

Mayor and Council of Whistler

The short-term free parking at Whistler near the post office, pharmacy, liquor store, banks, coffee shops, and grocery store has far too short a free parking time, and the fine for going over by 1 minute is excessive and unaffordable by many using the basic services in that lot.

If you are waiting in line for a prescription, getting a coffee, picking up a few groceries or mailing a package; you are unable to determine the exact amount of time you will be in the lot. 15 minutes is not enough time. \$70 is too much for going over the short amount of time you have set.

As someone who owns property in Whistler and rents its out as well, I encourage you to revisit this timeframe and the fee.
