

Hello Mayor and Council,

I am writing in regards to the opening of the Rainbow daycare. My family is in desperate need of this opening. I have not been able to return to work at the Whistler Womens centre, I took extended maternity, which finished in June. I could still not go back then, as I have been waiting on the daycare to open, which was projected for September. I do now have to go back to work in September. My husband owns a business in town and we will be struggling to manage until the daycare opens. I have not been able to find a trusted babysitter who could fill in for us permanently. It will be a lot of juggling. I know you can imagine the financial and mental stress this will cause our family.

Is there a way for their permit to be expedited, as it is such a high priority for our Whistler families?

We received an email from the Owner last night saying that the projected date is sometime in October. I can not see how this will even happen with staff shortages in Construction as well.

Is there a way to make anything come together faster? Our Whistler families are begging to get back to work!

Thank you,

Allison Hunter
