

To Mayor & Council,

I am writing to you today regarding the Get Active program for Grade 5/10 that was scheduled to run from Nov 1 2020 to October 31 2021.

I support this program full-heartedly, the benefits can be life changing & as I understand your intention was to encourage positive life-long habits & I've experienced that first-hand.

As a large portion of the timeframe was affected by Covid disruptions, I was wondering if you would consider extending the program for the 2020/2021 Grade 5/10's for another year?

Our whole town / world has been disrupted in all manner of ways & I feel that if you could I extended this program those kids could reap the full benefits of this incredibly valuable initiative.

Kind Regards
