GRANT INFORMATION

1. Purpose of Grant:

Explain in detail how the funding will be spent. Please refer to Council Policy A-7 Community Enrichment Program, available at www.whistler.ca/cep for funding criteria and eligibility. Please be as concise as possible using the space below.

The Whistler Institute is a registered non-profit society with Charitable status focused on facilitating and creating learning opportunities to enhance the Whistler community. An Executive Director (ED) works to fulfill the goals of the business plan. This application is for 2 purposes:

- 1) To support the salary of the sole year-round member of staff, the ED, who manages the operations of the organization. The core activities of the ED are to: a) develop a diverse, year-round program of courses for local and visiting learners; b) network and partner with the Whistler community and educational institutions; c) promote learning as pillar of the Whistler brand; d) use a 'concierge service model' to connect teachers and students with purveyors of services in Whistler; e) create a virtual campus for teachers and students using Whistler's infrastructure.
- 2) To hire an organization to design and develop a replacement website to: a) improve communication about the activities, events, and programs of the Whistler Institute and the organizations it supports; b) improve the registration for, and delivery of, online events and programming; and c) reflect the recent society name change from Whistler Learning Centre to Whistler Institute.

2. Is This a New Program or Activity?

If yes, what are your targets and goals for this program/activity?

The Whistler Learning Centre has been developing lifelong learning opportunities for the benefit of the community since 2015, changing name to the Whistler Institute in January 2020. The goals for 2021 are to grow the speaker series, launch an online version of the Indigenous & Intercultural awareness course, deliver 6+ accredited Business and Leadership courses, facilitate the delivery of 4+ Environmental courses, finalize and deliver peer support and life skills programs to support mental health in Indigenous communities, coordinate the creation of an ITA Professional Cook Training Program in the S2S region, develop a new website to support programming, continue to raise the profile of educational offerings in the Whistler area, and deliver a concierge service to host post-secondary courses in Whistler.

3. Current Year Highlights and Community Benefits:

Detail the specifics of activities and community benefits your organization provides.

2021 activities will benefit the community in the following ways: the 'Global Perspectives' speaker series brings thought leadership to Whistler to engage and inform residents and visitors on global themes that will impact Whistler. Indigenous cultural awareness and wellness programs will build stronger relationships between Lil'wat and Whistler communities, improve mental wellness in Indigenous communities, develop the local workforce. Accredited Business & Leadership (BCIT) and Environmental (VIU, UNBC) courses and ITA Cook training provide professional development for local workforce, increase staff retention, remove travel & time cost barriers to post-secondary education, provide access to local accredited education. A continued concierge service for educators supports sustainable diversification of the local tourism economy and provides professional development, general interest, and accredited education opportunities to local residents and visitors. Promotion of local educational opportunities through a new website will support local service providers and assist individuals in identifying programming to achieve their learning goals.

COMMUNITY PERFORMANCE INDICATORS

Please list how your organization may improve Community Performance Indicators:

First, please visit <u>www.whistler.ca/monitoring</u> to learn about the five priority areas of <u>Whistler's Community Performance Indicators</u> (CPI):

- 1. Enriching Community Life
- 2. Enhancing the Resort Experience
- 3. Protecting the Environment
- 4. Ensuring Economic Viability
- 5. Partnering for Success

Secondly, identify how your grant (or organization) may improve any CPIs described in the five areas listed above.

Note: Each priority listed above has numerous areas of measurement to choose from and all are listed with their existing statistical trend at www.whistler.ca/monitoring

Example: This grant addresses the priority of "Enriching Community Life" because it improves <u>personal health</u> <u>status</u>, a <u>sense of belonging</u> and increases <u>resident volunteer rates</u>. Specifically, this is because...

The activities of the Whistler Institute are enriching community life by providing access to enhanced learning opportunities. These learning opportunities: support and develop the workforce with access to locally delivered accredited programs; contribute to ensuring economic viability by increasing the level of education of local residents; support sustainable diversification of the local tourism economy; and nurture and promote a learning culture.

Through partnerships the Whistler Institute provides bursaries to remove financial barriers to education to make learning accessible to everyone.
