Subject: Asphalt Plant

Dear Council,

I urge you to keep the current policy regarding the purchase of asphalt in place. Cheakamus Crossing has been very poorly treated by two levels of government when it comes to the asphalt plant over the years. To try to mitigate the impact on the quality of life there the council of the day promised to use our purchasing policy to the extent we could to minimize asphalt production at that plant. Nothing has changed. In fact it could be argued that by focussing population growth of full time residents in that neighbourhood it is even more compelling to try to minimize asphalt production at Cheakamus Crossing. Thank you for your consideration of this view.

Regards,

Nancy Wilhelm-Morden
