**Subject:** No Mailing Address

Dear Mayor and Council,

You will note that my last email doesn't contain my mailing address. There is a specific reason. Recently West Vancouver eliminated that requirement after my son was targeted by a person on the other side of the B-line issue.

I suggest that in a small community like Whistler the same policy should be in place. In any event, email is a more reliable form of communication these days.

Regards,

Fred Rowan

PS. We are still a long way from Functin Junction.
