I would like to take this opportunity to express my opposition to the proposed White Gold Underground project, burying the hydro/cable lines. I feel that the true dollar cost of this project is too uncertain, and as it has doubled over the past 2 years, I suspect that the current stated cost is likely at the low end of the final cost. I also note that different houses in White Gold will be impacted differently by the project, with some of the more challenging access houses bearing an even higher cost burden.

Whistler is rapidly becoming unaffordable for the average Whistler family or lower mainland resident, and I think that looking for ways to reduce the costs of living and recreating in Whistler is a better use of time than looking for beautification projects that raise the cost of living in Whistler.

I oppose this project.

Best regards,
Steven Fleckenstein
