To Mayor and Council,

Just a little story:

"White Gold, I have married you because you have potential to become more beautiful in my eyes. Therefore, I am ordering you a major face lift. The good part of this beautification process is that you will have to pay for this beauty treatment yourself.

Don't complain, you can pay for it over 30 or 40 or so years. How much each year? Don't worry, it will be finalised some time and don't worry about inflationary costs, and overruns."

Mayor and Council members, except two, I urge you most strongly to shut this project down now, as you now know that you can.

Why; The tenner of the time, lack of timely and definitive information, just another unnecessary cost on already tax burdened citizens you represent.

Tom Thomson  
White Gold.
