

Dear mayor and council

My name is Jake greenhalgh, I am a local small business owner and I would just like to enquire about the stalls I have seen at the entrance to Alpha Lake Park? I would also like to enquire about the opportunity to set up a stall or rent a space for a weekend in the village to be able to sell some of my products, I was due to set up at a couple festivals in the coming months but due to changing restrictions they have all be postponed and most likely will not go ahead now. Due to this fact I have put in a lot of work in preparation for this and would love to have some kind of outlet that would enable me to put to use the time and energy I have spent in preparing for these events. The ability to have a stall just for a day on the weekend would help my business exponentially in terms of exposure to a wider local audience. I mainly produce clothing but also have other products like a snowboard bench, etched glasses and whistler related prints. I would like to know who I need to contact in regards to getting permission to set up a stall or if there are any local landlords I could speak to about setting up a pop-up shop in one of the disused or closed village shop spaces, in or outdoors. I am aware of other local clothing companies and I'm sure if there was some kind of solution to this we could put in a collaborative effort to promote some local businesses in the form of a small event.

Below I have added a link to my website and instagram page -
