Website Address	www.cdhi.org
Brief description of the event associated with your request - 75 words or less <i>(Information here will be used for communications and the sign on the bridge. RMOW will edit copy if necessary.)</i>	April 19th is Congenital Diaphragmatic Hernia Awareness Day. Congenital Diaphragmatic Hernia (CDH) is a birth defect that affects 52,000 babies each year. It occurs when a baby's diaphragm fails to fully form, allowing abdominal organs into the chest cavity and preventing lung growth. 50% of babies born with CDH do not survive. The cause is unknown. CDH is as common as Spina Bifida and Cystic Fibrosis, yet there is little awareness and even less funding.
Optional: Social Media Campaign Title (include hashtags)	#cdhawarenessday #savethecherubs #cdhawareness #cdhintl #cdh #cdhi #cdhlightup #congenitaldiaphragmatichernia #congenitaldiaphragmaticherniaawareness
