Mayor & Council

I run a support group in Toronto/York Region for people who suffer from a rare disease called Trigeminal neuralgia. (Chronic face pain).

Please see the attached for a description of TN and all the buildings that will be supporting us all over the world by lighting up TEAL on October 7th/2020 Our 8th International Trigeminal Neuralgia day. This year our campaign is dedicated to spreading awareness to International Media to pick up the torch and speak out about (TN) Trigeminal Neuralgia and Facial Pain Disorders. Trigeminal Neuralgia (TN) has been universally described by medical professionals and sufferers alike as the most painful condition known to mankind.

Our support group in the last 2 years wore teal, and ribbons, and went out to dinner to celebrate on October 7th. Please help us bring awareness for those who suffer from Trigeminal Neuralgia. Perhaps you even know someone who has tn and doesn't know it. 10 percent of MS patients will be diagnosed with TN. The attached form has all the TNNME information and social media information.
