

**March 24, 2021**

To Whom It May Concern,

The Whistler Public Library would like to lend our voice of support to the Resort Municipality of Whistler in the administration of the UBCM Communities' Strengthening Grant for 2021 and the proposed activities outlined in the application.

As a neutral and inclusive community hub, the library plays an integral part in the health of the Whistler community, and we are enthusiastic to collaborate and support programs and projects that promote the well-being of all members of our community. The library has a long history of partnership with Whistler's social service providers in support of our community's most vulnerable individuals and families, and we appreciate the trust given to us by those seeking help and those providing help to facilitate connection; the library welcomes any opportunities to further solidify this role.

Sincerely,

A handwritten signature in cursive script that reads "Elizabeth Tracy".

Elizabeth Tracy
