

September 1, 2021

Dear Mayor and Council,

I am writing this letter in support of implementing speed bumps and signage (30km/hr, Traffic Calmed Area, etc.) on Alpine Way. I live close to the intersection of Drifter Way and Alpine Way and I am often shocked at the speed with which vehicles come up and down Alpine Way.

I am aware that a bylaw will be passed on September 7th, 2021 decreasing the speed limit on all municipal roads in Whistler from 50km/hr to 30 km/hr; however, I believe that this will be ignored by drivers and it will be difficult to enforce. The only one enforceable deterrent that will slow drivers down is installing speed bumps, as they are a physical obstacle to speed.

I encourage council to install speed bumps on Alpine Way.

Sincerely,

Joan Richoz
