To Mayor and Council:

As a lifelong visitor to the Whistler Creekside area, I am thrilled to see in the July 7 RMOW Council meeting that the motion was accepted to develop a renaming process for Squaw Valley Crescent.

I know that requests have been made to the council to change this disrespectful street name for many years. I hope that the council will partner with the Squamish and Lil'wat Nations in renaming this street to something more appropriate for our community.

Warm regards,
Jackie Copland
