Dear Mayor & Council,

I support Whistler Wood Fired Pizza Company to operate in Alpine Meadows. During the COVID 19 pandemic, could we not issue Korey & Tess Klein a temporary permit to operate in our neighbourhood? The system they have set up online for ordering/payment is excellent & very safe. We are all doing our part to stay home; being able to walk down the street & pick up a pizza a few days a week has been a wonderful experience during these difficult times.

Thank you,
