### 2023-2026 STRATEGIC PLAN

Whistler is at a critical juncture in its evolution and decisions and actions taken now will define its future success and character.

The 2023-2026 Strategic Plan outlines the high level direction of the Resort Municipality of Whistler to help shape community progress during this term of Council. Four priority areas are each supported by key initiatives to move them forward, while four areas of specific focus underpin all work as the organization provides service to the community.

In addition to the priorities for this term, day to day Whistler's local government delivers a comprehensive system of core municipal programs, services, progressive planning and infrastructure.

Community dialogue and monitoring through the Community Monitoring Program guide a collaborative and measured approach.

The municipality's work on behalf of the resort community is guided by Whistler's Official Community Plan and Vision to be a place where our community thrives, nature is protected and guests are inspired.
