

“Light for Pneumonia Education and Prevention - 2020-2024”

World Pneumonia Day 2022

**Dear Mr. Jack Crompton
Mayor of Whistler**

First of all, I hope you are well and safe during this time of COVID-19 pandemic. I am Dr. Catia Cilloniz, Researcher from Hospital Clinic of Barcelona, Spain. I am the Coordinator of The Worldwide Pneumonia Awareness Campaign “Pneumolight” a non-profit, collaborative project committed to increasing the visibility of pneumonia worldwide and to raising public awareness of its risks. Our project is member of Every Breath Count Coalition, and has the support of 22 Organizations and Scientific Societies globally. In 2020 our Pneumonia Campaign achieved to illuminate 250 iconic monuments across 52 countries worldwide to mark the World Pneumonia Day (November 12th). This given us the opportunity to raise awareness about this disease and share educational material during all the campaign.

It is for me a pleasure and an honor to invite you to support our Pneumolight Campaign 2022. We know that you are a person who supports solidarity initiatives. It is for this reason that we invite you as **Mayor of Whistler** to join our Worldwide Pneumonia Awareness Campaign - Pneumolight 2022 and support our campaign by illuminate in color blue **The City Hall and /or a monument, bridge or fountain** to mark the **World Pneumonia Day** (November 12, 2022) from 9 p.m. at 10 p.m., in support to the fight against pneumonia. We thank you in advance for your attention and I hope you can support the PneumoLight 2022 Campaign to increase the visibility of pneumonia around the world.

Sincerely

A handwritten signature in black ink, reading "Catia Cilloniz". The signature is written in a cursive style with a large initial 'C'.
