

Hi there,

I'm reaching out on behalf of the team at 4-H Canada to inquire about lighting the Fitzsimmons Creek Bridge in green on November 3, 2021 for Show Your 4-H Colours Day.

For more than 100 years, 4-H has been one of the most well-respected youth-service organizations in Canada. 4-H has given youth opportunities to "Learn To Do By Doing" through a dedicated group of volunteer leaders and mentors who deliver world-class positive youth development programming in the areas relevant to today's youth.

Every November, the Show Your 4-H Colours campaign encourages 4-H members, leaders, alumni, and supporters alike to don their 4-H green and come together to spread awareness of 4-H and support the positive impacts the 4-H program is making in Canada and abroad. This celebration highlights the incredible things 4-H youth are doing in their communities and how the 4-H program is creating responsible, caring, and contributing young leaders.

You can find more information about this year's campaign at <https://showyour4hcolours.ca/>.

The Fitzsimmons Creek Bridge has previously joined in the celebration by lighting in green in November 2018, and our 4-H community would love to see the bridge illuminate again this year. If confirmed, we'll promote your participation on our website and on our social media channels. You can find us as @4hcanada on all social media channels and will be using the hashtag #ShowYour4HColours.

Thank you,

Zachary Rees
