

Mayor and Council

The executive of the Whistler Seawolves would like to submit the following letter of thanks to Council.

As the Whistler Seawolves begin a new season, the executive, parents, coaches, and kids of the Whistler Seawolves Swim Club would like to extend our profound thanks to the staff of the Meadow Park Sports Centre for their support during the past year. Jon Pollard, Petra Grier, Roger Weetman, and the staff at Meadow Park worked with our club to help us navigate the restrictions placed upon us due to Covid 19. With each change – and there were many, many, changes throughout the year – the staff worked tirelessly with the club to help provide a safe environment that allowed us to offer a swim program and some level of normalcy and consistency to 55 local kids in a very strange year. Thank-you for keeping us going through it all! We look forward to another excellent year.
