Hello Tina,

Fortunately, we were able to review this item with our Referral Committee last night.

Please be advised that the Lil'wat Nation supports the RMOW's funding application to the UBCM CERP Disaster Risk Reduction funding stream to develop a Strategic Climate Risk and Resilience Assessment for Whistler on the condition that the Lil'wat Nation be given the opportunity to engage with the RMOW during its development.

Let us know if there is anything further I can do to support this project.

Kúkwsturn'ckacw, (*Thank you*)
