Dear Mayor and Council,

I am writing you to remind you about the regular traffic disaster south of Whistler. Normally I plan my trip to avoid this and I am sure most of you do the same. That doesn't help the poor day trippers that would like to enjoy a day in Whistler. Please fix this problem. How about a reversible centre lane? In any event please do something about this massive waste of time and fuel.

Thanks very much,  
Fred Rowan
