

## Official Community Plan References

The following are the goals, objectives and policies from the RMOW's Official Community Plan that are relevant to the Whistler Age-friendly Assessment and Action Plan project:

5.3. Goal – Promote a diversity of housing forms, tenures, residential uses and densities to support the resort community's needs.

5.3.1. Objective – Encourage flexibility and adaptability in residential land uses.

5.3.1.3. Policy – Encourage a diversity of housing types and tenures (rental and ownership) responsive to the needs of all age groups and family types, including singles, couples, young adults and families, seasonal residents, people with disabilities and seniors, and to support their transition through different housing types as their needs change.

8.10. Goal – Support the health and well-being of Whistler's youth, young adults and seniors, as well as their active participation in the resort community.

8.10.2. Objective – Promote initiatives for seniors that support their health, well-being and ability to be a valued part of the community.

8.10.2.1. Policy – Encourage services, programs and facilities that support the health and social needs of seniors, with a focus on cultural and recreational opportunities and social programs tailored to the needs of Whistler's seniors.

8.11. Goal – Strive to ensure community health and social services and facilities meet the physical, mental, spiritual and social needs of residents and visitors.

8.11.1. Objective – Engage with service providers and the community to maintain and coordinate high quality services with a particular focus on the needs of those who are most vulnerable.

8.11.1.7. Policy – Work with relevant agencies and stakeholders to assess the need and delivery strategies for adult and senior care facilities and services in the resort community, including those focused on mental health and assisted living.

9.7. Goal – Strategically plan, engage, design and monitor significant recreation and leisure initiatives.

9.7.4. Objective – Strategically design recreation and leisure infrastructure.

9.7.4.3. Policy – Ensure infrastructure is universally accessible where possible, accommodating the functional needs of all individuals, including children, adults and seniors and those with visual, mobility or cognitive challenges.
