Dear Brook:

**Re: Letter of Rationale
Application for a New Patio to Liquor Primary License Number 308877
Forged Axe Throwing, Unit 1-1208 Alpha Lake Road, Whistler, B.C. V8E0H7
Licensee: Forged Axe Throwing Ltd.**

The writer is assisting the above applicant with an Application for a New Patio to the Liquor Branch.

This new patio application is for the addition of two patios at this establishment. One patio has an occupancy of 3 persons and the other patio has an occupancy of 15 persons for a total increase in capacity of 18 persons. Current capacity is 61 persons inside so this will bring the total occupancy to 79 for the whole establishment. The applicant has operated these patios through Covid under the Temporary Extension of Service Area (TESA) program through the Liquor Branch and would now like to make them permanent.

The proponents of Forged Axe Throwing have had this licensed facility since October of 2020 and they have a very positive record with the Liquor & Cannabis Regulation Branch, Resort Municipality of Whistler and the RCMP Detachment in Whistler.

The customer base being served are tourists, workers and residents of Whistler and the surrounding area.

Forged Axe Throwing Ltd. does not envisage any adverse impacts on the community with the addition of these patios under liquor primary license number 308877

Please do not hesitate to contact me if you require further information.

Yours truly,
