RE: White Gold Undergrounding

Ms. Cullen and Honourable Mayor and Council,

I wish to state my objection to the RMOW proceeding to continue with the Whitegold U/G Power Project on the basis that the new projected estimate of \$7,488,118 has exceeded the upset price of \$5,520,075. This overrun abrogates the understanding between the RMOW and the property owners on the annual costs per year of \$1,130 for ten years with evaluations every five years thereafter. Further, the tenants of the agreement were set forth such that the property owners would be granted the right to undertake a new petition on whether they wish to proceed with the U/G Power Project.

The RMOW indicate it wishes to refine its original petition price by going out for tender prices for civil work. The total cost of construction charged to the property owners includes BCHydro, Telus, Shaw and project management fees. Breach of understandings for all costs exceeding \$5,520,075 will be deemed as the responsibility of RMOW.

Regards

Al Morgan
