**Subject:** White Gold utility underground project

Dear Mayor and Council,

I am writing this as one of the original taxpaying members of the White Gold community.

In concert with many other members of this community I am concerned about the apparently unknown costs (estimated only) ultimately related to this project and my affordability with annual property tax increases. The thought of being forced to sell my home is frightening.

I request that you consider my concerns in your ultimate decision in respect to this project. I am NOT in favour of this project, Please acknowledge receipt of this email. Thank you.

Sincerely,  
Ortrun Seger  
7304 Fitzsimmons Rd S
