Dear RMOW,

I am writing to express my wholehearted support for Forged Axe Throwing and their proposed Liquor Primary Licence. The proposed licence will allow Forged to serve alcohol from 11:00 am to 1:00 am seven days a week.

Since opening in early 2017, Forged has become a must-see attraction in Whistler. It continues to provide endless entertainment to travellers and residents alike, rain or shine. This Liquor licence will give Forged the ability to expand its business in line with Whistler's Official Community Plan and continue to offer a 5 Star experience.

Whistler is in need of more indoor recreation activities for our wide range of traveller types and residents. The OCP has stressed the need for weather-independent tourism attractions and that the RMOW should invest and support businesses that promote year-round tourism for Whistler. In addition to the OCP, a new Tourism Whistler Night-Time Entertainment report states: "night-lifers want a diverse night-time entertainment offering" and "would like to see recreational venues in Whistler offering experiences like bowling and games in a social atmosphere with food and beverage."

For the reasons stated above, I am in full support of Forged Axe Throwing's Liquor Primary Licence Application. Businesses like Forged create a diverse tourism offering for Whistler, rain or shine.

Sincerely,

Name: Daniel Sabidussi

Dear RMOW,

I am writing to express my wholehearted support for Forged Axe Throwing and their proposed Liquor Primary Licence. The purposed licence will allow Forged to serve alcohol from 11:00am to 1:00am seven days a week.

Since opening in early 2017, Forged has become a must-see attraction in Whistler. It continues to provide endless entertainment to travelers and residents alike, rain or shine. This Liquor licence will give Forged the ability to expand their business in line with Whistler's Official Community Plan and continue to offer a 5 Star experience.

Whistler is in need of more indoor recreation activities for our wide range of traveler types and residents. The OCP has stressed the need for weather-independent tourism attractions and that the RMOW should invest and support business that promote year-round tourism for Whistler. In addition to the OCP, a new Tourism Whistler Night-Time Entertainment report states: "night-lifers want a diverse night-time entertainment offering" and "would like to see recreational venues in Whistler offering experiences like bowling and games in a social atmosphere with food and beverage."

For the reasons stated above, I am in full support of Forged Axe Throwing's Liquor Primary Licence Application. Business's like Forged create a diverse tourism offering for Whistler, rain or shine.

Sincerely,

Name: Kaitlin Stoch

Been to Forged many times, it is a fantastic place for me and friends to go be social and throw axes. All the staff are amazing and always on top of safety. I believe a liquor licence will take the experience even further, it will bring more guests in and bring even more guests back.

Dear RMOW,

I am writing to express my wholehearted support for Forged Axe Throwing and their proposed Liquor Primary Licence.

Whistler is in need of more indoor recreation activities for our wide range of traveller types and residents. The OCP has stressed the need for weather-independent tourism attractions and that the RMOW should invest and support businesses that promote year-round tourism for Whistler. In addition to the OCP, a new Tourism Whistler Night-Time Entertainment report states: “night-lifers want a diverse night-time entertainment offering” and “would like to see recreational venues in Whistler offering experiences like bowling and games in a social atmosphere with food and beverage.”

For the reasons stated above, I am in full support of Forged Axe Throwing’s Liquor Primary Licence Application. Businesses like Forged create a diverse tourism offering for Whistler, rain or shine.

Sincerely,

Name:

Riley Brice

Dear RMOW,

I am writing to express my wholehearted support for Forged Axe Throwing and their proposed Liquor Primary Licence. The purposed licence will allow Forged to serve alcohol from 11:00am to 1:00am seven days a week.

Since opening in early 2017, Forged has become a must-see attraction in Whistler. It continues to provide endless entertainment to travelers and residents alike, rain or shine. This Liquor licence will give Forged the ability to expand their business in line with Whistler's Official Community Plan and continue to offer a 5 Star experience.

Whistler is in need of more indoor recreation activities for our wide range of traveler types and residents. The OCP has stressed the need for weather-independent tourism attractions and that the RMOW should invest and support business that promote year-round tourism for Whistler. In addition to the OCP, a new Tourism Whistler Night-Time Entertainment report states: "night-lifers want a diverse night-time entertainment offering" and "would like to see recreational venues in Whistler offering experiences like bowling and games in a social atmosphere with food and beverage."

The Whistler Community
Whistler, BC V8E-0H7

Dear RMOW,

I am writing to express my wholehearted support for Forged Axe Throwing and their proposed Liquor Primary Licence. The proposed licence will allow Forged to serve alcohol from 11:00 am to 1:00 am seven days a week.

Since opening in early 2017, Forged has become a must-see attraction in Whistler. It continues to provide endless entertainment to travellers and residents alike, rain or shine. This Liquor licence will give Forged the ability to expand its business in line with Whistler's Official Community Plan and continue to offer a 5 Star experience.

Whistler is in need of more indoor recreation activities for our wide range of traveller types and residents. The OCP has stressed the need for weather-independent tourism attractions and that the RMOW should invest and support businesses that promote year-round tourism for Whistler. In addition to the OCP, a new Tourism Whistler Night-Time Entertainment report states: "night-lifers want a diverse night-time entertainment offering" and "would like to see recreational venues in Whistler offering experiences like bowling and games in a social atmosphere with food and beverage."

For the reasons stated above, I am in full support of Forged Axe Throwing's Liquor Primary Licence Application. Businesses like Forged create a diverse tourism offering for Whistler, rain or shine.

Sincerely,

Additional comments:

Forged Axe Throwing, since its opening, has donated to Zero Ceiling and its participants. Forged has provided countless hours of free pro-social activities to the marginalized young adults in our program. We are proud to support them in these efforts. Whistler could use more socially conscious businesses like Forged.

March 4, 2020

Planning Department

Resort Municipality of Whistler
4325 Blackcomb Way
Whistler, B.C. V8E 0X5

To Whom It May Concern,

On behalf of Tourism Whistler, I would like to express support for Forged Axe Throwing in its recent application for a new liquor primary license.

Forged Axe Throwing is a member in good standing of Tourism Whistler, and works closely with a variety of Tourism Whistler departments to provide quality experiences and service to Whistler visitors and clients.

The application by Forged Axe Throwing to provide liquor service in addition to its regular activity operation is supported by visitor feedback as well as global and North American industry and research trends, which indicate consumers are seeking unique, participatory activities that overlap with traditional food and beverage service. By expanding its licensing to include beverage service, we feel that Forged Axe Throwing is addressing a visitor need, and will add to the overall visitor experience for its patrons.

We also consider business innovation, such as this application request, essential to supporting a sustainable, weather-independent and vibrant year round tourism economy. We welcome and encourage our member businesses to invest in improving and evolving their visitor experience, which in turn improves the overall resort experience now and in the future.

Sincerely,

A handwritten signature in blue ink that reads "Katie Williamson".

Dear RMOW Planning Department,

As a patron of Forged Axe Throwing and resident of Whistler, I would like to extend my full support to Forged in their application for a liquor primary licence at 1208 Alpha Lake Rd.

Forged Axe Throwing has been a great addition to the recreation community and I'm excited about this expansion of their services.

Sincerely,

Name:

KEVIN WINTER
