environment This grant addresses the priority of “ Protecting the Environment ” because it reduces the amount of landfilled waste. Specifically, working with AWARE Whistler helps to minimise the environmental footprint of the Whistler Farmers ’ Market and provides an educational opportunity AWARE to connect with the community and visitors.</p>
