

# COVID-19 Restart Funding for Local Governments

## Strengthening Communities' Services

### 2021 Program & Application Guide

#### 1. Introduction

---

The Government of Canada and the Province of British Columbia are providing \$540 million in shared funding to local governments under the Safe Restart Agreement to manage the impacts of the global COVID-19 pandemic. These investments will help to protect public health and safety, prepare for potential future waves of the virus, and further support the safe reopening of economies.

#### Strengthening Communities' Services Program

The COVID-19 pandemic has led to an increase in the visibility of unsheltered homelessness in many communities, and related community health and safety challenges.<sup>1</sup> Many local governments and Treaty First Nations, despite already experiencing pressures on revenues and staff capacity, have responded to these challenges with a variety of services, infrastructure, and coordination with health authorities and social sector service providers.

Some of society's most vulnerable members face challenges that have worsened in the context of COVID-19. This includes groups that are more likely to experience homelessness and are more vulnerable to the health and safety risks associated with living unsheltered, such as Indigenous people, women, and gender diverse people. People who lack adequate housing are more likely to suffer from a range of health challenges, including mental health and substance abuse issues, and are highly vulnerable to COVID-19.

Within the Safe Restart funding, \$100 million is being delivered through the Strengthening Communities' Services Program, which aims to support unsheltered homeless populations and address related community impacts through an application-based program. The goal of this program is to support local governments and Treaty First Nations that wish to take action, understanding that this will complement parallel provincial efforts. This program is meant to bridge the period between the COVID-19 outbreak and the post-COVID recovery period. The funding is being administered by UBCM on behalf of the Province and the Government of Canada.

#### Intended Outcomes

The intent of the Strengthening Communities' Services program is to assist local governments and Treaty First Nations with:

- Improved health and safety of unsheltered homeless people living in public or private spaces, including reduced risk of COVID-19 or other disease transmission;
- Reduced community concerns about public health and safety in neighbourhoods where unsheltered homeless populations are seeking temporary shelter and services;

---

<sup>1</sup> [Homeless Hub's definition of homelessness](#) describes a range of physical living situations. Unsheltered homelessness refers to "people who lack housing and are not accessing emergency shelters or accommodation, except during extreme weather conditions." This includes people living in public or private spaces without consent (parks, sidewalks, squares, vacant buildings, lots, etc.) and people living in places not intended for permanent human habitation (vehicles; garages, attics or buildings not designed for habitation; makeshift shelters, shacks or tents).

- Improved coordination among eligible applicants and health/social service providers, Indigenous organizations and others working on housing, homelessness and service provision; and;
- Increased capacity of eligible applicants to work with homeless persons and Indigenous organizations towards culturally safe and trauma-informed responses.

## 2. Eligible Applicants

---

All local governments (municipalities, regional districts, and the Islands Trust) and Treaty First Nations (as defined by the *Interpretation Act*) in BC are eligible to apply.

Eligible applicants can submit one application per intake, including regional applications or participation as a partnering applicant in a regional application.

## 3. Funding Guidelines

---

The Strengthening Communities' Services Program can contribute up to 100% of the cost of eligible activities.

It is recommended that eligible applicants follow the Funding Guidelines below. Funding permitting, applications for projects that exceed the Funding Guidelines may be considered for funding provided that applicants are able to demonstrate evidence of need in the community and provide a rationale for the request. If the total funding request exceeds the available funding, applicants that have requested additional funds may be asked to reduce their funding request.

**Table 1: Funding Guidelines**

Population (based on 2019 BC Stats Population Estimates)	Funding Guideline
Under 5,000	\$200,000
5,000-40,000	\$450,000
40,000-75,000	\$1,250,000
75,000-200,000	\$2,500,000
200,000-500,000	\$3,500,000
500,000 or greater	\$10,000,000

In order to ensure transparency and accountability in the expenditure of public funds, all other financial contributions for eligible portions of the project must be declared and, depending on the total value, may decrease the value of the grant. This includes any other grant funding and any revenue that is generated from activities that are funded by the Strengthening Communities' Services Program.

## 4. Eligible Projects

---

To be eligible for funding, applications must demonstrate that proposed activities meet one or more of the intended outcomes of the program (see Section 1), and all of the following:

- Demonstrate evidence of need in the community (e.g. unsheltered homeless population estimates, housing needs report, community concerns about public health and safety) and provide a rationale for how these issues have been exacerbated by COVID-19;
- Provide temporary solutions that address increased urgent and immediate needs related to unsheltered homelessness and do not create ongoing long-term financial obligations that will not be supported by the applicant;

- Include new activities or expansion of existing activities with costs incurred after September 17, 2020;
- Be capable of completion by the applicant within one year of the date of grant approval.

Applicants must choose to apply as a single applicant (i.e. an individual local government as identified in Section 2) or as part of a regional project.

### **Regional Projects**

Funding requests from two or more eligible applicants for regional projects may be submitted as a single application for eligible collaborative projects. In this case, the maximum funding available would be based on the combined funding guidelines of each of the eligible applicants included in the application. It is expected that regional projects will demonstrate cost-efficiencies in the total grant request.

The primary applicant submitting the application for a regional project is required to submit a resolution as outlined in Section 7 of this guide. Each partnering applicant is required to submit a resolution that clearly states their approval for the primary applicant to apply for, receive, and manage the grant funding on their behalf.

## **5. Requirements for Funding**

---

As part of the approval agreement, approved projects must meet the following requirements for funding:

- Any in-person activities, meetings, or events meet physical distancing and other public health guidance in relation to COVID-19.
- Activities must comply with all applicable privacy legislation under the *Freedom of Information and Protection of Privacy Act* in relation to the collection, use, or disclosure of personal information while conducting funded activities. Personal information is any recorded information about an identifiable individual other than their business contact information. This includes information that can be used to identify an individual through association or inference.

In addition, as part of both the development of the application package and the delivery of the approved project, local governments are encouraged to engage with local First Nations and Indigenous organizations. Engagement by local governments both locally and regionally can help build relationships with First Nations, benefit both communities and enhance reconciliation. More information on engagement best practices is available [here](#).

## **6. Eligible & Ineligible Costs & Activities**

---

Eligible costs are direct costs that are approved for funding, properly and reasonably incurred, and paid by the applicant to carry out eligible activities. Eligible costs can be incurred after September 17, 2020 to the date of submission of the final report.

Table 2 identifies examples of activities that are eligible for funding. Other activities that support the intent of the program may be considered for funding. Eligible activities must be cost-effective.
