

Resort Municipality of Whistler

November 24, 2020

Dear Mayor and Council

I am a resident of White Gold. 7324 Fitzsimmons South.

I am writing to express my support for the undergrounding project recently approved by a majority of residents and Council. This is an excellent project. Progressive. Supported by the utilities company. Construction while the road is dug up for other reasons. It will make the neighborhood more beautiful and safer. Let's do it!

Thank you

John Rooney
