

To all BC MLAs, all BC Ministers, all BC Municipalities, all BC MPs

The fight carries on and the municipal and federal elections are coming! The following letter was received from Concerned Citizens of Surrey - a very influential South Asian group in the City of Surrey. It was submitted to local media for publication.

"In Surrey, we accept no Caesars ! Decentralised decision making is a hallmark of democracy. In a working democracy, the will of the people is the guiding force for all policy decisions. Empowerment of a citizen at the grassroot level for participation in municipal level decision making is not only desirable but essential in any democracy.

It is unfortunate that the Provincial government of B.C is pushing the City of Surrey in the direction of authoritarianism and centralising all the municipal powers in its own hands.

The disbanding of the Surrey Police Board , to take away the Mayor's power as the board chair, is a move copied from a tyrant's playbook. This move effectively removes all civilian oversight from policing in Surrey, which is unheard of in any democratic society. The new police board is based on one individual who has been tasked to bulldoze the police transition against popular sentiment.

Mike Serr (who happens to be a personal friend of Norm Lapinski) has been appointed as " administrator " of the Surrey Police Board. In reality Serr is the " Viceroy " of the Victoria Government mandated to impose " Lord " Farnworth's writ in Surrey. Julius Caesar ended democracy in Rome by assuming the office of a "dictator" and subjugating the senate by force. David Eby and Mike Farnworth have created yet another Caesar , but in Surrey we accept no Caesars!"

For and on behalf of Concerned Residents of Surrey.
