

To whom it may concern:

We are writing to request that the municipal landmark Fitzsimmons Bridge in the community of Whistler, BC be lit in purple to celebrate National Dental Hygienists Week™ (NDHW™) as part of the Canadian Dental Hygienists Association's national "Put Your Purple On!" campaign.

National Dental Hygienists Week™ is celebrated annually on April 4-10, highlighting the importance of maintaining good oral health practices while helping Canadians to understand the vital role those dental hygienists play in the health care system. Our theme "Oral Health for Total Health," reminds us that taking care of our mouth, teeth, and gums positively impacts other aspects of our lives.

Why purple? The colour purple is associated with dental hygiene and has been the official colour of dental professionals since 1897 when lilac was first chosen for the emblem of the National Association of Dental Faculties. Purple has long been the trim colour for dental hygiene graduates' caps and gowns and is said to signify compassion, purpose, and inspiration.

Last year, there were a record breaking 83 Canadian landmarks lit in purple. Over the past several years, lightings have included: BC Place Stadium, Science World/TELUS World of Science Vancouver, Vancouver Olympic Cauldron & district markers, Calgary Tower, Edmonton High-Level Bridge, SaskTel Centre, Niagara Falls, 3D Toronto sign Nathan Philips Square, CN Tower, Halifax Convention Centre, St. John's Convention Centre, Confederation Building (St. John's), and Government House (St. John's) and many more.

We'd like to give every community in Canada, and globally, the opportunity to share in our celebrations. Please let us know if you are interested in joining our "Put Your Purple On!" campaign this April. You may contact me at bsander@cdha.ca.

CDHA is the collective national voice of more than 30,000 dental hygienists in Canada, directly representing 21,000 individual members, including students. Since 1963, CDHA has worked to advance the profession and promote the importance of oral health. Dental hygiene is the sixth largest registered health profession in Canada with professionals working in a variety of settings, including independent dental hygiene practice, with people of all ages, addressing issues related to oral health. To learn more about NDHW visit cdha.ca/ndhw. For more information on oral health, visit dentalhygienecanada.ca.
