Date: November 25, 2021

Name: Jennifer Doolan

Address: 3650 Rogers Rd. #290, Wake Forest, NC 27587

Dear Sir or Madam,

Our charity would like to once again formally request lighting for April 19th, the International Day of Congenital Diaphragmatic Hernia Awareness, in the colours chosen for the cause; light blue, pink, and yellow (if plausible).

- Blue (RGB Code #3399FF)
- Pink (RGB Code #FF99CC)
- Yellow (RGB Code #FFFF33)

Congenital Diaphragmatic Hernia (CDH) is a birth defect that affects 52,000 babies each year. It occurs when a baby's diaphragm fails to fully form, allowing abdominal organs into the chest cavity and preventing lung growth. 50% of babies born with CDH do not survive. The cause is unknown. CDH is as common as Spina Bifida and Cystic Fibrosis, yet there is little awareness and even less funding.

CDH International is a 26-year-old non-profit working with 1000's of patients in 74 countries, including Canada. We are the world's oldest and largest non-profit for Congenital Diaphragmatic Hernia. We are a registered charity in the UK, United States, Netherlands, Switzerland, Hong Kong, and Singapore.

Many locations within Canada, and around the world light up on April 19th for CDH Awareness Day. To have the Fitzsimmons Covered Bridge light up for the children on April 19th, 2022 would not only raise a tremendous amount of awareness, but it would honour these children who fight so hard, and their families who endure so much.

Thank you for your consideration and support.

Very Sincerely,

Jennifer Doolan
